Les Perses - Eschyle, 2000

Devant le palais du roi de Perse, le Conseil et la vieille Reine sont gagnés par l'inquiétude : qu'est-il advenu de Xerxès et de son armée, partis soumettre la Grèce en franchissant audacieusement l'Hellespont ? Mais voici un messenger, qui s'en vient annoncer l'issue des combats... Avec *Les Perses*, Eschyle compose une tragédie unique et paradoxale : en prise sur l'histoire immédiate, presque sans action, elle se déploie en un somptueux tissu de récits et de plaintes, et la joie du vainqueur y balance subtilement la compassion pour le vaincu.

Egypt and Cyprus in Antiquity - D.

Michaelides 2009-10-30

The international conference "Egypt and Cyprus in Antiquity" held in Nicosia in April 2003 filled an important gap in historical knowledge about Cyprus' relations with its neighbours. While the island's links with the Aegean and the Levant have been well documented and continue to be the subject of much archaeological attention, the exchanges between Cyprus and the Nile Valley are not as well known and have not before been comprehensively reviewed. They range in date from the mid third millennium B.C. to Late Antiquity and encompass every kind of interconnection, including political union. Their novelty lies in the marked differences between the ancient civilisations of Cyprus and Egypt, the distance between them geographically, which could be bridged only by ship, and the unusual

ways they influenced each other's material and spiritual cultures. The papers delivered at the conference covered every aspect of the relationship, with special emphasis on the tangible evidence for the movement of goods, people and ideas between the two countries over a 3000 year period.

Literary Currents and Romantic Forms - Stephen
M. Trzaskoma 2019-04-06

Bryan Reardon (1928-2009) was one of the most important and influential figures in the revival of scholarly interest in the Greek novel and ancient fiction in the last quarter of the twentieth century. His organisation of the first International Conference on the Ancient Novel (ICAN) at Bangor, North Wales, in 1976 was a landmark in the field and an inspiration to the organisers of subsequent ICANs, from which Ancient Narrative itself sprang. As editor of *Collected Ancient Greek Novels* (University of California Press 1989; second edition 2008), he made the Greek novels accessible to a wider readership and won a place for them in university syllabuses across the English-speaking world. This volume contains twenty essays by leading scholars of ancient fiction,

who were all pupils, colleagues or close friends of Bryan Reardon, in memory of his scholarship, energy, guidance and humanity. They cover a range of topics including ancient literary theory and the conceptualisation of fiction, discussion of individual novels (Chariton, Longus, Iamblichus, Achilles Tatius, and Apuleius) and novelistic texts (a papyrus fragment of a lost novel, and Philostratus' *Life of Apollonius*), the afterlife of the ancient novel (in a Renaissance commentary on Roman law, in a seventeenth-century essay on the origin of the novel, and in a seventeenth-century series of paintings in a French château), and a speculative reconstruction of the morning after the end of Heliodorus' novel. The title of the volume commemorates two of Bryan Reardon's most important books: *Courants littéraires grecs des IIe et IIIe siècles après J.-C.* (Paris 1971) and *The Form of Greek Romance* (Princeton 1991); and the photograph of Aphrodisias on the front cover is a tribute to his critical edition of Chariton

(2004).

Conceptions of Time in Greek and Roman Antiquity - Richard Faure 2022-06-06

This collection of articles is an important milestone in the history of the study of time conceptions in Greek and Roman Antiquity. It spans from Homer to Neoplatonism. Conceptions of time are considered from different points of view and sources. Reflections on time were both central and various throughout the history of ancient philosophy. Time was a topic, but also material for poets, historians and doctors. Importantly, the contributions also explore implicit conceptions and how language influences our thought categories.

Incestuous and Close-kin Marriage in Ancient Egypt and Persia - Paul John Frandsen 2009

For both ancient Egypt and Iran, as a cultural feature, incestuous relationships are usually dismissed on the grounds that they are only found as the exception, being allowed for royalty as representatives for the divine on earth, or that the evidence for such relationships are unreliable. Neither view, from the perspective of this study, is tenable. This work examines the evidence for marriage and sexual relations between siblings, and between a parent and child, in ancient Egypt and pre-Islamic Iran. The book restricts its examination to incestuous relationships between members of non-royal nuclear families and puts forth arguments against the generally held axiom that the prohibition of incest is a universal phenomenon.

Manichaeism and Early Christianity discusses where and how Gnostic Manichaeism interfered not only with other forms of Gnosticism, but above all with a number of writings and representatives of mainstream Christianity during the early centuries of our era.

Les Perses - Aeschylus 2000-01-01

472, année fondatrice : Eschyle remporte à Athènes le concours tragique avec les Perses. La tragédie la plus ancienne de toute l'histoire du théâtre, et la plus jeune par sa vigueur et son audace, ne se déroule pas dans quelque rêve habité par les héros d'une mythologie intemporelle, mais au cœur de l'Orient barbare, à l'automne 480, dans l'attente anxieuse de nouvelles du Grand Roi Xerxès, parti avec cinq millions d'hommes pour conquérir la Grèce : le destin de deux continents se joue à la bataille navale de Salamine. Avec, dans les rôles principaux, la reine-mère Atossa, un Messager, l'Ombre du roi défunt Darios, puis le vaincu, Xerxès. Et le Chœur des Fidèles, vieux

conseillers rangés et chamarrés comme sur les bas-reliefs de Persépolis, pour chanter la crainte et bientôt la douleur.
