James Herriot: The Life of a Country Vet - Graham Lord 2012-11-22

Alf Wight, a modest Scottish writer, better known as James Herriot, wrote books that became worldwide best sellers, films, audiobooks, and a much-loved television show. In *The Life of a Country Vet*, Graham Lord has written a detailed and affectionate biography of this remarkable man. Lord carefully documents Wight's life, beginning with his childhood in Glasgow and his years in veterinary college. Following his development as a writer, the source of his pen name, and his struggles to get published. Along the way, we encounter some extraordinary events and hidden tragedies in this seemingly magical life. Millions of fans laughed and cried at Wight's delightful stories of life as a vet. Lord reveals that some of the stories were utterly true, and some were utterly fictional. He illuminates the real relationships between the memorable characters that inhabit the books. This warm yet insightful portrait by Lord - who knew his subject very well - will be enjoyed by Wight's myriad of fans. It also dispels the myths that have grown around the life of one of the most famous and deeply loved vets the world has known.

Teaching English as a Foreign Language, 1912-1936: Lawrence

Faucett - Richard C. Smith 2003

Following the Second World War, the British Council, along with British publishers and universities, began to take a serious interest in English as a foreign language teaching ('ELT') and the UK soon gained a dominant role in the development and export of teaching approaches and materials. This set includes the works of neglected theorists such as Horace Wyatt, who indicated that English can be taught through the mother tongue as well as 'directly', and Michael West, whose emphasis on the educational value of teaching reading 'in difficult circumstances' has often been ignored in favor of the more utilitarian, spoken-language approach to ELT.

Teaching the Dog to Think - Kimberly Davis 2011

TEACHING THE DOG TO THINK is Kimberly Davis' engaging memoir about her crash introduction to the sport of dog agility-with its jumps, tunnels, balance beams and weave poles. An award-winning poet and blogger, Davis vividly describes her frustrations trying to get her dog to "mind." We then watch as her first steely-eyed agility coach shames her into giving up choke collars and scruff shakes in favor of the "positive" training methods used by agility instructors. Davis' breezy, often humorous account shows how these new techniques allow her to communicate with the "alien" mind of a dog. Also how they transform her unruly yearling collie, Willow, into a loyal, hardworking teammate. Davis ultimately carries the lessons she has mastered in dog training class into other areas of her life, particularly into parenting and teaching creative writing. In the end, this memoir becomes a soul-searching exploration of how to get others to do what we want without bullying or cruelty-by using our heads and forcing ourselves to be a little smarter. A subtly subversive book about dealing responsibly with those less powerful than ourselves, Teaching The Dog To Think speaks not only to dog lovers, but also to anyone who has ever felt helpless, angry, or frustrated as a parent, teacher or pet owner. "You MUST read this book if you have children or pets, and want to change their behavior without coercion "--Richard McManus, Founder and President, The Fluency Factory "An interesting story of how switching to clicker training vastly improved one agility fan's dog and also changed her own approach to family life."--Karen Pryor, author of Don't Shoot the Dog and Reaching the Animal Mind "A wonderful entry point for anyone learning about these important new methods for teaching skills and enhancing creativity."--Catherine S. Mayes, Independent Autism Advocate and Autism Project Advocate, Massachusetts Advocates for Children

The Most Beautiful Woman in Town - Charles Bukowski 2013-06-15

These mad immortal stories, now surfaced from the literary underground, have addicted legions of American readers, even though the high literary establishment continues to ignore them. In Europe, however (particularly in Germany, Italy, and France where he is published by the great publishing houses), he is critically recognized as one of America's greatest realist writers. "Collections such as *The Most Beautiful Woman in Town* (1983) . . . showcase Bukowski's impressive narrative and creative abilities in stories that most often take place in bars and dingy apartments but are not simply about sex and alcohol. They're about staying alive in a world where the only choice for the majority of us is to face a firing squad in an office every day—the post office, in Bukowski's case—or maintain a commitment to creativity as we struggle to pay for food and a meager place to live." —Adam Perry, Santa Fe Reporter Charles Bukowski was born in Andernach, Germany on August 16, 1920, the only child of an American soldier and a German mother. At the age of three, he came with his family to the United States and grew up in Los Angeles. He attended Los Angeles City College from 1939 to 1941, then left school and moved to New York City to become a writer. His lack of publishing success at this time caused him to give up writing in 1946 and spurred a ten-year stint of heavy drinking. After he developed a bleeding ulcer, he decided to take up writing again. He worked a wide range of jobs to support his writing, including dishwasher, truck driver and loader, mail carrier, guard, gas station attendant, stock boy, warehouse worker, shipping clerk, post office clerk, parking lot attendant, Red Cross orderly, and elevator operator. He also worked in a dog biscuit factory, a slaughterhouse, a cake and cookie factory, and he hung posters in New York City subways. Bukowski published his first story when he was twenty-four and began writing poetry at the age of thirty-five. His first book of poetry was published in 1959; he went on to publish more than forty-five books of poetry and prose, including *Pulp* (Black Sparrow, 1994), *Screams from the Balcony: Selected Letters 1960-1970* (1993), and *The Last Night of the Earth Poems* (1992). City Lights Publishers have published more of his works including *Absence of a the Hero*, *Portions of a Wine-Stained Notebook*, *Notes of a Dirty Old Man*, *Tales of Ordinary Madness*, and *The Bell Tolls for No One*. He died of leukemia in San Pedro on March 9, 1994.

Mick - Suzanne Falkiner 2016-02-01

Randolph Stow was one of the great Australian writers of his generation.

His novel *To the Islands* — written in his early twenties after living on a remote Aboriginal mission — won the Miles Franklin Award for 1958. In later life, after publishing seven remarkable novels and several collections of poetry, Stow's literary output slowed. This biography examines the productive period as well as his long periods of publishing silence. In *Mick: A Life of Randolph Stow*, Suzanne Falkiner unravels the reasons behind Randolph Stow's quiet retreat from Australia and the wider literary world. Meticulously researched, insightful and at times deeply moving, Falkiner's biography pieces together an intriguing story from Stow's personal letters, diaries, and interviews with the people who knew him best. And many of her tales — from Stow's beginnings in idyllic rural Australia, to his critical turning point in Papua New Guinea, and his final years in Essex, England — provide us with keys to unlock the meaning of Stow's rich and introspective works.

Wearing Wellies - Garrett Ellis Ryan 2010-04-14

When the author and his wife first met, life was a big blank canvas ready to be painted. After a trip down the aisle, the purchase of the first home together and the adoption of a dog to test the waters before wading into the pool of parenthood, life started to become more about to-do lists and conformity. Their big dreams together began to start with the phrase *Someday we will*. With time no longer on their side, *someday* became *today* when they decided to leave everything behind and move 3,963 miles to London, England, to learn more about the world, themselves, their marriage, and what can happen when you find the courage to take a chance and do something great. On the surface, *Wearing Wellies: A Year of Life & Love in London* is the story of chasing lifelong dreams of queuing for Wimbledon tickets, greeting friends with kisses on both cheeks, close and personal encounters with the Queen, weekend trips to Paris, Italian cooking schools, and walks through the Cotswolds while wearing wellie boots with a dog named Sydney. But the story is really about life-changing relationships that the author and his wife make along the way with new friends who did not dress like them, sound like them, or think like them.

Songs from the Violet Cafe - Fiona Kidman 2014-10-03

Acclaimed by critics as 'beautifully written', 'innovative' and 'profoundly moving', this novel is about the ways we are influenced in early life and can connect to others through shared experience. A woman rows across a lake with a small part-Asian child. The woman is Violet Trench, who in future years will run the Violet Caf with an iron will. Those who work in her caf come from a diverse range of backgrounds, but each with their own troubles and each affected by working for this enigmatic woman. Her influence takes Jessie Sandal on dangerous journeys to the Far East, and to another stretch of water to be crossed with a small part-Asian child. Although the characters go their separate ways, they never forget the flavour of that summer working at the caf, like the secret, surprising allure of the truffle that infused the food there.

My Face Shall Appear on the Banknotes - Eleanor Berry 2018-09-26

This book describes the close friendship between a certain Jack Maguire, a politician, finally to become Prime Minister of Britain, and one Natalie Klein, who is a dishonest, thoroughly amoral, promiscuous hearse-driver. She gets up to endless mischief on the bier rack. The two protagonists come from different backgrounds. Maguire hails from the slums of Toxteth and Natalie comes from a wealthy newspaper family in London. Natalie has a perverse fascination for the dead. Maguire, on the other hand, is consumed by ambition and a desire to become Prime Minister. Maguire's motto, "My face shall appear on the banknotes and my profile will be engraved on the coins" says it all. Natalie goes out of her way to help him become Prime Minister, in return for his kindness towards her, but only by devious means, which are an anathema to him. The story reaches a climax when their paths cross and they fall out. Eleanor Berry is the author of over 20 published books and says her first brush with literature was when she broke windows in Ian Fleming's house at the age of eight. Of Welsh ancestry, she was born and bred in London. Eleanor specializes in black humour and the works of Gorki, Dostoevsky, Gogol, Edgar Allan Poe and James Hadley Chase have strongly influenced her writings. Two of her novels are available in Russian and a third, which she refrains from naming, is being made into a film. This is Eleanor Berry's fifteenth book with The Book Guild. She resides in South-West London.
