Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

*Eine Bibliothek in Paris* - Janet Skeslien Charles 2021-11-15

Bücher sind das Licht in der Dunkelheit, der Hoffnungsschimmer in der Not ... Montana, 1983. Auf der Suche nach Abenteuern lernt die zwölfjährige Lily ihre Nachbarin Odile kennen. Zwischen dem Teenager und der alten Dame entwickelt sich eine zarte Freundschaft. Doch als Lily mehr über die Vergangenheit Odiles herausfindet, stellt sie fest, dass diese unter einem tragischen Geheimnis leidet ... Paris, 1939. Für Odile geht ein Traum in Erfüllung: Sie hat eine Anstellung an der renommierten Amerikanischen Bibliothek in Paris erhalten. Große literarische Werke in Händen halten und dabei den Duft alter Buchseiten einatmen - etwas Schöneres kann sich die Französin nicht vorstellen. Als die Nazis jedoch in Paris einmarschieren, droht Odile alles zu verlieren, was ihr lieb ist. Auch ihre Bibliothek. Gemeinsam mit einigen Mitarbeitern schließt sie sich dem Widerstand an und kämpft mit den besten Waffen, die ihr zu Verfügung stehen: Büchern. Doch dann unterläuft Odile ein fataler Fehler ... Inspiriert von der realen Geschichte der Pariser Bibliothekare, die während des

Zweiten Weltkriegs ihr Leben riskierten - mit Zusatzmaterial zum während Hintergrund im Buch!

*Library Association Record* - Library Association 1990

Proceedings of the 22d-33d annual conference of the Library Association in v. 1-12; proceedings of the 34th-44th, 47th-57th annual conference issued as a supplement to v. 13-23, new ser. v. 3-ser. 4, v. 1.

**Workplace Culture in Academic Libraries** - Kelly Blessinger 2013-02-11

Workplace culture refers to conditions that collectively influence the work atmosphere. These can include policies, norms, and unwritten standards for behavior. This book focuses on various aspects of workplace culture in academic libraries from the practitioners' viewpoint, as opposed to that of the theoretician. The book asks the following questions: What conditions contribute to an excellent academic library work environment? What helps to make a particular academic library a great place to work? Articles focus on actual programs while placing the discussion in a scholarly context. The book is structured into 14 chapters, covering various aspects of workplace culture in academic libraries, including: overview of workplace culture, assessment, recruitment, acclimation for new librarians, workforce diversity, physical environment, staff morale, interaction between departments, tenure track/academic culture, mentoring/coaching, generational differences, motivation/incentives, complaints/conflict management, and

organizational transparency. Includes the most current best practices and models in academic libraries Represents the viewpoints of both the employee and manager Focuses on the academic library as workplace rather than as a service provider

**Developing a Residency Program** - Lorelei Rutledge 2019-04-15

This book provides librarians interested in developing a residency program with practical advice about how to create, manage, and assess such a program. It offers an overview of the history of library residencies, describes the benefits of the program for stakeholders, and addresses components of developing, managing, and assessing the program.

LIS Career Sourcebook - G. Kim Dority 2012

A must-have guide of professional development resources for library staff at every phase of their career--from those just entering the field, to paraprofessionals building a career trajectory, to seasoned librarians looking to explore additional career options. Thousands of students graduate with a Master of Library and Information Science degree every year. Unfortunately, budget cuts at libraries diminish available job opportunities and prompt administrators to hire less qualified--and less expensive--professionals. However, armed with the right information, library science professionals can successfully build and sustain a resilient library and information science (LIS) career inside--or outside--the traditional library setting. LIS Career Sourcebook: Managing and Maximizing Every Step of Your Career provides a chapter-by-chapter overview of key career stages and strategies, and identifies for each the best information resources to help readers develop a successful LIS career. The author lays out the typical stages that workers are likely to encounter as they move through their professional life, highlighting important issues associated with each stage and providing insights and resources for making smart career choices along the way. Covering the entire career lifespan from entry level to retirement, the resources cited will help readers make informed choices about career options, professional development, and personal career satisfaction. A career lifecycle approach to building a career in the library and information

sciences field Practical guidance and resources for every stage of a career Resource annotations detail the importance of a particular source A comprehensive list of resources for further reading

*Emergency Librarian* - 1988

*A Librarian's Guide to an Uncertain Job Market* - Jeannette Woodward 2011-05-12

During these tough economic times, more people are relying on libraries than ever before, even as library funding is being slashed or eliminated altogether. The hard truth is that many seasoned librarians are losing their jobs, and many recent LIS graduates are having a hard time finding one. Being unemployed is potentially devastating; without a clear, well-thought out game plan and considerable attention to their own personal well-being, those affected may find it difficult to recover. In this ALA Editions Special Report, Woodward, a veteran librarian with decades of experience, helps at-risk librarians Prepare for budget crunches by showing them how to develop versatile skills and plan ahead for potential changes in employment Educate themselves about which library positions are being phased out and which will hold steady or expand Adjust their career goals, repurpose their existing skills for non-traditional librarianship, and even search for work in non-library settings This Special Report provides the compassionate guidance and pragmatic support that librarians will need to survive possible career crises and reenter the job market with renewed confidence.

**Pre- & Post- Retirement Tips for Librarians** - Carol Smallwood 2012

Retirement raises many questions, and each librarian's situation is unique. Our skills give us an edge in planning as well as managing our lives after library employment. This collection of essays should be an indispensable part of your retirement toolkit.

**Career Planning and Job Searching in the Information Age** - 1996

**Managing Your Brand** - Julie Still 2015-06-01  
Managing Your Brand: Career Management and Personal PR for Librarians sets out guidelines

for developing career pathways, including options for career change and the exploration of community service, as an avenue that can provide new opportunities. The text allows librarians at all levels to maximize their talents, providing them with career planning strategies that will facilitate professional development and personal satisfaction. Early chapters provide advice and strategies to readers, with later chapters addressing working relationships, librarianship, scholarship, and other forms of service. Addresses career concerns, but also takes family life into account Explains branding as a way of focusing a career around a few key ideas, while also allowing for growth and shifts in interests Folds in sources from the business and general academic world along with librarianship Sets out simple habits people can cultivate that are helpful in tenure and career development

*Technology and Professional Identity of Librarians: The Making of the Cybrarian* - Hicks,

Deborah 2013-11-30

The library profession has changed rapidly in the wake of advanced technologies. Once regarded as the gatekeepers of information found in books, today's library professionals are shifting from a traditional center of attention to a new focus on all areas of information studies.

Technology and Professional Identity of Librarians: The Making of the Cybrarian brings into focus both the positive and negative aspects that technology places on the professional identity of librarians. Highlighting the new methods involved in data management, communication, and Library Information education and research; this book is a necessary means for librarians, students, and researchers to obtain an up to date understanding of what it means to maintain relevancy in the information age.

**Show-me Libraries** - 1975

### **Secondary School Librarian's Survival Guide**

- Jane E. Streiff 1995

More than 450 tips, guidelines, forms, and steps for successfully managing the school library-media center.

*Library and Information Science* - Michael F. Bemis 2014

This unique annotated bibliography is a complete, up-to-date guide to sources of information on library science, covering recent books, monographs, periodicals and websites, and selected works of historical importance. In addition to compiling an invaluable list of sources, Bemis digs deeper, examining the strengths and weaknesses of key works. A boon to researchers and practitioners alike, this bibliography includes coverage of subjects as diverse and vital as the history of librarianship, its development as a profession, the ethics of information science, cataloging, reference work, and library architecture. Encompasses encyclopedias, dictionaries, directories, photographic surveys, statistical publications, and numerous electronic sources, all categorized by subject. Offers appendixes detailing leading professional organizations and publishers of

library and information science literature. This comprehensive bibliography of English-language resources on librarianship, the only one of its kind, will prove invaluable to scholars, students, and anyone working in the field.

Library Literature - 1934

"An index to library and information science".

What Do Employers Want? A Guide for Library Science Students - Priscilla K. Shontz

2012-06-05

A candid, comprehensive, and insightful explanation of what library school students need to do in order to maximize their chances of getting a professional position immediately after graduation.

ALA Bulletin - American Library Association 1963

*Careers in Music Libraries IV* - Misti Shaw

Music librarianship offers meaningful and fulfilling work to people from varied backgrounds. As libraries adapt to everchanging economic, demographic, cultural, and technological landscapes, it is essential for music library workers to possess a keen understanding of what is needed to remain relevant and to thrive. Whether contemplating a new career in music libraries, expanding liaison responsibilities in music, seeking paths for professional development, or feeling eager to reinvigorate a music library career, readers can turn to this book to gain practical and approachable guidance to succeed. In this substantially expanded edition of *Careers in Music Librarianship III*, experienced expert professionals have updated their pragmatic advice and insight from the previous edition to reflect the realities and challenges of today's landscape. Since music library work takes place in both traditional and non-traditional settings, this edition incorporates advice on a wide range of topics not covered in earlier editions, including paraprofessional employment, liaison work, archives settings, and transitions from performance-based careers. Geared toward workers in music libraries, rather than simply to those who are, or aspire to be, librarians, this

volume is intended to support people on an array of potential career paths. All who work in music libraries will find both inspiration and straightforward guidance in this indispensable book.

*The Transformed Library* - Jeannette A. Woodward 2013

Are libraries extinct? In these times of economic downturn and digital availability, what could provide libraries with a reason for being? In order to provide a vital presence on Facebook and Google+, you must provide a true sense of connection with the library's friends.

**New on the Job** - Hilda K. Weisburg 2014-09-22

As if transitioning from library school or a different type of library job into the role of a school librarian wasn't challenging enough, just factor in today's straitened funding environment for the position itself. Librarians new on the job need expert advice on what to expect and how to thrive, and since its publication in 2006 this guide has served as an invaluable resource for the new school librarian. From job search strategies and discovering work philosophy to the nitty-gritty details of creating acceptable use policies, this revised and updated edition, which includes a new foreword from Sarah Kelly Johns, shares the joys and perils of the profession along with a wealth of practical advice from decades of experience in school library programs. With this guide as a roadmap, new school librarians can tackle the job search with confidence, with tips on everything from polishing a résumé and acing a job interview to ways of handling any potentially negative Google results and other digital footprints. Learn the secrets to successfully collaborate with teachers. Navigate new roles and responsibilities through orientation and organization. Create dynamic interactions with students to deepen their learning experiences. Master the art of communicating with the principal, IT experts, and vendors. Become familiar with school library technology, including e-book collections, online databases, and library management

systems. Receive field-tested guidance on daily matters - from budgeting and purchasing to advocacy and programming. The AASL Standards for the 21st-Century Learner, Partnership for 21st Century Skills, and Common Core State Standards are also thoroughly discussed. New school librarians as well as those already in the profession can set the tone for rewarding career with this one-stop, hands-on guide.

*Careers in Music Librarianship III* - Susannah Cleveland 2014-01-01

Music librarianship is a profession that brings joy and satisfaction to many. It is subject to constant change that requires, in turn, continual adaptation from its practitioners so that they become comfortable with new technologies and formats, changing standards, and fresh approaches. Relevant and solid training and education are crucial to success in this field, but they alone are insufficient to guarantee placement or promotion. Recent economic shifts have created additional instability, leaving graduates from programs in librarianship sometimes unemployed and with little feedback about the quality of their experience and education while their employed counterparts likewise have little knowledge of their skills' relevance to the current job market. Knowledge of training, education, and current employer expectations for music librarians can help ease such concerns and pave the way for a successful career or career change. As with the two previous editions of *Careers in Music Librarianship*, this volume provides career resources and guidance for current and future librarians, as well as insights for mentors and educators working with these populations. With this volume, the contributors provide a selection of readings that can help people in and considering this profession to make realistic, informed, and strategic decisions about how to succeed in it. As the profession changes, so must the professionals within it, and everyone involved with music librarianship will benefit from the guidance offered in this exciting, new book.
