How can the answers to these questions inform endeavors to increase and retain church membership? Beyond Duality and Polarization - Paul Koziy
2012-07-13

This book explores an experience-based learning model, the Phenomenal Patterning approach for personal transformation. Rather than traditional prescriptive learning, methods of personal discovery help us understand how the human mind actually functions. Dr. Koziy introduces two modern Zen skills, watching and catharsis, to increase self-awareness.
