**Glimpses of Maine's Angling Past** - Donald A. Wilson 2000

Before airplanes, and with few roads, getting to Maine and the isolated fishing spots that made the state a world famous fisherman's paradise was no small task. Huge resorts and hotels

Downloaded from [report.bicworld.com](http://report.bicworld.com) on  
by guest

peppered the fishing regions, accommodating hundreds, perhaps thousands of sportsmen at any one time. From these lodgings, sports with their guides branched out, taking expeditions and canoe journeys that lasted for days, even weeks, into Maine's wilderness. Only recently have vacationers been transient and as such, have changed the concepts of fishing in wilderness areas forever. Today, the hotels are mostly gone, and people now fish for a few hours to a day or more and then move on. Glimpses of Maine's Angling Past returns to the days when vacationers settled into their camps for whole summers, before the endless acres of timber were dissected by logging roads, and secret, little-known lakes and ponds took days or weeks to reach. This long-anticipated volume includes countless images from the entire state, broken down into eight distinct areas: the Sebago Lakes, the Belgrade Lakes, the Rangeley Lakes, Down East, the Penobscot River Valley, the Kennebec River Valley, the Moosehead Lake

Region, and northern Maine and "the County." Included are rare photographs from lodges no longer in existence and antique sports magazines such as In the Maine Woods and Field and Stream. All of this is complemented by the author's painstaking research and his intimate memories of Maine's sporting history.

Prepare to improve the looks of an artist, magician, fireman, chef, explorer, and dozens of other guys who could benefit from a handlebar, horseshoe, pencil, or other type of moustache.

Smoky Mountain Voices - Harold F. Farwell  
2021-10-21

A stingy man "won't drink branch water till there's a flood," and it is "a mighty triflin' sort o'

man'd let either his dog or his woman starve." Some places are "so crowded you couldn't cuss a cat without gettin' fur in your mouth." For almost thirty years Horace Kephart collected sayings like these from his neighbors and friends in the area around Bryson City, North Carolina. Kephart, a librarian with an interest in languages and in the American Frontier, left his career and his family in midlife to settle in what was at the turn of the century the wilds of the Great Smokey Mountains. An assiduous collector and observer, he compiled twenty-six journals of notes on the folkways and speech of the Southern Appalachians at a time when the region was still largely isolated. Smokey Mountain Voices is a dictionary of Southern Appalachian speech based on Kephart's journals and publications; it is also a compendium of mountain lore. Harold Farwell and J. Karl Nicholas have compiled not only quaint and peculiar words, but jokes and comic exchanges. Many of the "ordinary" words that comprised an

important part of the language of the mountaineers are preserved here thanks to Kephart's meticulous collecting. The editors have incorporated the original quotations with Kephart's definitions and explanations to create a rich source for the study of southern mountain speech. And within the echoes of these Smokey Mountain voices exists some of the joy and fullness of life that Horace Kephart shared and recorded. Smoky Mountain Voices will be of interest to dialectologists, historians of American English, students of regional literature, scholars of folk life, and laypersons interested in Southern Appalachia.

**Secret Teachings of a Comic Book Master** - Heidi MacDonald 2015-09-01

"Alfredo Alcalá is one of the most disciplined and perceptive artists inking in comics. The years of distinguished work have earned Alfredo a special place in comics history." — Gil Kane. In the late 1960s, an extremely talented group of Filipino illustrators took the American comic book industry by storm — and the late Alfredo Alcalá led the way, working for both Marvel and DC on such popular characters as Conan the Barbarian and Batman. This unique work is loaded with amazing art and pointers on observational methods, composition, and other techniques. In addition to insightful interviews with Alcalá, the book features pages from his groundbreaking masterwork, *Voltar*, which was

hailed as a new concept in comic book form, an epic in narrative art, and a milestone in sequential art illustration. Students, professionals, teachers, and fans will treasure this inspiring volume and its insider's look at comic book artistry. "A wonderful look at the thought process of one of the best artist/inkers in comic book history and should be read, not just by comic book fans, but by anyone who appreciates great art." — Rushford Public Library
