**Exploring Economics** - Robert L. Sexton  
2018-12-10

The excitement of learning economics for the first time. The experience of a lifetime of teaching it. The Eighth Edition of Exploring Economics captures the excitement of learning economics for the first time through a lively and encouraging narrative that connects economics to the world in a way that is familiar to students. Author Robert L. Sexton draws on over 25 years of teaching experience to capture students'

attention, focusing on core concepts and expertly weaving in examples from current events and popular culture to make even classic economic principles modern and relatable. The text sticks to the basics and applies a thoughtful learning design, segmenting its presentation into brief, visually appealing, self-contained sections that are easier for students to digest and retain compared to sprawling text. Thoughtfully placed section quizzes, interactive summaries, and problem sets help students check their comprehension at regular intervals and develop the critical thinking skills that will allow them to "think like economists." Combined with a complete teaching and learning package, Exploring Economics is sure to help you ignite your students' passion for the field and reveal its practical application in the world around them. A Complete Teaching & Learning Package Easy LMS Import SAGE coursepacks for instructors makes it easy to import our quality instructor and student resource content into your school's

learning management system (LMS). Learn more. Online Resources SAGE edge for students, the companion website specifically designed for this text, offers a robust online environment with the learning tools and resources students need to succeed. Learn more.

**Fundamentals of Economics Study Guide** -

Downloaded from [report.bicworld.com](http://report.bicworld.com)  
on by guest

William Boyes 1998-12

**Fundamentals of Economics** - William Boyes  
2013-01-29

Designed for the one-term introductory economics course for non-majors, Boyes's FUNDAMENTALS OF ECONOMICS, Sixth Edition, engages students with business decisions of actual, headline-making companies and discusses the economic policies of today's world leaders. The Sixth Edition has been thoroughly updated to reflect the current economic condition in the United States and the world and reflects recent events in the Obama administration, especially in regard to healthcare. The supportive pedagogical framework that guides students through each chapter includes Fundamental Questions, which open and organize the chapter by focusing on three to six key issues, and which then reappear both at point of relevance in the margins and in the end-of-chapter Summary sections; Now You

Try It checkpoint questions that quiz students on important concepts, with answers provided at the back of the book; Recaps at the end of each major section to break material into manageable segments; and end-of-chapter exercises that serve as self-checks for students and as homework assignment options for instructors. A built-in study guide follows each chapter, and provides a more intensive review opportunity for students, with answers provided in an appendix. Most chapters contain four pages of study material consisting of key term match-ups, multiple-choice quizzes, and practice questions and problems. A final section of application problems gives students an opportunity to analyze and synthesize what they have learned. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>.
