The 20th Century - Mary Ellen Sterling 1997-06
A brief overview of the political, economic, social, cultural, scientific, and technological advances of the twentieth century and introduces students to the individuals who made history in each decade. Includes suggested activities.
John Warner National Defense Authorization Act for Fiscal Year 2007 - United States. Congress 2006

The Seventies - Mary Ellen Sterling 1998
The Presidents - Brian Lamb 2019-04-23
The complete rankings of our best -- and worst -- presidents, based on C-SPAN's much-cited Historians Surveys of Presidential Leadership. Over a period of decades, C-SPAN has surveyed leading historians on the best and worst of America's presidents across a variety of categories -- their ability to persuade the public, their leadership skills, their moral authority, and more. The crucible of the presidency has forged some of the very best and very worst leaders in

our national history, along with everyone in between. Based on interviews conducted over the years with a variety of presidential biographers, this book provides not just a complete ranking of our presidents, but stories and analyses that capture the character of the men who held the office. From Abraham Lincoln's political savvy and rhetorical gifts to James Buchanan's indecisiveness, this book teaches much about what makes a great leader - and what does not. As America looks ahead to our next election, this book offers perspective and criteria to help us choose our next leader wisely.

The President as Economist: Scoring Economic Performance from Harry Truman to Barack Obama - Richard J Carroll 2012-06-06
This book provides evaluations of American presidents over the course of 66 years of U.S. economic history, using quantitative data to provide credible, defensible answers to controversial questions like "Whose economic policies were more effective, Ronald Reagan's or Bill Clinton's?" • An appendix provides the official data upon which the rankings are based
When the Center Held - Donald Rumsfeld 2019-06-11
"A personal look behind the scenes" (Publishers Weekly) of the presidency of Gerald Ford as seen through the eyes of Donald Rumsfeld—New York Times bestselling author and Ford's former

Secretary of Defense, Chief of Staff, and longtime personal confidant. In the wake of Richard Nixon's Watergate scandal, it seemed the United States was coming apart. America had experienced a decade of horrifying assassinations; the unprecedented resignation of first a vice president and then a president of the United States; intense cultural and social change; and a new mood of cynicism sweeping the country—a mood that, in some ways, lingers today. Into that divided atmosphere stepped an unexpected, unelected, and largely unknown American—Gerald R. Ford. In contrast to every other individual who had ever occupied the Oval Office, he had never appeared on any ballot either for the presidency or the vice presidency. Ford simply and humbly performed his duty to the best of his considerable ability. By the end of his 895 days as president, he would in fact have restored balance to our country, steadied the ship of state, and led his fellow Americans out of the national trauma of Watergate. And yet, Gerald Ford remains one of the least studied and least understood individuals to have held the office of the President of the United States. In turn, his legacy also remains severely underappreciated. In *When the Center Held*, Ford's Secretary of Defense Donald Rumsfeld candidly shares his personal observations of the man himself, providing a sweeping examination of his crucial years in office. It is a rare and fascinating look behind the closed doors of the Oval Office, including never-before-seen photos, memos, and anecdotes, from a unique insider's perspective—"engrossing and informative" (Kirkus Reviews) reading for any fan of presidential history.

The Handy Presidents Answer Book - David L Hudson 2011-08-01

A complete look at every Presidents' who, what, when, where, why, and, how ... Offering an engaging overview of the U.S. presidency and all past presidents, this valuable tome asks a variety of questions, from the trivial to the topical, that further expands one's understanding of America's highest office. With an intriguing range of questions about religious affiliations, unusual backgrounds, and tidbits of odd trivia—from "Which president killed a man in a duel?" to "Who was the first Baptist to become president?"—this reference also covers former

presidential candidates, first ladies, key appointments, and election results. Revealing important answers to foreign policy questions and decisions made during times of war, as well as presidential actions in times of economic boom and bust, isolationism and expansion, and economic policies and unusual anecdotes, this fun and absorbing anthology provides a thorough overview of more than 200 years of U.S. presidents.

U.S. Presidents Factbook - Elizabeth Jewell 2007-05-08

Up-to-date through the 2004 election, the ultimate resource on the American presidency. Whether students are writing an essay on American history or parents are choosing which candidate gets their vote, the U.S. Presidents Factbook is one of the best resources on presidential history. • Up-to-date with presidents from George Washington to the winner of the 2004 election. This is the only comprehensive and unbiased coverage of more than 200 years of American leadership. • Includes each president's family history, career decisions, notable appointments, major legislative acts, and major successes and failures.

[Focus On: 100 Most Popular 20Th-century American Politicians](#) - Wikipedia contributors

Gerald Ford and the Challenges of the 1970s - Yanek Mieczkowski 2005-04-22

"In the author's reassessment of this underrated president, Ford emerges as a skilled executive, an effective diplomat, and a leader with a clear vision for America's future. Working to heal a divided nation, Ford unified the GOP and laid the groundwork for the Republican resurgence in subsequent decades."--BOOK JACKET.

The American Presidency - Encyclopaedia Britannica, Inc. 2013-01-01

The American Presidency, updated for 2013, provides a rich journey through U.S. history. Meet the occupants of the nation's highest office from George Washington to Barack Obama. Each presidential summary includes a detailed biography, the president's signature, his vice president(s), a profile of the first lady, and timelines. Coverage of the recent 2012 presidential election and information describing the Cabinet, the White House, election results, the presidential flag, and the presidential seal

history are also included. Current events such as the recent economic recession, financial reform bill, health care reform, ending the war in Iraq, Libya and Muammar al-Qaddafi, and Osama bin Laden are all chronicled in this title.

United States Statutes at Large - United States 2006

The People's Duty - Shmuel Nili 2019-06-13
Nili develops a novel conception of 'the people', both as an agent with its own moral integrity, and as an owner of public property. Exploring problems central to present-day politics, this non-technical book will appeal to political theorists, but also to readers in public policy, area studies, law, and across the social sciences.
Explore the Seven Continents - Phyllis Goldman 2001

The Skinner Family History - Ira James Skinner Jr. 2020-03-17
The surname Skinner is an English trade and business name of approximately the twelfth century when trade names like Brewer, Baker, Chandler, and Smith came into existence as family names. Skinner is the name adopted as a dealer in skins, furs, and hides. The Skinner Company of London received a charter of incorporation during the reign of Edward III and has a coat of arms, which is discussed later from that period. The Skinner families are found all over England. The Skinner families are in Cowley and Devonshire in London and in Essex, Sussex, Dewlish, the Isle of Wight, and other counties as well. This book gives the history of the Skinner family from 1200 to the present time and connects six immigrants that is listed in the introduction of the book.

World Almanac and Book of Facts 2014 - Sarah Janssen 2013-12-04

Get thousands of facts right at your fingertips with this updated resource. The World Almanac® and Book of Facts is America's top-selling reference book of all time, with more than 82 million copies sold. The World Almanac® and Book of Facts will answer all of your trivia needs—from history and sports to geography, pop culture, and much more.

TIME for Kids Presidents of the United States - The Editors of TIME for Kids 2017-01-10
TIME For Kids presents a complete overview of our nation's chief executives from George Washington to the newly elected 45th president! Did you know that James Monroe was the first president to appear without a wig in public? Or that George W. Bush appointed the first African-American secretary of state? Presidents of the United States invites the reader inside the White House to discover fascinating facts about the U.S. commanders-in-chief—their origins, accomplishments, and place in history—as told through famous quotes, important historical dates, and a timeline of events. Special sections cover the election process, the branches of government, and the role of presidents in the expansion of our nation from before the 13 colonies through westward expansion. With more than 200 photographs, illustrations, portrait reproductions, and maps.

The Unitary Executive and the Modern Presidency - Ryan J. Barilleaux 2010-04-07
During his first term in office, Pres. George W. Bush made reference to the "unitary executive" ninety-five times, as part of signing statements, proclamations, and executive orders. Pres. Barack Obama's actions continue to make issues of executive power as timely as ever. Unitary executive theory stems from interpretation of the constitutional assertion that the president is vested with the "executive power" of the United States. In this groundbreaking collection of studies, eleven presidential scholars examine for the first time the origins, development, use, and future of this theory. The Unitary Executive and the Modern Presidency examines how the unitary executive theory became a recognized constitutional theory of presidential authority, how it has evolved, how it has been employed by presidents of both parties, and how its use has affected and been affected by U.S. politics. This book also examines the constitutional, political,

and even psychological impact of the last thirty years of turmoil in the executive branch and the ways that controversy has altered both the exercise and the public's view of presidential power.

Concise Oxford Dictionary of Quotations - Susan Ratcliffe 2011-03-17

Based on the 7th ed. of the Oxford dictionary of quotations. Includes extensive coverage of literary and historical quotations and contains up-to-date material from today's influential literary and cultural figures. Includes 1,000 new quotes in categories such as catchphrases, film lines, official advice, and political slogans.

African Americans and the Presidents: Politics and Policies from Washington to Trump - F. Erik Brooks 2019-04-19

The president is arguably the most recognized and powerful individual in the United States. This reference work explores the American presidency in relation to issues of race concerning the African American community. • Includes a timeline that lists the name, party, term of office, and political background of each president • Presents chronological sections to provide a broad overview of each period • Offers chapters that address each of the forty-five American presidents' policies, cabinet appointments, and handling of race matters in the United States

Monkeyshines on Libraries - Phyllis Goldman 2003-09

Provides a concise history of the evolution of the library, and discusses the growing function of technology in accessing information in the ever-expanding field of information science.

Gerald R. Ford - Douglas Brinkley 2007-02-06
A biography of the first president to be sworn into office as a result of his predecessor's resignation.

Hatred of America's Presidents: Personal Attacks on the White House from Washington to Trump - Lori Cox Han 2018-06-30

This work examines expressions of personal hostility and animosity toward presidents—even beloved ones—throughout American history and their impact on policymaking, politics, and culture. • Investigates a unique form of expressions of hatred toward American presidents, focusing on the personal rather than

the political • Covers every president from Washington to Trump • Includes coverage of personal attacks on First Families • Details how presidents and allies responded to these attacks
Surprising Facts About All of the United States Presidents - Neal M. Finkelstein, Ph.D. 2014-06-04

Welcome! I hope you enjoy this book full of interesting facts about each of the 43 United States Presidents. When it comes down to the simplest form presidents are simply human they have tragedy in their lives, they have joy, they have ambition, they have typically won elections by a very small count and in general, most of them have been great family men. It is the media, the staffs, the ceremony, traditions and the ever need to build the Office of the President “up” that portrays them as more than human. In this book, I hope you find many facts about our presidents that remind you that they are still simply human.

Building - Isaiah Berlin 2013-08-31

In the period covered here (1960–75) Isaiah Berlin creates Wolfson College, Oxford; John F. Kennedy becomes US President (and is assassinated); Berlin dines with JFK on the day he is told of the Soviet missile bases in Cuba; the Six-Day Arab-Israeli war of 1967 creates problems that are still with us today; Richard M. Nixon succeeds Johnson as US President and resigns over Watergate; and the long agony of the Vietnam War grinds on in the background. At the same time Berlin publishes some of his most important work, including *Four Essays on Liberty* – the key texts of his liberal pluralism – and the essays later included in *Vico and Herder*. He talks on the radio, appears on television and in documentary films and gives numerous lectures, especially his celebrated Mellon Lectures, later published as *The Roots of Romanticism*. Behind these public events is a constant stream of gossip and commentary, acerbic humour and warm personal feeling. Berlin writes about an enormous range of topics to a sometimes dazzling cast of correspondents. This new volume leaves no doubt that Berlin is one of the very best letter-writers of the twentieth century.

The Times of Round Top - Cynthia A. Thornton 2013-10

Throughout the times of the land we call Round

Top, one thought has constantly prevailed. This is a land of opportunity. The land was formed over the centuries into flat land and hills by rivers beyond and by creeks and springs, while waiting for animals and mankind to arrive. This land is located in the northeastern margin of today's Fayette County, and lies on a high hill that looks down toward the south into the bottom lands of a crossing. The struggle on this small piece of land began with the movement of animals that needed a convenient place for water that was crossable during the seasons. This perfect crossing flows through the south eastern side of the present town of Round Top located between two high hills. This crossing was the home of native American Indians, American settlers and German immigrants.

Presidential Retreats - Peter Hannaford
2012-10-30

A fascinating history of U.S. presidential vacation spots—collected for the first time in one guide that covers everything from Mount Vernon to Kennebunkport to Camp David. Where do you go to relax when you're the leader of the free world? Even the president needs to get away from it all sometimes. From George Washington to Barack Obama, each of our presidents has sought solace from the tightly structured daily routines of the White House. As Ronald Reagan once said of his California ranch, "I do some of my best thinking there." Peter Hannaford takes readers on a fascinating armchair vacation with each of our leaders, offering unique historical context for the why and the where of their chosen retreats. Which president asked visiting foreign dignitaries to send him seeds to plant at his family home? Who called his vacation property "Sherwood Forest" because it was "a good place for an outlaw"? Which adventure-loving Commander-in-Chief set up a Summer White House in New York every year? Who liked to cruise aboard the presidential yacht when faced with momentous wartime decisions? Who polled the American people to help him decide where to vacation? *Presidential Retreats* explores a side of the American presidency that we don't often see—the downtime—as it offers an intriguing glimpse at the evolution of leisure time in this country.

Money for Power - John P. Hunter III
2014-07-27

\$ MONEY \$ It is understandable that we all need money for survival purposes. This is fine and dandy; is acceptable in society but to purposely defraud other people, to get possession of money, is unacceptable no matter of any circumstance. Politicians seem to hoard onto this conception that money is their 'GOD'. The more they possess, the more they have power to control. Politicians, drug cartels, gangs and let us not forget religion are aware of this fact. The richer you are in society, the better people will follow you, supposedly. The 'Elite' in all societies of the world are equally guilty of this crime, called murder on the unsuspecting citizens by depriving these citizens of certain 'FREEDOMS' or plainly swindling them out of their hard earned money, not included are the lazy, incompetent people, who devour the "Welfare System" dry, not even trying to better themselves. Murder is hidden by the non-compliance of doing the right thing as it happens, for prevention as well as protection. This is where this book illustrates certain areas in our American past, which contribute to the beginning of corruption. Corruption is a way of dishonest living in order to remain on top or even to gain the top position. Political separation of parties are a way of distracting the public's focus of what all politicians are involved in, unconstitutional, biased, prejudice and let us begin the "Olympic Blame Game" of each party is guilty but not me, when in reality all are involved in a 'False Flag' cover-up of camouflaged deception, to gain more wealth even if it includes a mass murder. You will be amazed about certain people involved in this book, which seemed honest but in reality are very wicked indeed. This book is the sequel to "AMERICA, The Sleeping Giants MUST Awake" which explains into depth 'Barack Hussein Obama, the creator of 'Obamanism' and of his cronies at large.

United States Presidential Elections -

The Last Great Senator - David Corbin 2012
The falcon of the Senate
Jahre der Erneuerung - Henry Kissinger 1999

This Day in American History - Ernie Gross 1990
Lists notable births, government actions, tragedies, disasters, and accomplishments for

each day of the year

Encyclopedia of White-Collar and Corporate

Crime - Lawrence M. Salinger 2013-06-14

Since the first edition of the Encyclopedia of White Collar and Corporate Crime was produced in 2004, the number and severity of these crimes have risen to the level of calamity, so much so that many experts attribute the near-Depression of 2008 to white-collar malfeasance, namely crimes of greed and excess by bankers and financial institutions. Whether the perpetrators were prosecuted or not, white-collar and corporate crime came near to collapsing the U.S. economy. In the 7 years since the first edition was produced we have also seen the largest Ponzi scheme in history (Maddoff), an ecological disaster caused by British Petroleum and its subcontractors (Gulf Oil Spill), and U.S. Defense Department contractors operating like vigilantes in Iraq (Blackwater). White-collar criminals have been busy, and the Second Edition of this encyclopedia captures what has been going on in the news and behind the scenes with new articles and updates to past articles.

The World Almanac and Book of Facts 2013 -

Sarah Janssen 2012-12-04

Get thousands of facts right at your fingertips with this updated resource. The World Almanac® and Book of Facts is America's top-selling reference book of all time, with more than 82 million copies sold. Published annually since 1868, this compendium of information is the authoritative source for all your entertainment, reference, and learning needs. Praised as a "treasure trove of political, economic, scientific and educational statistics and information" by The Wall Street Journal, The World Almanac® contains thousands of facts that are unavailable publicly elsewhere—in fact, it has been featured as a category on Jeopardy! and is routinely used as a go-to, all-encompassing guide for aspiring game show contestants. The 2013 edition of The World Almanac® and Book of Facts will answer all of your trivia questions—from history and sports to geography, pop culture, and much more.

Oddball Michigan - Jerome Pohlen 2014-05-01

There's more to Michigan than beautiful forests, shuttered factories, and miles and miles of stunning shoreline. Armed with this offbeat travel guide, you'll soon discover the strange

underbelly of the Great Lakes State. Michigan has monuments to fluoridation, snurfing, the designer of the Jefferson nickel, and the once-famous Mr. Chicken, as well as festivals honoring tulips, Christmas pickles, and a 38-acre fungus. It's where you'll find the World's Largest Lugnut, the Nun Doll Museum, Joe's Gizzard City, the Teenie-Weenie Pickle Barrel Cottage, Howdy Doody, and Thomas Edison's last breath. The state also has its share of weird history—it's where Harry Houdini perished on Halloween night in 1926, where skater Tanya Harding's posse whacked Nancy Kerrigan, and where the Kellogg brothers invented popular breakfast cereals and less-popular yogurt enemas. Along with humorous histories and witty observations, Oddball Michigan provides addresses, websites, hours, fees, and driving directions for each of its 450 entries.

The Ford Presidency - Andrew Downer Crain 2009-04-22

Though he occupied the oval office for less than three years, Gerald Ford made several key political decisions that helped reunite the country following the divisions over the Vietnam War and helped restore the faith of Americans in their government following the Watergate scandal. This book provides a complete history of Ford's presidency from August 9, 1974, to January 20, 1977 (with two chapters on the Nixon administration events leading up to Ford's succession).

The Facts on File Guide to Research - Jeff Lenburg 2014-05-14

The Facts On File Guide to Research is a comprehensive guide to doing thorough and accurate research. It includes a detailed listing of available resources and explains general research methods and proper citation of sources. An invaluable reference, this book helps researchers make use of the many new resources available today. Divided into four sections, this easy-to-use guide helps students and general readers prepare for research papers and class studies. Step-by-step guides, detailed explanations, and valuable appendixes covering style guides, such as APA, MLA, and The Chicago Manual of Style, combine to create an incredibly authoritative accessible reference.

Gerald R. Ford - Douglas Brinkley 2007-02-06
The "accidental" president whose innate decency

and steady hand restored the presidency after its greatest crisis. When Gerald R. Ford entered the White House in August 1974, he inherited a presidency tarnished by the Watergate scandal, the economy was in a recession, the Vietnam War was drawing to a close, and he had taken office without having been elected. Most observers gave him little chance of success, especially after he pardoned Richard Nixon just a month into his presidency, an action that outraged many Americans, but which Ford thought was necessary to move the nation forward. Many people today think of Ford as a man who stumbled a lot--clumsy on his feet and in politics--but acclaimed historian Douglas Brinkley shows him to be a man of independent thought and conscience, who never allowed party loyalty to prevail over his sense of right and wrong. As a young congressman, he stood up to the isolationists in the Republican leadership, promoting a vigorous role for

America in the world. Later, as House minority leader and as president, he challenged the right wing of his party, refusing to bend to their vision of confrontation with the Communist world. And after the fall of Saigon, Ford also overruled his advisers by allowing Vietnamese refugees to enter the United States, arguing that to do so was the humane thing to do. Brinkley draws on exclusive interviews with Ford and on previously unpublished documents (including a remarkable correspondence between Ford and Nixon stretching over four decades), fashioning a masterful reassessment of Gerald R. Ford's presidency and his underappreciated legacy to the nation.

Gerald R. Ford, Late A President of The United States, Memorial Services in The Congress of The United States and Tributes In..., Serial 15117, House Document No. 110-61, 2007 - 2008
