Schroeder's Antiques Price Guide - Editors of Schroeder Pub 2008-07-29

In 2006, in celebration of our 25th anniversary, we brought Schroeder's Antiques Price Guide to you for the first time in full color. It was so successful, we decided to keep that format from

year to year, and once again are bringing it to you in full color. It still contains over 50,000 listings from reliable sources, more than 500 categories from Advertising to Zsolnay, histories and pertinent facts, and representative full-color photographs. This year's edition will start shipping in August 2008 and is guaranteed to maintain its #1 bestselling status both at Collector Books and across the country. Dealers throughout the U.S. rave annually about Schroeder's, saying it just keeps getting better and better. Undoubtedly this year's edition will be the best! You will be pleased it has kept its new look, and even happier that it is available at one of the lowest prices you'll find for general antiques guides.

Animals and their symbolism in diverse world cultures and different eras of human history are chronicled in this lovely volume.

Encyclopedia of antiquities; and elements of archaeology, classical and mediæval -

Thomas Dudley Fosbroke 1825

Sotades - Herbert Hoffmann 1997

In this book the author explores the work of the fifth-century BC Athenian vase-painter, Sotades, one of the most familiar names in vase painting. Previous scholarship has dealt mainly with questions of attribution, style, and iconographic interpretation, but Dr Hoffman concentrates on inherent meaning: what does the imagery of these decorated vases really signify. He argues that, contrary to widely held conceptions, there

is an underlying unity of meaning in Greek vases and their imagery, a unity rooted in the religious beliefs and ritual practices of the society from which they spring. Each chapter discusses a specific aspect of the artist's iconology, placing it in the context of fifth-century BC Greek philosophical and religious thought.

The Encyclopedia of New York State - Peter Eisenstadt 2005-05-19

The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half-century. In nearly 2,000 pages and 4,000 signed entries, this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas, as a cradle of abolitionism and feminism, and as an apex of modern urban, suburban, and rural life. The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history. Did you know that Manhattan's Lower East Side was once the most populated

neighborhood in the world, but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi; New York is the only state to border both the Great Lakes and the Atlantic Ocean; the Erie Canal opened New York City to rich farmland upstate . . . and to the west. Entries by experts chronicle New York's varied areas, politics, and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads, weaving the state's diverse regions and peoples into one idea of New York State. Lavishly illustrated with 500 photographs and figures, 120 maps, and 140 tables, the Encyclopedia is key to understanding the state's past, present, and future. It is a crucial reference for students, teachers, historians, and business people, for New Yorkers of all persuasions, and for anyone interested in finding out more about New York State.

Dye's Coin Encyclopædia - John S. Dye 1883

Indian Bannerstones and Related Artifacts -

Lar Hothem 2009

Begun by the late Lar Hothem and completed by James R. Bennett, this co-authored identification and value guide focuses on the very popular and often ornate Indian bannerstone artifacts of ancient America. With several hundred full-color photographs representing some of America's most famous bannerstone collections, *Indian Bannerstones & Related Artifacts* gives collectors an in-depth look at hundreds of the most prized ancient weapon components collected in modern times, including many rare and valuable examples.

Encyclopedia of Diasporas - Melvin Ember
2004-11-30

Immigration is a topic that is as important among anthropologists as it is the general public. Almost every culture has experienced adaptation and assimilation when immigrating to a new country and culture; usually leaving for what is perceived as a "better life". Not only does this diaspora change the country of

adoption, but also the country of origin. Many large nations in the world have absorbed, and continue to absorb, large numbers of immigrants. The foreseeable future will see a continuation of large-scale immigration, as many countries experience civil war and secessionist pressures. Currently, there is no reference work that describes the impact upon the immigrants and the immigrant societies relevant to the world's cultures and provides an overview of important topics in the world's diasporas. The encyclopedia consists of two volumes covering three main sections: *Diaspora Overviews* covers over 20 ethnic groups that have experienced voluntary or forced immigration. These essays discuss the history behind the social, economic, and political reasons for leaving the original countries, and the cultures in the new places; *Topics* discusses the impact and assimilation that the immigrant cultures experience in their adopted cultures, including the arts they bring, the struggles they face, and some of the cities

that are in the forefront of receiving immigrant cultures; Diaspora Communities include over 60 portraits of specific diaspora communities. Each portrait follows a standard outline to facilitate comparisons. The Encyclopedia of Diasporas can be used both to gain a general understanding of immigration and immigrants, and to find out about particular cultures, topics and communities. It will prove of great value to researchers and students, curriculum developers, teachers, and government officials. It brings together the disciplines of anthropology, social studies, political studies, international studies, and immigrant and immigration studies.

Death Gods: An Encyclopedia of the Rulers, Evil Spirits, and Geographies of the Dead -

Ernest L. Abel 2009-03-20

In cultures throughout human history people have believed that some part of themselves continued to exist after they died. Part of that belief is that living can influence what happens

to the dead in the afterlife, and the dead can return from the afterlife to affect the living. *Death Gods: An Encyclopedia of the Rulers, Evil Spirits, and Geographies of the Dead* describes the many ways the afterlife—especially that part of the afterlife commonly known as Hell—has been characterized in myths from around the world. The hundreds of entries provide readers with a guide to the afterlife as portrayed in these myths - its geography, its rulers, its inhabitants, how they got there, and what happens after their arrival. While the Devil is a prominent resident and ruler of the afterworld in many religions, especially Christianity, this book examines many other versions of Hell whether presided over by the Devil, Hades, or one of the many other rulers of the dead. *Death Gods* provides concise encyclopedic entries on all aspects of the mythology of the afterlife: The underworlds form the myths of cultures from across the globe—for example, Xibalba, the underworld of the Quiche Maya; Di Yu, the underground realm of the dead

in Chinese mythology; the gods and demons of the afterlife—the Hindu god of death and justice Yama; Ahriman, the evil twin of the benevolent god Ahura Mazda in Zoroastrian mythology; Buso, the invisible ghouls who haunt graveyards and feed on human corpses in Philippine mythology. The volume includes an extensive bibliography of the most useful resources for understanding the mythology of death and the afterlife.

Barbie Doll Photo Album - J. Michael Augustyniak 2010

Provides identification information and values for over a thousand Barbie dolls issued between 1959 and the present.

Garage Sale & Flea Market Annual - Collector Books 2006-02-22

Encyclopedia of Comparative Iconography - Helene E. Roberts 2013-09-05

First published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

The Princeton Encyclopedia of Classical Sites - Richard Stillwell 2017-03-14

Here are over 1,000 pages of authoritative information on the archaeology of Greek and Roman civilization. The sites discussed in the more than 2,800 entries are scattered from Britain to India and from the shores of the Black Sea to the coast of North Africa and up the Nile. They are located on sixteen area maps, keyed to the entries. The entries were written by 375 scholars from sixteen nations, many of whom have worked at the sites they describe. Until now our knowledge of the Classical period has been scattered in hundreds of sources dating from antiquity to our own times. This volume provides essential information on work accomplished, in progress, and still to be undertaken. Originally published in 1976. The

Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Fessenden & Co.'s Encyclopedia of Religious Knowledge - John Newton Brown 1835

Encyclopedia of Ancient Greece - Nigel Guy Wilson 2006

Ancient Greek civilization, with its mythology, wars, philosophy and culture, has left an enduring legacy. This single volume, a spin-off from the acclaimed Encyclopedia of Greece and the Hellenic Tradition, provides a

comprehensive and authoritative guide to the people, places, periods, events and themes of Ancient Greece.

The Encyclopedia Americana - 1967

Encyclopedia of the History of Classical Archaeology - Nancy Thomson de Grummond 2015-05-11

With 1,125 entries and 170 contributors, this is the first encyclopedia on the history of classical archaeology. It focuses on Greek and Roman material, but also covers the prehistoric and semi-historical cultures of the Bronze Age Aegean, the Etruscans, and manifestations of Greek and Roman culture in Europe and Asia Minor. The Encyclopedia of the History of Classical Archaeology includes entries on individuals whose activities influenced the knowledge of sites and monuments in their own time; articles on famous monuments and sites as seen, changed, and interpreted through time; and entries on major works of art excavated

from the Renaissance to the present day as well as works known in the Middle Ages. As the definitive source on a comparatively new discipline - the history of archaeology - these finely illustrated volumes will be useful to students and scholars in archaeology, the classics, history, topography, and art and architectural history.

The Encyclopedia of Visual Art: A history of art - 1983

The Official Rinker Price Guide to Collectibles - Harry L. Rinker 2000-09

Old House Interiors - 2006-08

National architectural magazine now in its fifteenth year, covering period-inspired design 1700-1950. Commissioned photographs show real homes, inspired by the past but livable.

Historical and interpretive rooms are included; new construction, additions, and new kitchens and baths take their place along with restoration work. A feature on furniture appears in every issue. Product coverage is extensive. Experts

offer advice for homeowners and designers on finishing, decorating, and furnishing period homes of every era. A garden feature, essays, archival material, events and exhibitions, and book reviews round out the editorial. Many readers claim the beautiful advertising—all of it design-related, no “lifestyle” ads—is as important to them as the articles.

The Encyclopedia of Head Vases - Kathleen Cole 2003

Feminine, beautiful, and cool, ceramic lady head vases were originally sold by florists during the 1950s and early 1960s. Today, the vases are surprisingly valuable in the antique and collectibles market. In this expanded and updated edition, more than 1000 charming vases are illustrated in color, along with dimensions, manufacturer information, and current market

values. Collecting tips will aid those new to the field; the beautiful pictures will delight anyone with an interest in the art form.

The popular encyclopedia; or, 'Conversations Lexicon': [ed. by A. Whitelaw from the Encyclopedia Americana]. - Popular encyclopedia 1846

[Encyclopedia of California](#) - 1997-01-01
