Emotionally Intelligent School Counseling - John Pellitteri 2006-04-21

The concept of emotional intelligence (EI), which has steadily gained acceptance in psychology, seems particularly well suited to the work of school counselors and school psychologists who must constantly deal with troubled and underperforming students. To date, however, no book has systematically explained the theoretical and scientific foundations of emotional intelligence and integrated this information into the roles and functions of school counselors and other school personnel. In addition to illustrating how social emotional learning is important to both individual students and to school climate, the book also shows school counselors how to expand their own emotional awareness and resiliency. Key features of this outstanding new book include: *ASCA Guidelines. The book integrates the latest findings from the field of social emotional learning with the new ASCA guidelines for school counselors. *Real-life Cases. The book moves quickly from an overview of basic definitions, theories, and guidelines to

stories of real counselors, administrators, teachers, and parents. *Author Expertise. John Pellitteri is Professor and Director of the Graduate Program in School Counseling Queens College (CUNY). A former school counselor, he is a leading researcher in the area of emotional intelligence. Barbara Ackerman is a K-5 school counselor and retiring Vice President of the American School Counseling Association (ASCA) Elementary School Division. Claudia Shelton has been a school counselor in grades 6-12 and currently heads a firm specializing in professional development for schools. Robin Stern is an adjunct associate professor and researcher at Columbia Teachers College and a specialist in social emotional learning for the New York City Board of Education. This book is appropriate as a supplementary text in school counseling courses and as a professional reference work for practicing school counselors, counselor educators, counseling psychologists, school psychologists, and school administrators.

Handbook of Counseling Boys and Adolescent Males - Arthur M. Horne
1999-08-09

This comprehensive, practical resource provides specific strategies for counsellors working with boys and male adolescents from different cultural backgrounds. The first part examines how psychological, career and athletic development of boys is shaped by a complex interaction of biological, social, cultural and economic forces. The Second Part covers cultural considerations when counselling particular North American client groups, such as Hispanic-

Americans. The final part focuses on special populations such as gay, sexually abused and developmentally disabled boys.

How to Prepare a Standout College Application - Alison Cooper Chisolm 2013-08-06

Demystifying the process of completing a college application Written by two former admissions

officers at top universities and current admissions coaches, this book is a must-have for preparing a winning college application. The authors reveal the mystery behind what college admissions officers are looking for and show applicants how to leverage their credentials, stand out in the over-crowded applicants' pool, and make a genuine, memorable impression. This is the book that will help the college-bound get off the "like many others" pile and onto the acceptance list. Includes instructions and examples for every component of the college application, from writing the essay to answering questions like "Why do you want to go to College X?" Shows how to avoid underestimating the importance of critical features on any application Includes the latest information on the Common Application 4.0 and corrects outdated, holdover advice still stressed in many other books This book is filled with step-by-step advice that students and parents can use immediately and will refer to again and again.

Church Administration and Finance Manual - Otto F. Crumroy Jr. 1998-10

A field-tested, pragmatic, and resourceful guide to the daunting and logistically complex management of local church. Pastors generally feel equipped to deal with biblical studies, theological questions, preaching responsibilities, and pastoral care. But when it comes to budgets, insurance, fire safety, and church management many find themselves at a loss. Often lay leaders within the congregation flounder with these tasks as well. Here, finally, is the ultimate reference guide for the practical management of the parish. Originally created as a sourcebook for the authors' week-long course on church management and administration at the Claremont School of Theology, the manual in draft version has been field-tested by hundreds of pastors and lay leaders. Not simply a theoretical resource, the Manual provides suggestions for almost every aspect of parish administration: position descriptions, various

financial forms, materials for stewardship and Christian education, building use and safety issues, employee record keeping, and much more. Whether pastors are just out of seminary

or well-seasoned in parish life, the Manual is full of excellent guidelines, tools, and forms for improving the management of the parish.
