Temporary Agency Workers in Italy and the UK - Alessio Bertolini 2020-05-13

This book offers a comparative exploration of the various disadvantages experienced by a category of atypical workers compared to standard employees, in the UK and Italy, and considers whether and how the differences can be attributed to contrasting institutional settings and political economies. Bertolini explores the lived experience of these workers, and demonstrates how institutional variables interact in complex ways with individual socio-demographic characteristics as well as the broader socio-economic context to shape individual disadvantages and engender different experiences of precariousness. Temporary Agency Workers in Italy and the UK will be of interest to students and scholars of political economy, sociology of work, welfare studies, labour market policy, and industrial relations.

Armstrong's Handbook of Human Resource Management Practice - Michael Armstrong 2020-01-03

Armstrong's Handbook of Human Resource Management Practice is the bestselling and definitive resource for HRM students and professionals, which helps readers to understand and implement HR in relation to the needs of the business. It covers in-depth all of the areas essential to the HR function such as employment law, employee relations, learning and development, performance management and reward, as well as the HR skills needed to ensure professional success, including leadership, managing conflict, interviewing and using statistics. Illustrated throughout in full colour and with a range of pedagogical features to consolidate learning (e.g. source review boxes, key learning points, summaries and case studies from international organizations such as IBM, HSBC and Johnson and Johnson), this fully updated 15th edition includes new chapters on the HRM role of line managers, evidence-based HRM, e-HRM and the gender pay gap, further case studies and updated content covering the latest research and developments. Armstrong's Handbook of Human Resource Management Practice is aligned with the Chartered Institute of Personnel and Development (CIPD) profession map and standards and is suited to both professionals and students of both undergraduate degrees and the CIPD's level 5 and 7 professional qualifications. Online supporting resources include comprehensive handbooks for lecturers and students, lecture slides, all figures and tables, toolkits, and a literature review, glossary and bibliography.

A Cultural History of Law in the Age of Enlightenment - Rebecca Probert 2021-03-11

The period of the Enlightenment was marked by innovation in political, cultural, religious, and educational ideas with the aim of improving the experience of human beings in society. Key to intellectual debates and day-to-day life were ideas about the law. Many looked to Britain, and to the British, as exemplars of a state governed by moderate laws under a moderate constitution. Britain's laws and constitution were portrayed and satirized in almost every artistic medium. A Cultural History of Law in the Age of Enlightenment presents essays spanning the "long 18th century" (1680 to 1820) which explore the place of law in a range of creative and artistic media, all of which flourished in a commercial society with law at its center and enlightenment as its aim. Drawing upon a wealth of visual and textual sources, A Cultural History of Law in the Age of Enlightenment presents essays that examine key cultural case studies of the period on the themes of justice, constitution, codes, agreements, arguments, property and possession, wrongs, and the legal profession.

Code of Federal Regulations - 2002

OCR AS GCE Applied ICT Double Award - Maggie Banks 2005

Exactly what you need for the AS Level GCE Double Award in Applied ICT for OCR - this student book matches the specification and provides all information needed for the double award.

European Social Charter - Council of Europe. Governmental Committee of the European Social Charter 1995-01-01

Appendix XVIII: List of warnings.

The Legal Construction of Personal Work Relations - Mark Freedland FBA 2011-12-15

This book explores the conceptual framework of European employment law, focusing on understanding the law's construction of employment relationships. The book draws on extensive comparative research of the legal architecture of employment relations in national legal systems and EU law to analyse the traditional model of the contract of employment and the difficulties of using the traditional model to frame modern working relationships. The authors then present a new model of the foundations of employment relationships, based on the concept of a personal work nexus, and explore the potential of their model to shape the future development of employment law. Throughout the book, the authors analyse the interaction of domestic and EU employment law, and discuss the possibility of future legal harmonisation in the area. They conclude by exploring the potential for a common framework for European employment law, in the context of broader debates surrounding the harmonisation of European private law.

International Labour Law Reports - Alan Gladstone 2001-12-18

The "International Labour Law Reports" is a series of annual publications of labour law judgements by the highest courts in a number of jurisdictions. "ILLR" is intended primarily for the use of judges, labour law practitioners, industrial relations specialists and students who need or desire ready access to authoritative information of a comparative nature on problems arising in the field of labour law and industrial relations. Each judgement reprinted in "ILLR" is accompanied by Headnotes and in practically all cases by an Annotation which sets forth, among other things, the legal issues involved, the basic facts of the case (if not included in the judgement itself), the relevant statutory provisions and judicial precedents, the labour law and industrial relations context in which the case arose and the significance of the judgement in the development of the law. The "ILLR" provide the reader with factual information that is not coloured by the personal views of the annotators. As a rule, judgements are printed "in extenso"; editorial discretion has been relied upon to delete or to summarize portions of judgements that are purely technical or only of marginal interest. Volume 20 covers the period 1 October 1999 to 30 September 2000.

Higher Education Law - Klinton W. Alexander 2016-10-04

This fully revised and updated textbook weaves law into its historical, political, and sociological context, while providing clear explanation of the law as it applies to American colleges and universities. This text draws exclusively on federal and state cases emerging from campuses and includes helpful pedagogical elements--such as chapter outlines, questions for discussion, side bars, text boxes, research aids, and summation of law--to equip readers with the tools and knowledge to effectively respond in an environment of increasing litigation. Addressing a gap in the literature, this new edition provides a comprehensive and accessible understanding of the latest laws relevant to higher education and student affairs administrators. New In This Edition: Explanation and streamlining of old case law. New cases throughout covering recent developments in: student loan debt, student safety, Internet speech, affirmative action, discrimination, Greek life, issues relating to new technology, non-faculty employees, campus police, and athletics. Revised explanation on student and college costs. Expanded examination of the idea of academic freedom

IT-Compliance in der Corporate Governance - Michael Falk 2012-05-11

In Wissenschaft und Praxis ist die Notwendigkeit zur integrierten Betrachtung von IT-Compliance unbestritten. Es fehlt jedoch der Überblick über die Vielzahl der - häufig nur unzureichend konkret

formulierten - regulatorischen Anforderungen und der branchenüblichen Best-Practices sowie die Methode, diese Anforderungen effizient umzusetzen. Michael Falk untersucht, wie sich existierende Standards und Referenzmodelle als Lösungsansätze anbieten können und durch überschneidungsfreie Kombination die Anforderungskonformität der IT effektiv und effizient unterstützt werden kann.

OECD Health Policy Studies Who Cares? Attracting and Retaining Care Workers for the Elderly - OECD 2020-06-22

This report presents the most up-to-date and comprehensive cross-country assessment of long-term care (LTC) workers, the tasks they perform and the policies to address shortages in OECD countries. It highlights the importance of improving working conditions in the sector and making care work more attractive and shows that there is space to increase productivity by enhancing the use of technology, providing a better use of skills and investing in prevention.

Ebook: Fundamentals of Human Resource Management - Raymond Noe 2014-10-16

Fundamentals of Human Resource Management, 5th Edition by Noe, Hollenbeck, Gerhart and Wright is specifically written to provide a complete introduction to human resource management for the general business manager. This book is the most engaging, focused and applied HRM text on the market.

Law and Development in Asia - Gerald Paul McAlinn 2012-03-15

This book fills a gap in the literature by presenting a comprehensive overview of the key issues relating to law and development in Asia. Over recent decades, experts in law and development have produced multiple theories on law and development, none of which were derived from close study of Asian countries, and none of which fit very well with the existing evidence of how law actually functioned in these countries during periods of rapid economic development. The book discusses the different models of law and development, including both the developmental state model of the 1960s and the neo-liberal model of the 1980s, and shows how development has worked out in practice in relation to these models in a range of Asian countries, including Japan, Korea, China, Thailand, Singapore, India and Mongolia. Particular themes examined include constitutionalism, judicial and legal reform; labour law; the growing importance of private rights; foreign investment and the international law of development. Reflecting the complexity of Asian law and society, both those who believe in an "Asian Way" which is radically different from law and development in other parts of the world, as well as those who believe the arc of law and development is essentially universal, will find support in this book.

Employment Contracts and Well-Being Among European Workers - Nele De Cuyper 2017-05-15

Temporary employment contracts are now commonplace in business. However the move towards such employment structures has a significant, and hitherto little understood impact on 'the psychological contract' between employee and organizations. This book is amongst the first to tackle this problem. With detailed research findings from seven countries: Belgium, Germany, the Netherlands, Spain, Sweden, the UK and (for a non-European perspective) Israel, it presents an integrated model of the effects of temporary work. The model incorporates key recent trends, including the expansion of non-permanent employment as a persistent form of employment flexibility, the increasing importance of the psychological contract, and the diversity of the European labour market as a result of state legislation. By presenting the results of an overview of the research literature on this contemporary labour market trend this book is of real value to researchers, practitioners and policy makers.

Employment Contracts, Psychological Contracts, and Employee Well-Being - David E. Guest 2010-07-22

Temporary employment has become a focus of policy debate, theory, and research. The book addresses as its core concern the relationship between temporary employment contracts and employee well-being. It does so within the analytic framework of the psychological contract, and advances theory and knowledge about the psychological contract by exploring it from a variety of perspectives. It also sets the psychological contract within the context of a range of other potential influences on work-related well-being including workload, job insecurity, employability, and organizational support. A key aim of the book is to identify the relative importance of these various potential influences on well-being. The book covers seven countries; Belgium, Germany, The Netherlands, Spain, Sweden and the UK, as well as Israel as a comparator outside Europe. Data were collected from over 5,000 workers in over 200 organizations; and from both permanent and temporary workers as well

as from employers. The book's conclusions are interesting and controversial. The central finding is that contrary to expectations, temporary workers report higher well-being than permanent workers. As expected, a range of factors help to explain variations in work-related well-being and the research highlights the important role of the psychological contract. However, even after taking into account alternative explanations, the significant influence of type of employment contract remains, with temporary workers reporting higher well-being. In addition to this core finding, by exploring several aspects of the psychological contract, and taking into account both employer and employee perspectives, the book sheds new light on the nature and role of the psychological contract. It also raises some challenging policy questions and while acknowledging the potentially precarious nature of temporary jobs, highlights the need to consider the increasingly demanding nature of permanent jobs and their effects on the well-being of employees.

Job Quality in an Era of Flexibility - Tommy Isidorsson 2018-09-27

This is the era of flexibility. Under constant pressure to be adaptable, organizations increasingly adopt employment practices such as zero-hours contracts, the casualization of the workforce and the use of temporary and agency labour. These flexible practices are central to debates about the changing nature of job quality and its causes, trends and consequences. Arguing that job quality is central to understanding contemporary work, this book explores the internal and external pressures for flexibility in workplaces, professions and sectors and how this pressure shapes workers' experiences of job quality. By studying job quality dynamics via case studies from organizations and occupations in the UK, Poland, Belgium and Sweden, the volumes illustrates the diversity of practices and experiences, as well as market pressures and institutional arrangements which effect working lives. Finally, the editors propose a policy debate on the new concept "flexiquality" - a combination of flexibility and job quality that can be beneficial for both management and workers.

Organizational Change Management Strategies in Modern Business - Goksoy, Asl? 2015-10-30

Scholars agree that change has become a staple in organizational life and will likely remain as such beyond the 21st century. As the rate of change continues to accelerate, organizations must strive to develop and implement new initiatives in order to obtain significant benefits to organizational survival, economic viability, and human satisfaction. Organizational Change Management Strategies in Modern Business covers the most important elements of change management as well as the difficulties and challenges that organizations have faced when implementing change. In sampling different disciplines relevant to topics such as resistance to change, mergers and acquisitions management, leadership, the role of human resource strategies, and culture, this reference work is a useful resource for academics, professionals, managers, administrators, and others interested in organizational change.

The Insecure Workforce - Professor Edmund Heery 2000-02-24

This book explores the assumption that an insecure workforce imposes costs on the wider economy and society through lower rates of skill formation, reduced consumer confidence and family instability.

Employment Protection Legislation - Per Skedinger 2010-01-01

In this book, Per Skedinger gives an excellent and balanced survey and evaluation of both the theoretical prediction and the empirical research about the consequences of legislated employment protection. From the foreword by Assar Lindbeck Employment protection legislation is one of the most controversial issues in the labour market. In this insightful book, Per Skedinger provides an overview of the design, evolution and research on the effects of employment protection legislation around the world. Most countries have some form of employment protection legislation. Against a background of high and rising unemployment in many countries, politicians and representatives of unions and businesses often have differing views as to the desirability, effects and distributional consequences of the legislation. The book covers more than one hundred international studies, dealing with the impact of legislation on productivity, personnel turnover, structural change, perceived job security, and the aggregate level and distribution of employment and unemployment. Being the first comprehensive and up-to-date survey available of economic research on the effects of employment protection, this book will appeal to researchers in economics, industrial relations and law, as well as to policymakers and practitioners dealing with employment protection issues in government, business and trade unions.

Managing Human Resources in Latin America - Marta Elvira 2007-05-07

In addition to providing the reader with a thorough overview of the trends in HR strategies and practice and the challenges faced by HR executives in Latin America, this book also explores cultural issues critical to conducting business and understanding human resource management in this region. Structured in two distinct parts, Davila and Elvira's comprehensive book moves from a general overview of the economic, managerial and leadership styles found in Latin America to the current status, role and importance of the HR function in a variety of country-specific chapters including Argentina, Brazil, Chile, Mexico, Central America and Panama. Expert scholars from the region and abroad highlight how regional characteristics affect HRM practices according to the particular development of each country, and country specific chapters focus on: aspects of key institutional determinants of HRM practices (such as laws, politics, economy) the current status, role and importance of the HR function in most firms review practices including pay, staffing and labour relations trends for the near future. Written from a Latin American perspective, and by contributors with interdisciplinary backgrounds, it features topical, original research and forms an essential component of the Global HRM series, complementing the other texts. Using up-to-the-minute case studies, this text is invaluable reading for academics, students and practitioners of HRM, personnel management and international business alike.

Handbook of Labor Economics - Orley Ashenfelter 1999-11-18

A guide to the continually evolving field of labour economics.

Applied ICT - Maggie Banks 2005

Exactly what you need for the AS Level GCE Single Award in Applied ICT for OCR - this student book matches the specification and provides all information needed for the single award.

Decisions and Orders of the National Labor Relations Board - United States. National Labor Relations Board 1999

Class Questions - Joan Acker 2006

Class Questions: Feminist Answers examines feminist theories of class and intersectionality and proposes a theory of gendered and racialized class processes as deeply embedded in capitalist practices, both historically and today. Joan Acker argues that large work organizations are primary locations in which gendered and racialized class inequalities are created. As neo-liberal market practices reorganize work, gendered and racialized class inequalities are both reorganized and increasing nationally and globally. This book will appeal to readers interested in a feminist discussion of class as a racialized and gendered process intimately tied to the capitalist economic system.

Job Security and Temporary Employment Contracts - Mehdi Shabannia Mansour 2018-06-28

This book discusses the need of a legal protection at national and global levels to address the use of temporary employment contracts by employers. Chapter 1 reviews some theories of job security, showing how job security issues should be regulated in labour laws to protect workers and also how temporary contracts affect job security. Chapter 2 examines legal protection of job security in temporary contract in international contexts where it examines the concept and need for job security and job protection especially for temporary contracts based on three United Nations' instruments, namely, the Universal Declaration of Human Rights (UDHR), International Covenant on Civil and Political Rights (ICCPR), and International Covenant on Economic, Social and Cultural Rights (ICESCR). Chapter 3 studies the ILO standards in relation to job security and temporary contracts as well as those covered by the Philadelphia Declaration and other conventions and recommendations. Chapter 4 discusses Islamic jurisprudence on jobs and job security. The main aims of this chapter is to provide the framework for protecting workers as a means to enhance job security in the world especially in Islam. It discusses Islamic jurisprudence concerning work and job conditions. The Islamic precept is based on the Qur'an and Hadith and these sources are used to explain the concept of jobs in Islam. In addition, this chapter also examines the Cairo Declaration on Human Rights in Islam (CDHRI).

Classified Index of National Labor Relations Board Decisions and Related Court Decisions - 2003

Decisions and Orders of the National Labor Relations Board - National Labor Relations Board 2016-02-15

Each volume of this series contains all the important Decisions and Orders issued by the National Labor Relations Board during a specified time period. The entries for each case list the decision, order, statement of the case, findings of fact, conclusions of law, and remedy.

Reconstructing Solidarity - Virginia Doellgast 2018-01-12

Work is widely thought to have become more precarious. Many people feel that unions represent the interests of protected workers in good jobs at the expense of workers with insecure employment, low pay, and less generous benefits. *Reconstructing Solidarity: Labour Unions, Precarious Work, and the Politics of Institutional Change in Europe* argues the opposite: that unions try to represent precarious workers using a variety of creative campaigning and organizing tactics. Where unions can limit employers' ability to 'exit' labour market institutions and collective agreements, and build solidarity across different groups of workers, this results in a virtuous circle, establishing union control over the labour market. Where they fail to do so, it sets in motion a vicious circle of expanding precarity based on institutional evasion by employers. *Reconstructing Solidarity* examines how unions build, or fail to build, inclusive worker solidarity to challenge this vicious circle and to re-regulate increasingly precarious jobs. Comparative case studies from fourteen European countries describe the struggles of workers and unions in industries such as local government, retail, music, metalworking, chemicals, meat packing, and logistics. Their findings argue against the thesis that unions act primarily to protect labour market insiders at the expense of outsiders.

People, Management and Organizations - Anna Sutton 2018-01-20

This brand new and innovative core textbook fuses topics from the related fields of organizational behaviour and human resource management to provide new insight into the interconnectedness of these important and complementary areas. The text takes an integrated and dynamic approach to the study of how work and people are organized and puts the human at the centre of human resource management and organizational behaviour. The accessible student-centred focus and wide range of learning features makes the book an ideal course text for students at all levels. Combining a strong applied approach with a concise and jargon-free writing style, this book will help readers to understand underlying principles and apply them to their future careers as managers and HR practitioners. This textbook caters for undergraduate, postgraduate and MBA students studying modules that synthesise human resource management and organizational behaviour topics. It is also an ideal text for those studying any HRM module that takes an applied approach. Accompanying online resources for this title can be found at bloomsburyonlineresources.com/people-management-and-organizations. These resources are designed to support teaching and learning when using this textbook and are available at no extra cost.

ICLSSEE 2022 - Eko Eddy Supriyanto 2022-08-08

This book contains the proceedings of the International Conference on Law, Social Science, Economics, and Education (ICLSSEE 2022) on 16 April 2022 in Indonesia. This conference was held in collaboration between Nusantara Training and Research (NTR) with Borobudur University Jakarta, 17 Agustus 1945 University (UNTAG), and the Research and Development Agency of the Ministry of Home Affairs. The papers from the conference were collected in a proceedings book entitled: *Proceedings of The International Conference on Law, Social Science, Economics, and Education (ICLSSEE 2022)*. The presentation of such a conference covering multi-disciplines will contribute a lot of inspiring inputs and new knowledge on current trending in Law, Social Science, Economics, and Education. Thus, this will contribute to the next young generation's researchers to produce innovative research findings. Hopefully, the scientific attitude and skills through research will promote the development of knowledge generated through research from various scholars in various regions. Finally, we would like to express our greatest gratitude to all the steering committee colleagues for their cooperation in administering and arranging the conference. Hopefully, this seminar and conference will be continued in the coming years with many more insightful articles from inspiring research. We would also like to thank the invited speakers for their invaluable contribution and for sharing their vision in their talks. We hope to meet you again at the next conference of ICLSSEE.

Human Resource Management in Construction Projects - Martin Loosemore 2003

This book is aimed at project managers and students of project management who until now, have been handed the responsibility for human resource management without adequate knowledge or training.

The Wiley Handbook of Vocational Education and Training - David Guile 2019-01-18

A collection of the theories, practices, and policies of vocational education and training written by international experts *The Wiley Handbook of Vocational Education and Training* offers an in-depth guide

to the theories, practices, and policies of vocational education and training (VET). With contributions from a panel of leading international scholars, the Handbook contains 27 authoritative essays from a wide range of disciplines. The contributors present an integrated analysis of the complex and dynamic field of VET. Drawing on the most recent research, thinking, and practice in the field, the book explores the key debates about the role of VET in the education and training systems of various nations. The Handbook reveals how expertise is developed in an age of considerable transformation in work processes, work organization, and occupational identities. The authors also examine many of the challenges of vocational education and training such as the impact of digital technologies on employment, the demand for (re)training in the context of extended working lives, the emergence of learning regions and skill ecosystems, and the professional development of vocational teachers and trainers. This important text: Offers an original view of VET's role in both the initial and continuing development of expertise Examines the theories and concepts that underpin international perspectives and explores the differences about the purposes of VET Presents various models of learning used in VET, including apprenticeship, and their relationship with general education Explores how VET is shaped in different ways by the political economy of different countries Reviews how developments in digital technologies are changing VET practice Discusses the challenges for universities offering higher vocational education programs Draws on both recent research as well as historical accounts Written for students, researchers, and scholars in the fields of educational studies, human resource development, social policy, political economy, labor market economics, industrial relations, sociology, The Wiley Handbook of Vocational Education and Training offers an international perspective on the topic of VET.

Termination of contracts of employment and the applicability of the international labour organisation standards on unfair dismissal in Cameroon - Tangwa Modestine Ginje 2021-07-15

Masterarbeit aus dem Jahr 2018 im Fachbereich Jura - Zivilrecht / Arbeitsrecht, Sprache: Deutsch, Abstract: The following research questions will be answered in this thesis: How are employment contracts terminated in Cameroon? Do Cameroon laws on unfair dismissal take into consideration the ILO standards on termination of employment contracts? What mechanisms and remedies have been put in place to afford adequate protection of worker's rights in the case of unfair dismissal? What policy proposal can be proffered as solution to the questions raised?

Human Resource Management - Robert L. Mathis 2016-01-22

Prepare for career and HR success with the text that has set the standard for excellence in human resource management. HUMAN RESOURCE MANAGEMENT, 15th Edition, offers the most current look at HRM and its impact on the success of organizations today. A leading resource in preparing for professional HR certification, this edition ensures you address all major topics for the various professional examinations given by the Society for Human Resource Management and the Human Resource Certification Institute. The latest HR research and an effective blend of solid theory and contemporary practice highlight emerging trends driving change in HRM today, including technology, globalization, competencies and HR metrics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Global Labor and Employment Law for the Practicing Lawyer - Samuel Estreicher 2010-09-28

In recognition of the growing importance of global labour and employment law, the Center for Labor and Employment Law at New York University School of Law dedicated its 61st Annual Conference on Labor to an in-depth examination of issues arising in this area. This volume of

the proceedings of the 2008 conference contains papers presented at that meeting, all here updated to reflect recent developments, as well as additional contributions from other practitioners and academics with extensive knowledge and experience in the field. Experts from both the practicing bar and academia - twenty-seven in all - use their unique strengths to address issues worthy of concern in each juridical realm. An unusual feature of this volume in the series is its in-depth attention to comparative law in the field, with exploration of developments in China, France, and New Zealand, as well as in European Union law. As always, this annual conference captures valuable insights and syntheses of central labour and employment law issues and will be of great value to practitioners and academics in the field.

Employment Relations - Cecilie Bingham 2016-03-17

Shortlisted in the Management and Leadership Textbook Category at CMI Management Book of the Year Awards 2017 'In this new, original book, Cecilie Bingham puts fairness, trust, organisational justice, and power at the heart of employment relationships in a variety of settings. This thought-provoking text provides academic, practical and theoretical insights into the contested nature of contemporary work and employment relations at workplace level. It should become essential reading for students, scholars, practitioners and policy-makers in the field.' - Professor David Farnham, University of Portsmouth, UK Mapped to CIPD learning outcomes at level 5 and level 7, *Employment Relations: Fairness and Trust in the Workplace* critically reflects on current research, commentary, evidence and practice in the employment relationship with a unique focus on organizational justice. Combining theoretical concepts, tools and models with practical examples, it is packed with innovative learning features designed to help students to engage with the subject, including: Extracts of recent news items linked to chapter content Insights to help link theory and practice supported by podcast interviews on the book's companion website A series of case study 'snippets', activities and revision exercises. The book is complimented by a companion website featuring a range of tools and resources for lecturers and students, including PowerPoint slides, Instructors' manual, multimedia links and free SAGE journal articles. Suitable for Undergraduate and Postgraduate students on Employment Relations, Industrial Relations or HRM courses.

Public and Private Sector Perspectives on the Psychological Contract - Cipd 2001-10-01

Labour Law - Hugh Collins 2012-09-27

Written by the UK's foremost employment lawyers, this textbook is both comprehensive and engaging with detailed commentary and integrated materials.

Principles of Information Security - Michael E. Whitman 2021-07-06

Discover the latest trends, developments and technology in information security today with Whitman/Mattord's market-leading PRINCIPLES OF INFORMATION SECURITY, 7th Edition. Designed specifically to meet the needs of those studying information systems, this edition's balanced focus addresses all aspects of information security, rather than simply offering a technical control perspective. This overview explores important terms and examines what is needed to manage an effective information security program. A new module details incident response and detection strategies. In addition, current, relevant updates highlight the latest practices in security operations as well as legislative issues, information management toolsets and digital forensics. Coverage of the most recent policies and guidelines that correspond to federal and international standards further prepare you for success both in information systems and as a business decision-maker. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Women and the Law - 1996
