Pen Drawing and Pen Draughtsmen - Joseph Pennell 2013-07-17

In this comprehensive study of the art of drawing with a pen, artist and author Joseph Pennell highlights his opinionated "technical suggestions" with more than 400 illustrations by 250 famous artists, including Titian, Dürer, Rembrandt, Rodin, Manet, Renoir, Beardsley, Pyle, Hiroshige, van Gogh, Rackham, and other masters from around the globe. Each of the high-quality reproductions is accompanied by a critique of its style and execution and occasional comparisons to the artist's other works and those of contemporaries. Featured images range from landscapes by Titian, Rembrandt, and Corot to figure studies by Dürer, Goya, and Rodin and portraits by Manet and Matisse. The tremendous variety of subjects extends to street scenes by Toulouse Lautrec and van Gogh, episodes from literature envisioned by Rossetti, Burne-Jones, and Millais, and decorations by Crane and Morris. A visual treasure trove and valuable reference, this volume will serve as an enduring source of instruction and inspiration for artists of all skill levels.

The 2013 Carnegie International at Carnegie Museum of Art celebrates art as play, experimentation and dissonance, welcoming difference as an alternative to the standardization of cultural production. A major exhibition of new international art, the survey also encompasses an experimental playground project, a display and examination of the museum's permanent collection of postwar art, and a pioneering engagement with the city of Pittsburgh, putting the 2013 Carnegie International at the forefront of contemporary art and thinking. Organized by the curatorial team of Daniel Baumann, Dan Byers and Tina Kukielski, the catalogue provides rich background and lavish illustrations on each of the exhibition's components--including never-before-published pictures of projects and artworks--with an expanded artist section that features original interviews and in-depth texts on specific works by 35 artists from 19 countries in Asia, North America, South America, Europe, Africa and the Middle East: Ei Arakawa/Henning
