A design book filled with beautiful photography and clear ideas for how to use pattern to decorate your home. If you focus on pattern, from texture and color to furniture and textiles, everything else will fall into place. Pattern is the strongest element in any room. This stunning book showcases distinct uses of pattern in homes all over the country to inspire you to realize that an injection of pattern can enliven any space, helping to make it uniquely yours.

All Day - Liza Jessie Peterson 2017-04-18

ALL DAY is a behind-the-bars, personal glimpse into the issue of mass incarceration via an unpredictable, insightful and ultimately hopeful reflection on teaching teens while they await sentencing. Told with equal parts raw honesty and unbridled compassion, ALL DAY recounts a year in Liza Jessie Peterson's classroom at Island Academy, the high school for inmates detained at New York City's Rikers Island. A poet and actress who had done occasional workshops at the correctional facility, Peterson was ill-prepared for a full-time stint teaching in the GED program for the incarcerated youths. For the first time faced with full days teaching the rambunctious, hyper, and fragile adolescent inmates, "Ms. P" comes to understand the essence of her predominantly Black and Latino students

as she attempts not only to educate them, but to instill them with a sense of self-worth long stripped from their lives. "I have quite a spirited group of drama kings, court jesters, flyboy gangsters, tricksters, and wannabe pimps all in my charge, all up in my face, to educate," Peterson discovers. "Corralling this motley crew of bad-news bears to do any lesson is like running boot camp for hyperactive gremlins. I have to be consistent, alert, firm, witty, fearless, and demanding, and most important, I have to have strong command of the subject I'm teaching." Discipline is always a challenge, with the students spouting street-infused backtalk and often bouncing off the walls with pent-up testosterone. Peterson learns quickly that she must keep the upper hand—set the rules and enforce them with rigor, even when her sympathetic heart starts to waver. Despite their relentless bravura and antics—and in part because of it—Peterson becomes a fierce advocate for her students. She works to instill the young men, mostly black, with a sense of pride about their history and culture: from their African roots to Langston Hughes and Malcolm X. She encourages them to explore and express their true feelings by writing their own poems and essays. When the boys push her buttons (on an almost daily basis) she pushes back, demanding that they meet not only her expectations or the standards of the curriculum, but set expectations for themselves—something most of them have never before been asked to do. She witnesses some amazing successes as some of the boys come into their own under her tutelage. Peterson vividly captures the prison milieu and the exuberance of the kids who have been handed a raw deal by society and have become lost within the system. Her time in the classroom teaches her something, too—that these boys want to be rescued. They want normalcy and love and opportunity.

Limerence and Frenzy - There is not anything to translate. 2021-09-07

When Harper wakes up that morning with a headache and prepares to get dressed to go to her little brother's graduation ceremony, she does not imagine that that same day, a handsome gentleman with an enigmatic look and a flirtatious smile will cross her path and that will dazzle her completely as soon as she sees him sitting in that subway car. One thing will lead to another, and in a matter of minutes, a pair of new acquaintances will surrender to their desires, in the bathroom of a subway station. For him, Daniel Ansdell, it will be one more experience, one of so many he has had throughout his life. He is a very confident man, with extensive experience in lovemaking arts, with a strong obsession for sex. He is uninhibited, cheeky and very direct when it comes to asking for what he wants. And although in the eyes of any lady he is perfect, he is not the type of man that a father would wish for his daughter. For her part, Harper is not a white dove, but she is not a veteran in love matters either. Her complicated life has led her to consider a couple of priorities. And having a romantic relationship is not among them. She is a fun woman, without prejudice, but with many responsibilities. Together they will have to face a series of emotions and feelings that will emerge in the midst of a whirlwind of passions. She will not be able to understand why that man awakens her most primitive side. It will be very difficult for him to recognize that she has taken over his thoughts and his will. "Limerence y Frenzy" is a love novel full of eroticism. It is a cocktail of sensations. A story that will make it clear that love is not sought, it simply comes... and when it does, it fucks us without mercy.

A Walk Through The Valley Of The Shadow of Death - AWESOME 2015-05-30

This is about a story of a child who comes from a dysfunctional family. His discipline was so extreme and with no real help, even from the God this kid depended on. So with that being the issue in order for this child to find peace and safety for his own life he took to the streets. This child had no idea that the streets were filled with snakes and rat. He was living as if he was burning his own self at the stake; you guessed it was a self sacrifice if you would call-it. In this book you will find this child in numerous occasions where you might wish you were there to give him some help. But the whole time this child has recognized a force that was present with him, but yet unseen. Through the chapters of this book you may find some inserts of theological attempts to explain some of the phenomenal events. However it was done with the greatest attempts not to be religiously hypocritical. The story into this kid's life will take you to places and reveal some truths often not spoken of about what goes on behind the wall in juvenile incarceration. The mind of the streets and the betrayal of friends or so called friends. It also sheds light on how being free regardless of the situation can be peaceful to some. Last but not least, you'll get to take a novice look at life beyond the vial of what is seen and spoken of by many. All the lies told by the media and other false

idea of thing that some only assume and have no real facts or life experience to prove it.

This Book Has Balls - Michael Rapaport 2017-10-24

The sports world according to Michael Rapaport—actor, Top 50 podcaster, award-winning film maker, and sports fanatic—from the greatest and downright worst athletes, players, teams, and jerseys, but minus statistics, analytics, or anything else that isn't pure hustle in this "hell of a book" (Shaquille O'Neal). In 1979, nine-year-old Michael Rapaport decided he was going to do whatever it took to be a pro baller. He practiced and practiced, but by the time he was fifteen, he realized there was no place for a slow, white Jewish kid in the NBA. So, he found another way to channel his obsession with sports: talking trash. In the "crazy, passionate, funny and intense" (Colin Cowherd) *This Book Has Balls*, Rapaport uses his signature smack-talk style and in-your-face humor to discuss everything from why LeBron will never be like Mike, that Tiger needs the ladies to get his golf game back, and how he once thought Mary Lou Retton was his true love. And, of course, why next year will be the year the New York Knicks win the championship. This book is a series of rants—some controversial, some affectionate, but all incredibly hilarious. "Something is wrong with Michael Rapaport but that's what makes him right," (Charlamagne tha God).

A Person My Colour - Martina Dahlmans 2018-08-22

If you are tired of hearing about whiteness, and if you think racism exists in the hearts of evil others, or you believe that having a black friend unshackles you from racisms hold, I dare you to read this book. Martina Dahlmans, the daughter of parents who grew up in the shadow of post-war Germany, an adoptive mother of children who are black, and a member of a dialogue group of black and white women, urgently questions the very depths of what it means to be white in South Africa today. Her deeply personal memoir is unsettling because of what it reveals simultaneously about the enduring impact of inherited privilege and the repercussions of disadvantage. Her book is unsettling, precisely because of what it reveals simultaneously about the enduring impact of inherited privilege and the repercussions of disadvantage. But it is Dahlmans dialogue with Tumi Jonas whose own reflections appear in the last section of the book that reveals so much of what's possible, yet potentially destructive, in relationships between black and white South Africans today.

A Year in the Life of a "Dead" Woman - Lynnette Porter 2019-09-24

"Perhaps I should have realized that cancer runs in my family. After all, three grandparents and my father and brother perished from this disease. Yet, when I received my colorectal cancer diagnosis, I was surprised. I never expected to be primarily identified as a cancer patient. Following a typical combination of chemotherapy, radiation, surgery, and more chemo, I was presumably cancer-free when my post-treatment scans looked clean. Nonetheless, within a year I received a terminal

diagnosis; cancer had metastasized in my lungs. Thus began my year as a dead woman--a time of chaotic emotions, new priorities, and rapid-fire plans and changes. Expecting the unexpected became a theme in my life, but the things that turned out to be most shocking are social, familial, and even my expectations about what is realistic for a dead woman to be or do." Preconceptions about a terminal cancer diagnosis frequently are based on popular culture depictions of cancer and dying, which can be misleading as a guide for knowing what to expect when you're expecting to die. This memoir provides one woman's often-irreverent, pop culture-illustrated guide to life that deconstructs some common preconceptions about living with a terminal diagnosis.

Spy - 1990-09

Smart. Funny. Fearless. "It's pretty safe to say that *Spy* was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented" --Dave Eggers. "It's a piece of garbage" --Donald Trump.

"Air-condeshoned Sneakers" - 1987

"The following pages present some of the creative writing endeavors completed ... this year"--P. vii.

Bouquets with Personality - Lucinda Rooney 2021-11-16

Some flowers are team players, content to let their gently expressive hues and textures take a supporting role in an arrangement or bouquet. Others have a domineering, outgoing nature and always insist on being the center of attention. Recognizing flowers' differing personalities—and blending the meek and the bold together in unusual, romantic, and harmonious ways—is at the heart of Lucinda Rooney's floral philosophy. In *Bouquets with Personality*, Rooney divulges her secrets: the materials and tools she's most fond of using, her design influences, her theory of color, and, most important, her insightful "psychology" of the botanical realm. It's that in-depth understanding of how flowers and plants convey emotion that makes this book such an informative and inspirational resource for beginning flower-arrangers, seasoned professionals, and anyone who just loves flowers. The pages are graced, throughout, by Mick Hales' lovely photos of both individual flowers and completed bouquets.

Inside the Painter's Studio - Joe Fig 2009-09-02

"*Inside the Painter's Studio* collects twenty-four remarkable artist interviews, as well as exclusive visual documentation of their studios. Originally intended to serve as research material, these collected interviews emerged as an incredibly useful resource for painters or anyone curious about how and where art gets made. Featured artists - ranging from those already in the history books to those on the cusp of renown - are asked a wide range of questions about their day-to-day creative lives, covering everything from how they organize their studios to what painting tools they prefer. Artists open up about how they set a creative mood, how they choose titles, and even whether they sit or stand to contemplate their work."

Sneakers - Yuniya Kawamura 2016-01-28

This is the first academic study of sneakers and the subculture that surrounds them. Since the 1980s, American sneaker enthusiasts, popularly known as "sneakerheads" or "sneakerholics", have created a distinctive identity for themselves, while sneaker manufacturers such as Reebok, Puma and Nike have become global fashion brands. How have

sneakers come to gain this status and what makes them fashionable? In what ways are sneaker subcultures bound up with gender identity and why are sneakerholics mostly young men? Based on the author's own ethnographic fieldwork in New York, where sneaker subculture is said to have originated, this unique study traces the transformation of sneakers from sportswear to fashion symbol. *Sneakers* explores the obsessions and idiosyncrasies surrounding the sneaker phenomenon, from competitive subcultures to sneaker painting and artwork. It is a valuable contribution to the growing study of footwear in fashion studies and will appeal to students of fashion theory, gender studies, sociology, and popular culture.

Color for Life - Charles Phillips 2004

Colour speaks to us on a deep level, opening doorways to the mind and soul. Our mood and sense of wellbeing can be powerfully boosted or depressed by the colours of the walls, furnishings, and other objects in our homes, of the clothes we wear, of the plants and flowers in our gardens, of the light in our living spaces—even by the colour of the food on our plates. Colour treatments can be used to safeguard and improve health: the therapeutic use of coloured gems, colour-vitalized drinks, and coloured light derives from ancient wisdom that can be traced back at least as far as ancient Egypt, and also finds expression in Indian Ayurvedic medicine. Gathering together and illuminating all these different aspects, "Color for Life" is a lavishly illustrated celebration of the world of colour. An introductory section describes how we perceive colour and how it affects us. Chapters of Colour and Clothes, Colour in Your Home, Colour in Your Garden, Colour and Nutrition, and Colour, Health, and Wellbeing investigate in depth the effects of light and colour, and will empower you to revitalize your home and increase your sense of physical and spiritual wellbeing through the inspired use of colour.

Prosilio - Carol Olsen LaMonda 2011

Carol La Monda spent one memorable childhood summer in 1956 with her family at a quiet, peaceful farmhouse in New Paltz, New York. Four mothers and ten kids ruled the roost, as the fathers worked in the city. It was a time of love and joy—a glorified summer camp for the cousins. How could the children ever have guessed that the fun farmhouse held such a tragic secret? In this Greek family, a tragedy unfolded at the farmhouse years before. Carol's great aunt Philanthe lost her brother, daughter, and grand-daughters, at the hand of her murderous son-in-law. But the murders were kept a secret from the children—a secret that would only be unraveled many years later. *Prosilio: Toward the Sun* is not a memoir of murder, revenge, or despair. Carol's great aunt survived the tragedy; she went on to live her life to the fullest. The children at the New Paltz farmhouse learned their own lessons that summer in 1956, thanks to the careful guidance of loving parents. It is always possible in life to walk away from the shadows, if only we learn to walk into the light.

All the Colors We Will See - Patrice Gopo 2018-08-07

Patrice Gopo grew up in Anchorage, Alaska, the child of Jamaican immigrants who had little experience being black in America. From her white Sunday school classes as a child, to her early days of marriage in South Africa, to a new home in the American South with a husband from another land, Patrice's life is a testament to the challenges and beauty of the world we each live in, a world in which cultures overlap every day. In *All the Colors We Will See*, Patrice seamlessly moves across borders of space and time to create vivid portraits of how the reality of being different affects her quest to belong. In this poetic and often courageous collection of essays, Patrice examines the complexities of identity in our turbulent yet hopeful time of intersecting heritages. As she digs beneath the layers of immigration questions and race relations, Patrice also turns her voice to themes such as marriage and divorce, the societal beauty standards we hold, and the intricacies of living out our faith. With an eloquence born of pain and longing, Patrice's reflections guide us as we consider our own journeys toward belonging, challenging us to wonder if the very differences dividing us might bring us together after all.
