

Busy Gorillas A Busy

Getting the books **Busy Gorillas A Busy** now is not type of inspiring means. You could not only going next ebook addition or library or borrowing from your links to gate them. This is an certainly easy means to specifically get lead by on-line. This online broadcast Busy Gorillas A Busy can be one of the options to accompany you behind having supplementary time.

It will not waste your time. take me, the e-book will totally tune you further thing to read. Just invest tiny grow old to way in this on-line pronouncement **Busy Gorillas A Busy** as skillfully as evaluation them wherever you are now.

Gorilla Beach - Nicole Polizzi 2012-05-15

Gia and Bella return to Seaside Heights for another sexy summer on the beach, where they pursue tans, fun, and the gorilla juiceheads of their dreams.

Gorilla - Anthony Browne 2002

Neglected by her busy father, a lonely young girl receives a toy gorilla for her birthday and together they take a miraculous trip to the zoo, in a tale re-released by popular demand.

Busy Gorillas - John Schindel 2010-10-12

From clinging and swinging, to scratching and napping, the 13th book in Tricycle's popular Busy Book series features gorillas of all sizes taking part in a variety of actions that toddlers can do too.

Beyond Liberation and Excellence - David E. Purpel 1995

The authors' goal is to explore how an alternative, politically viable public discourse on education can be constructed. They examine the kinds of conditions, concerns, and subjectivities that must be attended to in order to develop an effective and resonant new language that can re-focus the purposes of education in this society. The authors' agree that educational discourse must be transformed into a visible, morally and politically vital, public commentary and debate - one that can begin to address the social, cultural, and spiritual crises that now confront humanity.

Lesser Flamingos - Lothar Krienitz 2018-12-31

This book provides insights into the fascinating life of the Lesser Flamingo (*Phoeniconaias minor*) and describes how this enigmatic bird has adapted to the extreme conditions of tropical soda lakes and can even withstand the caustic effects of brine. However, humans are increasingly disrupting the natural cycles of these wetlands, and for these pink birds characteristic of these salt lakes, it is becoming more and more difficult to find suitable habitats, food and breeding grounds. Their fate is considered a cautionary example of man's dealings with nature. Will the Lesser Flamingo survive in a man-made world? Flamingos are considered to be an embodiment of the Phoenix, and the author interweaves his personal experiences with and observations of the flamingos' unusual habitats with the Phoenix motif in order to stimulate reflection on the circle of life. Written in an accessible style that combines science, biological information and the author's own travels and fieldwork, the book also includes a wealth of captivating images. As such, it offers a unique resource for biologists and nature-loving Africa and Asia enthusiasts alike.

Gorillas - Andrea Wang 2014-01-01

Go inside the mind of one of the most intelligent animals on Earth. Learn more about gorillas, how they use their cleverness to survive, and how they are astonishing scientists with their surprising smarts. Complete with well-researched, clearly written informational text, primary sources with accompanying questions, charts, graphs, diagrams, timelines, and maps, multiple prompts, and more. Aligned to Common Core Standards and correlated to state standards. Core Library is an imprint of Abdo Publishing, a division of ABDO.

How We Learn - Stanislas Dehaene 2020-01-28

Humanity's greatest feat is our incredible ability to learn. Even in their first year, infants acquire language, visual and social knowledge at a rate that surpasses the best supercomputers. But how, exactly, do our brains learn? In *How We Learn*, leading neuroscientist Stanislas Dehaene delves into the psychological, neuronal, synaptic and molecular mechanisms of learning. Drawing on case studies of children who learned despite huge difficulty and trauma, he explains why youth is such a sensitive period, during which brain plasticity is maximal, but also assures us that our abilities continue into adulthood. We can all enhance our learning and memory at any age and 'learn to learn' by taking maximal advantage of the four pillars of the brain's learning algorithm: attention, active engagement, error feedback and consolidation. The human brain is an extraordinary machine. Its ability to process

information and adapt to circumstances by reprogramming itself is unparalleled, and it remains the best source of inspiration for recent developments in artificial intelligence. *How We Learn* finds the boundary of computer science, neurobiology, cognitive psychology and education to explain how learning really works and how to make the best use of the brain's learning algorithms - and even improve them - in our schools and universities as well as in everyday life.

Gorilla Dreams - Sue Hampton 2014-08-07

Mr Eden is a teacher with the magic to make stories live. Here he offers his class two very different GORILLA DREAMS. First there's the crazy, knockabout humour of Gilbert's story. He's a gentle gorilla who wants to be cool - like his classmate Groover the Mover on his skateboard and motorbike. But Gilbert has a secret that could make a fool of him.

Secondly there's Sanyu, one of a troop of silverbacks in Uganda and everything the wildlife books describe - except that he loves to dance. He shares his story with a girl called Akello, whose life is touched by sadness, poverty and danger, but also courage and beauty. The spellbinding Mr Eden is a storyteller, but a character too. What does he know of gorilla dreams? Book reviews online: [PublishedBestsellers website](#).

The Wildest Game - Daniel P. Mannix 2015-02-24

Peter Ryhiner — hero, adventurer, and romantic — was one of the world's most active wild animal collectors. Born in Basel, Switzerland, on January 1, 1920, Peter knew by the time he was eight years old that he wanted to be a naturalist and explorer — and thought about nothing else. His parents listened to him with good natured amusement, but were not so amused when his interests caused him to flunk out of two schools and precipitated his expulsion from a third for truancy. Eventually, throwing up their hands in frustration, his family cut off his funds, and Peter had to use all his ingenuity to figure out how to continue collecting and studying animals — including breeding and developing unusual strains of mice, taming adders, and holding tortoise races. By the age of twenty, after a brief stint in the calvary during WW II and some time spent working for Geigy, a Swiss chemical company, he and an associate from Geigy's began importing animals as a side venture and Peter was soon launched in the animal business. His journeys led him around the globe, straight through Europe, South America, Africa and Asia, where he captured and sold thousands of animals to zoos and wildlife parks. His adventures were astonishing — trampled, crushed, chased, bitten, and almost drowned — the animals he sought not only provided Peter with a lucrative, though unpredictable, career, but repeatedly inspired a greater and greater curiosity and love for the wild animals of the world. Peter Ryhiner rarely carried a gun, his intention was not to harm but to study and learn and to educate others, and, in fact, he was a man with a vision well ahead of his time. As his success grew he was sought as a lecturer and made many television appearances. Soon, however, currency restrictions, conservation laws, regulations against importing or exporting many species, and transportation costs took their toll. Although increased awareness and protection of wild animals was desperately needed, new laws and higher costs meant that Peter Ryhiner and other wild animal collectors of the time gradually faded into oblivion.

Gorillas - Lori McManus 2013-05-09

Each title in this series contains information about non-human primate classification, habitats, adaptations, food chains, life cycles, behaviours and intelligence. Includes maps, charts, photographs and creature profiles.

Gorilla Theory - Henry Chuks 2013-06-26

Be better at getting things done. Be better at delivering projects in your personal and professional life. *Gorilla Theory* is a new set of principles that aims to help anybody involved with or managing a project to better understand their role in the project and to be more adept at handling their tasks and workload, and managing the project's delivery, and being more alert for the issues that may arise in any project. It works as a

framework that relies upon checklists and personal check gateways, ensuring that the constituents of a project never are defined as correctly as possible (from project initiation to 'when needed') and do not get too out of control in a project that is already underway.

Gorilla Theatre - Christopher Carter Sanderson 2003

First Published in 2003. Routledge is an imprint of Taylor & Francis, an informa company.

Everything is Better with a Gorilla - Andrew Gall 2010-06-18

Being best buds with a great ape is basically the most awesome thing in the entire world. They're excellent wingmen. They're accomplished bargain hunters. And their impressive dexterity makes them the perfect ping-pong partners. The perks are pretty much endless. Whether you need a hand organizing an Olympic-caliber bobsled team or fancy a leisurely stroll, a Gorilla is the ideal companion for whatever it is you're game to do. And the guidance they give is the absolute tops. Gorillas know the dish on the hippest eateries around and provide financial advice that's unbelievably sound (as they hold true to a "don't spend what you don't have" policy). Everything Is Better with a Gorilla because, well, it just is.

Gorillas & Chimpanzees - Richard Lynch Garner 1896

The White Gorilla - Bruce Holmberg 2008-04-29

Everywhere you look, there are warnings. On food labels, at the gas stations, in our cars, on our clothes, even the toothpaste we use. There are warnings at every level of life, but the one warning that Seymour will never forget is what his father and grandfather always drilled into him. Never touch a White Gorilla. But the question is, Why? Does this creature even exist? Unravel the intriguing answers in *The White Gorilla*, a fascinating novel by Bruce Holmberg. The White Gorilla has been an urban legend for hundreds of years and based in many different cultures. Asylum Falls is the last place the White Gorilla is spotted. Seymours newest Dimples Donut Hole Shoppe was built in Asylum Falls not by accident but by design. The grand opening is going to cause more than minor problems for Seymours friends and take a tragic turn one which is going to shape all their lives. Seymour has to know if the White Gorilla is real and why his father and grandfather had told him, Never touch a White Gorilla. Will Seymour live to regret finding the answers to his questions?

A Pelican Swallowed My Head - Edward R. Ricciuti 2002

Presents stories about some of the animals that live at the Bronx Zoo and the staff members who work there.

Gorillas Among Us - Dawn Prince-Hughes 2001

Chronicles the days of a gorilla family, offering insight into their diet, communication, behavior, and recreation, provoking human introspection.

Gorilla Justice - Carl R. ToersBijns 2012-01-03

Gorilla Justice Caged War Veterans and the Mentally Ill in Solitary Confinement - Toxic and Harsh prison conditions - a Reality check Gorilla Justice is an un-edited raw fictitious parable about a returning Iraqi war veteran who is incarcerated for a crime that may have been forgiven as an accident but was prosecuted under the guise of tough on crime rhetoric by politicians and local prosecutors yearning recognition and power. This book follows the ex-soldiers trials and tribulations as he combats those elements detrimental to his own survival as he learns how to cope with hopelessness and despair that contemplates suicide for him and many others. During his incarceration period he is exposed to the harsh and toxic prison environment as it really exists today in Americas darkened prisons. Cyrus Grossman, a former Army Airborne Ranger, comes home from the war and is basically a good person who has already experienced the impacts of PTSD from the war and other personal tragedies but suffers trauma through his denial for treatment and counseling. Cyrus is a fictional person who experiences reality strewn with real life events and experiences of persons incarcerated under such horrific prison conditions throughout the United States. Each event written resembles or counterfeits happenings in various prisons operating under administrative conditions that are reflections of Abu Ghraib type of DNA but seemingly ignored by the Department of Justice and those local state and federal officials in charge of protecting prisoners civil rights and offering humane treatment. The awareness to this phenomenon is brought to the reader through anecdotal and empirical evidence supported by many experts of solitary confinement and its psychological and physiological effects on the human mind. This book documents what Cyrus sees, hears, smells and touches the lunacy of his cellmates and fellow prisoners inside this man-made hell-hole.

Gorilla Dating - Kristen Ethridge 2021-04-28

Kate Cormick is at a crossroads. She's ended both her long-term relationship and her long-term career and is trying to rebuild her life among the hills of Austin, Texas. Kate feels like her new co-workers are a pack of zany animals who all receive primate-themed nicknames, and it's not just because her team is managing the opening of the new Capitol of Texas Zoo. When consultant Jack Cooper joins the team, Kate knows a good word from him to her boss will solidify the career path she's now on. But the word she doesn't count on is love. When the up-and-comer that Kate has dubbed the "Queen Chimp" tells the entire office a secret, Kate's new career path is at risk. Will Kate put her life back in a cage or find the faith in herself to take a stand and create the future she's dreamed of?

Songs of the Gorilla Nation - Dawn Prince-Hughes, Ph.D. 2004-03-09

"This is a book about autism. Specifically, it is about my autism, which is both like and unlike other people's autism. But just as much, it is a story about how I emerged from the darkness of it into the beauty of it." In this elegant and thought-provoking memoir, Dawn Prince-Hughes traces her personal growth from undiagnosed autism to the moment when, as a young woman, she entered the Seattle Zoo and immediately became fascinated with the gorillas. Having suffered from a lifelong inability to relate to people in a meaningful way, Dawn was surprised to find herself irresistibly drawn to these great primates. By observing them and, later, working with them, she was finally able to emerge from her solitude and connect to living beings in a way she had never previously experienced. *Songs of the Gorilla Nation* is more than a story of autism, it is a paean to all that is important in life. Dawn Prince-Hughes's evocative story will undoubtedly have a lasting impact, forcing us, like the author herself, to rediscover and assess our own understanding of human emotion.

God—or Gorilla - Constance A. Clark 2008-08-04

Engagingly written and deftly argued, *God—or Gorilla* offers original insights into the role of images in communicating—and miscommunicating—scientific ideas to the lay public.

Gorilla with Cellulite - Rosaria La Pietra 2017-03-17

A Spiritual Romantic Comedy born from the authors vision to combine spirituality, romantic comedy with a good dose of personal experience, *Gorilla with Cellulite* is the first in its genre. Its a journey of self development of a young modern woman (Kate), who is feeling deflated and unhappy about her current life situation. Hesitantly, she turns to spirituality as the last attempt to find happiness. She begins to read a book about the laws of metaphysics and keeps a journal in her Mac to track her progress. Poor self-image, low self-esteem leads her into the arms of deceit and sorrow. Can spirituality really save her? Will she ever find love?

Gorillas - Tammy Gagne 2017-08-01

Introduces readers to the life, diet, habitat, behavior, and physical description of gorillas. Colorful spreads, fun facts, diagrams, a range map, and a special reading feature make this an exciting read for animal lovers and report writers alike.

Gorilla Warfare - Laurie S. Sutton 2011

The super-villain Gorilla Grodd has unleashed an army of robot chimps on Central City, and only the Flash can stop him before he turns all humans into obedient monkeys.

The Ice Gorilla - Wesley Jones 2011-08-11

When Dr. Will Freeman, a struggling, widowed university professor, is laid off from his position at the local university his life begins to take a sharp downward spiral. A reprieve comes in the form of a one foot long claw which is proffered to him; along with a substantial amount of money and an offer to join a team in search of the creature to which the claw may belong. With nothing to lose and everything to gain, he accepts the invitation to join the expedition to the Canadian Arctic. The team travels in search of a creature that might or might not exist and they soon discover the ice shelf they are on has many mysteries to be revealed, both ancient and lethal. Discover this land of ice and biting cold, where man is not the dominant species on the food chain, and where what seems obvious is anything but. In this heart pounding, gut wrenching, page-turning adventure, journey to a place where survival of the fittest is not only an old adage but an absolute, real fight for life.

Gorilla Dawn - Gill Lewis 2017-01-31

Two children captured by a band of rebel soldiers in the Congo vow to protect an orphaned gorilla baby in this powerful, thought-provoking, and vividly compelling novel from award-winning storyteller Gill Lewis. Deep in the heart of the Congo, a baby gorilla is captured by a group of rebel soldiers. Imara and Bobo are also prisoners in the rebels' camp. When they learn that the gorilla will be sold into captivity, they swear to return it to the wild before it's too late. But the consequences of getting

caught are too terrible to think about. Will the bond between the gorilla and the children give them the courage they need to escape?

Gorilla GRIP - - TIPS! - Rahul Mookerjee 2020-04-02

My world famous Gorilla Grip has been doing the rounds for a while now - as has Gorilla Grip (Advanced) - - as well as a compilation I put out. Combined with 0 Excuses Fitness, these books have literally REVOLUTIONIZED the world of fitness - and building supreme levels of health, fitness, STRENGTH and vitality as we know it. And it should come as no secret that these projects are amongst my pet favorites as well. The 0 Excuses faithful KNOW that grip training - and building that "unnatural grip" - - that "kungfu like grip" is one of my hobbies, so to speak - - and hence the grip manuals. And now, I've gone one step FURTHER, my friend. I've put together my overall training knowledge into a 100 PLUS page course - 25 motivational and down to earth workout tips primarily aimed at improving your GRIP - and upper body strength - -but the icing on the cake is this - - you CAN apply these tips to ALL your workouts in general, even if those are WEIGHTLIFTING workouts! What you can expect to get from this course •25 tips that you can apply to not only your GRIP workouts - but also ANY other workout you so choose - including weight lifting. Its the principles that count, my friend, and these are EVERGREEN, TIMELESS principles that will hold you in good stead no matter what type of workout you engage in. •How you can get a killer workout with NO special equipment whatsoever - not even your own body, if you choose not to do bodyweight exercises (I ain't kidding there!) •One of the tips will cover an exercise the ancient Spartan warriors did before BATTLE - an exercise that by ITSELF is worth the ENTIRE price of admission for this course, and then some! And believe me, this exercise is so simple that it will blow your SOCKS off when you learn about it. You'll literally be staring goggle eyed at the screen and going "heck, I never did think about THAT!" •Grip combo workouts that will burn fat at record speeds as well as build grip strength and muscle throughout the entire core and upper body - not to mention LEGS as well. •You'll learn about an exercise that is possibly the BEST grip exercise out there - - and its so simple it'll have you scratching your head (again) wondering why "I didn't think of this before"! •You'll learn how legendary wrestler Dan "The Man" Hodge got to the point where he crushes apples for "fun" - - at the ripe "young" age of 80. Again, THAT one tip is probably worth the entire price of admission for the course, even if I say so myself! •For those of you that just "have" to lift weights - - well, do so. Something is better than nothing, and I'll tell you the RIGHT way to lift weights to develop that bone crushing grip you're after. •How to build yourself up to the point that people literally "shy away" from shaking hands with you- - and this is being said in a good way, hehe. •Ruggedly strong HANDS - and vascularity that you've always wanted - and the sort of workouts that will GET you there. And much, much more. Jump on this NOW, my friend - the price isn't going to remain at what it is now forever!! Best, Rahul Mookerjee

The Gorilla Man and the Empress of Steak - Randy Fertel 2015-02-25
The Gorilla Man and the Empress of Steak is the story of two larger-than-life characters and the son whom their lives helped to shape. Ruth Fertel was a petite, smart, tough-as-nails blonde, with a weakness for rogues, who founded the Ruth's Chris Steak House empire almost by accident. Rodney Fertel was a gold-plated, one-of-a-kind personality, a railbird-heir to wealth from a pawnshop of dubious repute just around the corner from where the teenage Louis Armstrong and his trumpet were discovered. When Fertel ran for mayor of New Orleans on a single campaign promise—buying a pair of gorillas for the zoo—he garnered a paltry 308 votes. Then he purchased the gorillas anyway! These colorful figures yoked together two worlds not often connected—lazy rice farms in the bayous and swinging urban streets where ethnicities jazzily collided. A trip downriver to the hamlet of Happy Jack focuses on its French-Alsatian roots, bountiful tables, and self-reliant lifestyle that inspired a restaurant legend. The story also offers a close-up of life in the Old Jewish Quarter on Rampart Street—and how it intersected with the denizens of “Back a’ Town,” just a few blocks away, who brought jazz from New Orleans to the world. The Gorilla Man and the Empress of Steak is a New Orleans story, featuring the distinctive characters, color, food, and history of that city—before Hurricane Katrina and after. But it also is the universal story of family and the full magnitude of outsize follies leavened with equal measures of humor, rage, and rue.

Everything Under the Sun - Molly Oldfield 2021-09-09

"An absolute delight" - David Walliams "One of the best kids books I have ever had the pleasure of reading" - Pandora Sykes "Truly ace and answers every question your children may ever need answered" - Sophie Dahl A collection of 366 curious questions asked by children from around

the world, based on the award-winning podcast by original QI Elf, Molly Oldfield. How much bamboo can a giant panda eat? Do aliens exist? What we would do if we didn't have a prime minister? Why do hammerhead sharks have such strange-shaped heads? Find out the answers to these curious questions and much, much more! Ponder where ideas come from with award-winning illustrator, Rob Biddulph. Find out why you taste things differently when you have a cold with Michelin star chef, Heston Blumenthal. Learn about everything from how astronauts see in the dark to what the biggest dinosaur was with experts from the Natural History Museum. Fascinating facts are accompanied by gorgeous illustrations making the perfect gift for Christmas. Whether you read a question a day, or dip into it whenever you are feeling curious, this is a book to treasure and share all year round. Illustrated by Momoko Abe, Kelsey Buzzell, Beatrice Cerocchi, Alice Courtley, Sandra de la Prada, Grace Easton, Manuela Montoya Escobar, Richard Jones, Lisa Koesterke, Gwen Millward, Sally Mullaney, and Laurie Stansfield. Praise for *Everything Under the Sun*: "Trivia fans will relish *Everything Under the Sun*" - The Guardian "A wonderful gift for families" - Evening Standard "This is a book to treasure all year round" - My Baba "As cute as it is educational" - Babyccino Kids "A wonderful collection of 366 curious questions about everything from science to nature, dinosaurs to space" - Scottish Sun "Simply mesmerising compendium" - Waterstones "A beautiful gem of a book" - BookTrust "Fascinating for anyone who opens it" - Red magazine

Encountering Gorillas - James L. Newman 2013-07-05

Newman brings a lifetime of study to this exploration of the varied interaction between gorillas and humans. Tragically, most gorillas are now endangered, and those in zoos and sanctuaries now lead much more secure lives. This compelling book helps us understand how our image of gorillas has been distorted and clarified through culture and science and how we now control the destiny of these magnificent apes.

Love and Love - Naomi Magic 2014

Her powerful memoirs Amazing page turner Full of lip laughs and exciting short stories.

Six-Gun Gorilla - Unknown Author 2016-12-07

A FICTION HOUSE PRESS FIRST EDITION: The Six-Gun Gorilla, named O'Neil, was raised by Bart Masters during the 1800's at a gold-mine in Colorado. Masters taught the gorilla many chores including shoot-ing a six-gun. Masters was killed by the Strawhan Gang and O'Neil was left for dead. When the gorilla regained consciousness and found his master dead, the ape's out-rage at the killing was intense and he swore he would kill the men who killed his owner. Our publication includes all of the original illustrations from the British paper ""The Wizard.""

Gorilla Dreams - Georgianne Nienaber 2006

This is a biographical interpretation of the primatologist's life that honors the African belief that the dead live on in spiritual form.

On the Gorilla Trail - Mary Hastings Bradley 2005

"In the Congo your worst fears are never realized. Something that you didn't fear happens instead." --Mary Hastings Bradley Mary Hastings Bradley records the events of a 1921 safari with her husband, Herbert Bradley, five-year-old daughter, and her friend, the renowned sculptor and taxidermist Carl Akeley. Akeley was searching for gorilla specimens for the African Hall he was in the process of redesigning for the American Museum of Natural History in New York City. Well into the twentieth century, this largest of primates was more a figure of myth than of natural history.

First Among Equals - Patrick J. McKenna 2012-12-11

Managing people when you're not their boss is a challenge, particularly in professional service firms where, increasingly, top professionals are being tapped to lead their peers. Now Patrick McKenna and David Maister provide a 'play book' for professionals trying to be both a team member and coach. In industries ranging from banking and insurance to law and engineering, as well as in research labs and software companies, management responsibility is increasingly delegated - usually without guidance - to those who head up smaller teams of professionals. FIRST AMONG EQUALS speaks directly to those who have gone from focusing on their own performance to being a group manager in charge of leading others. From understanding the group leader role to setting terms of reference and effectively dealing with talented prima donnas, McKenna and Maister present a thorough introduction to managing and orchestrating talent.

Gorillas Up Close - Christena Nippert-Eng 2016-04-19

Have you ever wondered how experts train a gorilla? Or what design features make a great gorilla habitat? Did you know that some gorillas can solve problems on giant touch-screen computers? Filled with facts

and photos, *Gorillas Up Close* takes us into the world of gorillas. Explore the differences between gorillas in zoos and in the wild with the gorilla family troop in Chicago's Lincoln Park Zoo. Readers will delight in the similarities gorillas share with humans while finding out more about these incredible animals.

Last Meeting of the Gorilla Club - Sara Nickerson 2019-08-27

A moving new middle grade novel about childhood anxiety and grief, from the author of *The Secrets of Blueberries, Brothers, Moose, and Me*. Eleven-year-old Josh Duncan has never had much luck making friends--not the real kind, anyway. Moving to a new town is supposed to be a chance to leave behind the problems that plagued Josh at his last school. Problems like Big Brother, Josh's favorite and best friend. Because, as Josh's parents tell him, he's too old to still have imaginary friends. But even before the first day of school is over, Big Brother reappears--and he's not alone. Only this time one of Josh's imaginary friends seems to be interacting with another boy at school, Lucas Hernandez. Can Lucas see them, too? Brought together by an unusual classroom experiment and a mysterious invitation to join something called the Gorilla Club, Josh and Lucas are about to discover how a unique way of seeing the world can reveal a real-life friend.

Gorilla Warfare - James Quinn 2021-12-07

Glasgow, Scotland, 1981. The McLachlan family have dominated the criminal underworld for more than a decade. Masters in extortion, murder and heroin trafficking, they hold the city in their iron fist. But a war is coming to Glasgow; a war unlike anything the McLachlans have known before. Over the course of one night, they will discover the wrath of one man: Jack "Gorilla" Grant, former spy and now freelance assassin. And he plays by his own set of violent, unforgiving rules.

The Laughing Gorilla - Robert Graysmith 2009-10-06

During the 1920s, in more than a dozen cities, over four years, and across two continents, women were being butchered. Eyewitnesses claim the perpetrator was a hulking Bible-carrying brute who lumbered on all fours, and laughed maniacally with each new slaughter. The crimes haunted San Francisco Police Captain Charles Dullea, the last honest cop in one of the most notoriously corrupt departments in the country. But nothing could have prepared Dullea for where the case- and the truth- would take him.

First Among Equals - Patrick J. McKenna 2002

A guide to managing professional environments by two noted business consultants provides readers with the "play book" for inspiring employees to do their best on the job as it furnishes helpful guidance on the art of leadership. 25,000 first printing.
