Language Policy and Education in India - M. Sridhar 2016-08-05

This book presents a history of English and development of language education in modern India. It explores the role of language in colonial attempts to establish hegemony, the play of power, and the anxieties in the nineteenth- and early-twentieth-century India. The essays in the volume discuss language policy, debates and pedagogy as well as larger overarching questions such as identity, nationhood and sub-nationhood. The work also looks at the socio-cultural and economic factors that shaped the writing and publishing of textbooks, dictionaries and determined the direction of language teaching, specifically, of English language teaching. Drawing on a variety of archival sources — policy documents, books, periodicals — this book will be of great interest to scholars and researchers of linguistics, language teaching, cultural studies and modern Indian history.

Marginalized: Indian Poetry in English - Smita Agarwal 2014-01-02

Indian writing in English, especially fiction, continues to capture the attention of readers all over the English-speaking world. Conversely, the strong and flourishing tradition of poetry in English from India has not impacted the contemporary world in the same manner as the fiction. This book creates a debate to highlight the well-grounded and confident tradition of Indian Poetry in English which began almost two hundred years ago with the advent of the British. Individual essays on poets before and since the Indian Independence focus on the poetry of Derozio, Tagore, Aurobindo and Naidu right down to the modern and contemporary poets like Ezekiel, Mahapatra, Ramanujan, Kolatkar, Das, Moraes, Daruwalla, de Souza, Jussawalla and Patel who ushered in a change both in terms of subject matter and style. On either side of the Atlantic, this book which includes a substantial Introduction, Select Bibliography and Index is of value to scholars, teachers and researchers on Indian Poetry in English.

Tagore-At Home in the World - Sanjukta Dasgupta 2013-02-08

This volume of 22 essays spans a wide trajectory, foregrounding the texts of Tagore and Tagore as text. The Tagorean spirit that makes the bard so relevant in the 21st century forms the basis of this compilation. Tagore's travels to various parts of the world, his reception and response to diverse cultures, his scepticism about the rigid parameters of nationalism all establish the perception that Tagore was remarkably at home in the world. Tagore's concern was with life, play and contingency-with the momentary as well as the eternal. It is this strain of unacknowledged modernism and life-affirming vision that make his work powerful. A believer in freedom of the individual, creative freedom and freedom of all, his words are as pertinent in today's context as they were in his time. This volume analyses how the constrictions of the specificities of place, location and geographies have always been interrogated by Tagore for whom space was a defining trope. With contributions from some leading Tagore experts both from India and abroad, this volume enables us to re-read Tagore as a messenger of world harmony and peace.

ENGLISH SOCIAL AND CULTURAL HISTORY - CHOUDHURY, BIBHASH 2019-05-01

The second edition of the book, with its emending and updated text,

provides a glimpse into the English life and culture, starting from the middle ages to the twenty-first century. As the English life and culture are inextricably interwoven with the literary traditions of England and its myriad aspects, this study provides significant insights into the field of English literature and the contexts it emerges from. The text begins with a description of English life and culture from the Medieval period to the Renaissance. The author gives a masterly analysis of such subjects as Feudalism, Medieval Drama and literature, the Renaissance, the Reformation and most significantly, the Elizabethan Theatre. A new sub-section on 'Women Writers of the Renaissance' has been added to this chapter. Then, the text goes on to describe in detail about the Restoration Period and the Age of Reason. Besides, the book gives a wealth of information on important topics like Romanticism, the Industrial Revolution, Victorianism and Victorian literature. The text concludes with a chapter that deals on Modernism, Literature and Culture in the Postmodern World, and Aspects of Contemporary Culture and Society. In the last chapter, two sub-sections have been introduced on 'British Fiction in the Twenty-First Century' and 'Brexit'. What distinguishes the text is the provision of a Glossary at the end of each chapter, which gives not only the meaning and definition of the terms but also provides the entire cultural background and the history that these terms are associated with. Students of English literature—both undergraduate honours and postgraduate students—will find this book highly informative, enlightening, and refreshing in its style. In addition, all those who have an abiding interest in English life and culture will find reading this text a stimulating and rewarding experience TARGET AUDIENCE • BA (Hons.) English • MA English Literature/English Universal Secondary Education in India - Jandhyala B. G. Tilak 2020-07-24

This book offers a cutting-edge contribution on the importance of secondary education and assesses the strengths and weaknesses of its growth in India. Secondary education, long neglected, faces countless challenges and will require tremendous financial resources, millions of additional trained teachers, and vast infrastructure in terms of buildings, laboratories, libraries, ICT facilities, etc. The book examines these critical issues, with particular reference to the situation in India. It analyses the status quo of secondary education and discusses the strategies and approaches needed in order to universalize it. Including 20 chapters authored by eminent scholars in the field and from across the country, this book gathers the outcomes of a seminar organized by the Council for Social Development on Universalization of Secondary Education. The target audience includes policymakers, practitioners, administrators, education planners, researchers, teachers, and teacher educators with an interest in the future of secondary education.

Exploring English Language Teaching in India: Theory & Practice - Nidhi Sharma

The expansion of theories and practices of Teaching English Language in India has been very prominent and conspicuous during the recent few years. For many, this mirrors the strength of contemporary second Language Teaching in the country. Development of new practices and ways of dealing with planning language projects and materials mirrors more proficient and more compelling methods of Language teaching. Teaching English Language depends on more extensive assortment of methodological alternatives adopted by language teachers. The language Teachers have adopted new practices, techniques and materials as per the requirements of students, the penchants of teachers, imperatives of the everyday schedule setting, and the COVID-19 situation. However, the wide assortment of theories and practices still bewilders rather than provides solace. Most importantly, some are confused by the absence of thorough theories of what practices, methodologies and techniques are to be adopted for the benefit of the learners. This book is brought out to address the present circumstance. It is an endeavor to portray, put

together, organize and present contemporary theories and practices in language teaching.

[Science Education in India](#) - Rekha Koul 2019-09-24

This book brings researchers from across the world to share their expertise, experience, research and reflections on science education in India to make the trends and innovations visible. The thematic parts of the book discuss science education: overviews across K-16 levels; inclusivity and access for underrepresented and marginalized sections; use of innovations including technology in the teaching; and implications for research, practice, innovation and creativity. The book should be of special interest to researchers, school administrators, curriculum designers and policymakers. A timely compilation for current and future generations of academic researchers, teachers and policymakers who are interested in examining the issues facing one of the largest education systems in the world. The book offers unique insights into contemporary topics such as girls in STEM subjects, curriculum reform and developing a generation of future creative thinkers. -Professor Vaille Dawson, The University of Western Australia, Australia. It provides a panorama of challenges in a country of more than 1.3 billion people, 50% being below the age of 25 years. The book arrives at a time in which there are discouraging trends, including a decrease in funding for education. The book chapters are centred on issues that warrant debate to foster awareness of the roles of science education in India and priorities and possibilities for expanding horizons on the road ahead. -Professor Kenneth Tobin, The City University of New York, New York, USA.

[Comparative Ethos in Management](#) - Nikhil Barat 2009

Globalisation has now been accepted as an inevitable development with all its benefits and problems. As teachers of management, we realized the communication gap between managers of different countries who were brought face to face to discuss common issues. Each had his/her own perspective and this book attempts to depict the different shades of lenses through which they view the problem and seeks to offer a rationale for these differences. It is felt that a study of the different traits would enable the growth of mutual understanding and thus make such interactions more objective and fruitful. Critical study of several leading countries in the American continent, Europe, Asia and Australia has been carried out and the discerning traits identified to establish country and time specific trends as also the changes that have taken place and are most likely to happen.

China's Great Leap Forward-II - Lt Gen Gautam Banerjee 2019-04-02
Development of the China Pakistan Economic Corridor is a fulcrum of the

One Belt One Road Initiative through which China seeks to realise the 'Chinese Dream' to be a global power and a regional hegemon. The Corridor connects China's Western Xinjiang with Pakistan's Makran Coast, traversing through one of the most challenging geographic as well as human terrain that would require extra-ordinary engineering resources to execute, massive amounts to fund and extreme political acumen to manage the untameable societal fissures. That indeed is a tall and complex order. The Corridor brings up a host of strategic adversities to India. While pumping-up Pakistan's innate anti-Indian dogma and China's compulsive India-averseness, the Corridor violates India's sovereignty, even if disputed, over the Pakistan Occupied Kashmir, and consolidates the duo's political nexus with conjoined military capabilities against India. India's problems are further exacerbated when the Initiative consolidates Pakistan's illegal occupation of North-Western Kashmir and inter alia seals the severance of India's traditional land connectivity's with Afghanistan and the Central Asian Republics. This Book, besides describing the plans and challenges of construction and gainful management thereafter, highlights that since China believes in crystallising its 'dream' with the backing of political, and by implication, military power, it is obvious that the Initiative would have more than just purely economic consequences.

Hinduism in the Modern World - Brian A. Hatcher 2015-10-05

Hinduism in the Modern World presents a new and unprecedented attempt to survey the nature, range, and significance of modern and contemporary Hinduism in South Asia and the global diaspora. Organized to reflect the direction of recent scholarly research, this volume breaks with earlier texts on this subject by seeking to overcome a misleading dichotomy between an elite, intellectualist "modern" Hinduism and the rest of what has so often been misleadingly termed "traditional" or "popular" Hinduism. Without neglecting the significance of modern reformist visions of Hinduism, this book reconceptualizes the meaning of "modern Hinduism" both by expanding its content and by situating its expression within a larger framework of history, ethnography, and contemporary critical theory. This volume equips undergraduate readers with the tools necessary to appreciate the richness and diversity of Hinduism as it has developed during the past two centuries.

English Literature Made Easy - Dr. Prakash B. Tegghalli 2021-08-14
Art is basically a creation, which is the product of both the man and

nature. Nature creates beautiful fleeting visitations like sunset, snowfall, gorgeous waterfalls, and strange creatures etc. So also, man creates art in imitation of Nature in the form of fine arts. Literature is rather later growth compare to painting and music in the history of mankind. Literature is an art of writing by means of words. It has a direct link with life and its realities. Literature is nothing but the reflection of life. It deals with human hopes, aspirations, joys, sorrows and conflicts. Nothing in the world comes so close to life as literature. In short, it holds mirror up to life and society. Men of literature constantly in touch with social movements and strive hard to reform and correct the social mistakes and failures. So literature acquires human significance as Homer, Ovid, Cicero, Shakespeare, Milton, Carlyle, Tagore, Tolstoy, Rousseau and Voltaire did in the previous generations to solve the problems of their contemporary society. English literature has its unique identity in World's literature. It has acquired more significance during the colonial world. It has become the major discipline of the study at both graduate and post graduate level in almost all the Universities of Globe. Millions of students and teachers constantly read and teach History of English literature in Higher education all over the world. Here, an attempt has been made to simplify the History of English Literature, keeping in mind the receptive and conceptual ability of the students. There is a critical analysis and a microscopic observation of each writer and their contextual relevance of the text. The Book sheds a light on the developments of each genre from Chaucer to T.S Eliot. The stress is laid on major literary movements like Romanticism, Classicism and Realism from the beginning to the end and simplified the concepts. So the content of the book is prepared to appeal the critical ability of the students and their urge to understand it for aesthetic pleasure as well as for competitive examinations. No doubt the book will satisfy the quest of students in gaining the better understanding of the subject clearly at ease. In writing this book I have leaned more or less heavily on almost all the existed literary sources and I acknowledge all these writers and publishers for their explicit reference in the body of the text.

India and Scientific Temper - Jashbhai Patel 1991

Schooling the National Imagination - Shalini Advani 2009-09-02

What is the nature of textbooks produced by a postcolonial society and how do they shape the national citizen? How do they define social roles in society, and influence the way people look at themselves and others? In what way do textbooks reflect the framing visions about societal change? By exploring how language is critical to the development of a postcolonial nation and its shifting responses to global modernity, *Schooling the National Imagination* reflects on these profoundly important questions. Discussing the national education policy in general and the English language policy in particular, Shalini Advani tracks the inner dilemmas of a postcolonial society like India and the troubled

history of its language politics. She looks at state-produced school textbooks, traces how English curriculum both reflects and constructs identity in particular ways, and examines classroom practice in schools. Advani goes on to consider the ways in which ideology shapes pedagogic practice, and how classroom transactions define the meaning of what is taught. Sensitive to theoretical discussions on how power and culture are made visible in textbooks and practice, the book moves between study of policy, textbooks, and classroom ethnography to provide a richly textured account of what language education does.

Secret Writings of Hoshang Merchant - Akshaya K. Rath 2016-07-07

Never a shrinking violet, Hoshang Merchant came out of the closet early in his youth. A bard, a teacher, and a lover who has lived many lives, he is the quintessential gay who once cross-dressed, and yet defies categorization. In *Secret Writings*, he recounts his extraordinary life and splendid experiences ranging across countries and cultures. His is a story of the prejudice and neglect that are part of everyday gay life, and how he channelled his despair into creating poetry. He quotes Rumi, Ghalib, and Mir, and writes with searing honesty about his long and short love affairs, his 'improbable' sex life as both an initiator and a yielding partner, and his inner turmoil. Sex becomes love and love becomes poetry in his writing. Merchant yells at the moral guardians of law and culture, asks uncomfortable questions, and shocks his readers. This rare book opens a window to the myriad worlds of an avant-garde.

Influence of English on Indian Women Writers - K. Suneetha Rani 2017-09-25

This book reveals English as culture, politics, lifestyle and social change in the context of Indian women. English as a symbol of modernity in India was first accessed by men, giving them a new image of masculinity while Indian languages were 'feminized'—seen as meant for women. Among upper-caste women, English was a vehicle for social reform and for lessening seclusion, invisibility and economic dependence. For the so-called lower castes, the language was aspirational, indicating emancipation and empowerment possibilities, and threatening upper-caste dominance. English formed its own language of gender and made women's voices stronger in regional languages, which can be seen in the flowering of women's articles, fiction, biography and letters. This book records the different ways in which women responded to the coming of English into their lives.
