Storying a Reflexive Praxis for Pedagogy -

Ambika Gopal Raj 2022

This volume conceptualizes and distinguishes storying from narrative and storytelling to

establish itself as a method. It theorizes that storying pertains to one's identity, to the unique positions of who one is, how they came to be, and why they came to be (Raj, 2019). Building upon foundational work from Freire, Greene, and Clandinin & Connelly, this book elucidates storying through a new concept-- "emotional truth"--a deeply personal and authentic experience that builds a tangible connection from teller to listener. Such an involved conception of Storying could have the potential to anchor storying as research methodology and as valid pedagogical practice. Further, the chapters in this book establish storying as a concept, method, and as pedagogical practice. Ambika Gopal Raj is Professor of Language Arts and Literature in the Charter College of Education at California State University, Los Angeles, USA. Sharon H. Ulanoff is Professor of Bilingual/Multicultural and Literacy Education in the Charter College of Education at California State University, Los Angeles, USA. .

Conoley 2004-07-26

This work offers effective intervention strategies for managing school violence. Opening with a range of perspectives on student aggression, it provides a comprehensive view on practical interventions at the student, school, and systems levels. Practitioners present empirically-grounded strategies for an array of school settings and situations, seeking to help readers make informed decisions about the approaches that would be most effective in their own environments.; The first part of the text presents information on the nature and prevalence of youth violence today, and outlines strategies geared toward making the school physically safer, establishing clear behaviour standards, providing adequate adult presence, enforcing rules fairly and sanctioning offenders, and creating partnerships with outside agencies.; The chapters that follow describe a range of interventions directed toward aggressive students themselves which have proved highly

effective in outcome evaluation research. These approaches include behavioural classroom management, crises- and gang- orientated interventions, and preventative pre-school programmes. In addition, it details school-orientated strategies such as academic and curriculum interventions, vandalism control, and effective security policy. Exploring the complex relationship among school behaviour, family life, and community, chapters also consider avenues toward effecting change in the larger context of the students' lives.; A hands-on manual for dealing with some of the most intractable problems education professionals face, this book offers extensive information for school psychologists and researchers.

Discover Your Divine Purpose - Margaret Mutandwa
2017-09-22

A divine pathway recoups the neglected youths suffering from broken hearts, the victimized parents, and all those who are vulnerable to abuse despite their age. Ironically, without

judging, everybody is biblically guiltless. Regrettably, conspiracy and disorderly pressure from community is tarnishing lives of the young generation. Some children are victims of decisions made by parents and it has affected their lives though with some it is by own choice and peer pressure from bully friends. The devil is also gravely flirting with teenagers corrupting their mindset through social media especially internet. Teenage pregnancy, drugs, magazines and bullying the innocent is the devils work because teenagers of today are the witnesses of coming of Christ. Knife and gun gangs are roaming the world streets at an unprecedented rate and fear of muggers is tormenting and crippling the society 24/7. Some single parents blame their status because of the behaviour of their children. Some couples are also failing to control their teenage children. As a result, the Victorian times of high opinion of elders is now regarded as a thing of the ancient. Parents are neglecting their children because of parenting

ineffectiveness and at times out of fear. Presumably, lacking of common ground with teenage children is a grey area impediment. As a parent, I urge all parents by the love of Christ to amalgamate and save the young generation from the spineless world for today is their tomorrow. Truthfully, only the incorruptible Spirit of God can regenerate the bruised inner being of the deprived teenagers that is if their passion is Christ-like. The same Spirit moulds parents to be real models to youths. Every day is a learning curve. No one is perfect and learning does not end. Parents should not blame themselves or the children for bad behaviour though there is always a cause. They should leave no stone unturned and find the root cause first.
