**Parent-Child Relations (Albanian Language)**

- Hisham Altalib 2022-01-01

This easy-to-read, comprehensive guide contains what you need to know on how to parent with confidence. Packed with advice and powerful tips, using the latest research on child development and parenting techniques, it offers a mine of information on how to let children flourish, take the frustration out of parenting and develop happy family relations. Authors provide guidance on developing character, knowledge, values, and skills, as well as a faith-based outlook in children, benefitting parents with kids of all ages. The many strategies and techniques offered include teaching children how to problem-solve, make decisions, and develop self-esteem. Raising God conscious, moral, successful children, with a sense of civic responsibility in today's world is not easy. It is also not impossible. Effective parenting is the key.

Theorien der Persönlichkeit - Calvin S. Hall 1978

*Der moderne Staat* - Arthur Benz 2011-12-02  
Verliert der Staat an Bedeutung? Sind die Globalisierung der Ökonomie, die Internationalisierung bzw. Europäisierung der Politik, die Überlastung wohlfahrtsstaatlicher Verteilungspolitik, die Grenzen hoheitlich-hierarchischer Steuerung in der funktional differenzierten Gesellschaft sowie die Diskrepanz zwischen dem Legitimationsbedarf und den Leistungen des demokratischen Staates dafür verantwortlich? Hat der Staat an innerer Souveränität gegenüber der eigenen Wirtschaft wie an äußerer Souveränität durch Einbindung in internationale Organisationen verloren? Kann man gar von einem Niedergang des Staates sprechen? Das Buch stellt aus dem Blickwinkel des akteurszentrierten Institutionalismus ein analytisches Instrumentarium für Politikwissenschaftler bereit, die sich mit dem Staat befassen wollen. Eine solche Herangehensweise hat den Vorteil, dass sie der empirischen Forschung nur wenige theoretische Prämissen voranstellt. Aber auch andere Staatstheorien werden berücksichtigt. Das Buch

stellt aus dem Blickwinkel des akteurszentrierten Institutionalismus ein analytisches Instrumentarium für Politikwissenschaftler bereit, die sich mit dem Staat befassen wollen. Eine solche Herangehensweise hat den Vorteil, dass sie der empirischen Forschung nur wenige theoretische Prämissen voranstellt. Aber auch andere Staatstheorien werden berücksichtigt. Einer Etymologie und Geschichte des Staates schließt sich die Definition seiner Akteursqualitäten an. In diesem Teil werden auch Begriffe wie Nation, Gesellschaft oder Verfassung zum Staat in Bezug gesetzt. In einem dritten Schritt stellt der Autor die Akteure im Staat vor, um im Schlusskapitel den auch vom Handeln sub- und suprastaatlicher Akteure beförderten Wandel der Staatlichkeit zu beschreiben. Somit stellt der Band alle für die politikwissenschaftliche Analyse des Staates relevanten Kategorien und Analyseelemente zusammen. Ergänzt um ein umfangreiches Literaturverzeichnis, eignet sich der Band für alle an Staatstheorie Interessierten, Politikwissenschaftler wie wissbegierige Laien. Zur Neuauflage: Für die zweite Auflage wurde der gesamte Text revidiert. Dabei wurden Fehler korrigiert und neuere Literatur eingearbeitet. Darüber hinaus wurde das erste Kapitel stark überarbeitet. Die Darstellung zur historischen Entwicklung ist um einen Abschnitt zur besonderen Entwicklung in Mitteleuropa erweitert worden. Völlig neu gefasst wurde Abschnitt 1.3 zu Staatstheorien, der nunmehr darauf zielt, nicht nur die jeweiligen Theorien klarer darzustellen, sondern auch die dieses Buch leitende Perspektive deutlicher zu machen.

*Jenseits von Freiheit und Würde* - B. F. Skinner 2018-12-18

In seinem höchst beunruhigenden und provokativen Buch hat B. F. Skinner aus Methoden und Resultaten seiner jahrzehntelangen Forschungsarbeit die Summe gezogen und darauf eine Analyse von Zustand und Zukunft der Gesellschaft und des einzelnen Menschen aufgebaut. Die Krise, in der sich die Weltzivilisation befindet, kann nur überwunden werden, wenn das Verhalten des Menschen von Grund auf neu motiviert wird. Die einzige Überlebenschance sieht Skinner in einer

radikalen Revision der geheiligten Ideale von Freiheit und Würde. Diese machtvoll wirksamen Wertvorstellungen haben in der Geschichte stets eine wesentliche Rolle gespielt beim Kampf des Menschen gegen Tyrannei, Despotie und andere Formen autoritärer Herrschaft. Obwohl Skinner ihre wichtige historische Funktion durchaus sieht, gibt er den nahezu religiös verehrten Dogmen von Freiheit und Würde die Hauptschuld an dem gefährlichen Götzenkult, in welchem mittlerweile der Idee vom autonomen Menschen gehuldigt wird. Freiheit und Würde sind Tabus, ihre kritiklose Verinnerlichung hat schwerwiegende Folgen, vor allem weil sie uns an der hergebrachten Bestrafungsethik festhalten lassen und so die Entwicklung einer effektiveren kulturellen Praxis vereiteln.

Ardhja e Antropologjisë në Shqipëri - Albert Doja 2021-01-01

Një dorë manushaqe të egra për mendime të thella në studimet shqiptare. Askush nuk ka shkaktuar më shumë shkëndija intelektuale për të nxitur me kaq elegancë imagjinatën e rërkimore shkencore në Shqipëri. This is a collection of works translated in Albanian, aimed at showing how anthropology emerged and developed in Albania at the crossroad of Eastern and Western Europe. Albert Doja tries to identify different forms of distinction between folkloric-ethnographic studies and contemporary anthropology, emphasizing the necessity of embracing anthropological methodology in today's Albanian studies as a way to analyze and interpret Albanian specificities as an integral part of world processes. In these writings, he explores a number of issues related to the state of Albanian studies, cultural heritage and national history, including the social, political, ideological, cultural and moral transformations related to identity processes, religious questions or gender relations. His comparative analyses of history, culture, politics and society in Albania and Southeast Europe reveals the various academic cultures in which he had contributed and had gained experience, including the debates between structural anthropology and post-structuralism in the perspective of new theoretical approaches.

Contemplation (Albanian Language) - Malik Badri 2020-01-01

The human race is in crisis and very few of us – if any – are able to understand what is wrong with our lives and the world at large. How did this happen and how did humans become so ‘disconnected’ with humanity? Why are psychological disorders such as depression, anxiety, fear, and suicide on the increase, and why are conventional Western therapies unable to stem the tide? To approach this, we must first look inside ourselves – to explore our own purpose in life and extend that principle to the rest of humanity. Despite the advances of modern Western psychology and the

development of therapies that do help many, one area that is largely unexplored is that of the 'human spirit' and spirituality since it is more convenient to consider the human mind as 'machine' that responds to external stimuli. In this powerful exploration into the human mind and its relationship with the human spirit, Malik Badri invites the reader to open the door to self-discovery, purpose and spirituality through the practice of contemplation, reflection and meditation - understanding the true meaning and experience of spirituality as well as one's own place in Creation. Whilst central to worship in Islam, this will also be of great interest to, and help any reader wishing to explore the notion of spirituality whether as part of worship or simply as part of self-development and inner healing.

**Interfaith Dialogue: A Guide for Muslims (Albanian Language)** - Muhammad Shafiq

2018-01-01

Islam recognizes a plurality of religions and asks Muslims to respect other religions. The primary role of interfaith dialogue is to remove misunderstanding and accept difference, the aim being to generate a climate of peaceful coexistence and harmonious social relations. And this is perhaps more needed today than ever before, as mankind is increasingly called upon to exercise tolerance in a markedly volatile world, where living and working together in diversity is fast becoming the norm. Interfaith dialogue is by no means easy, defensive reaction; uncomfortable exchange and an overwhelming desire to avoid a perceived compromise of deeply held principles are some of the pitfalls that can easily cool commitment and the best of endeavors. It is here that this Guide makes an important contribution. The book is designed to guide Muslims who are interested and/or involved in building relations with those of the Jewish and Christian faiths.
