Five Lives Remembered - Dolores Cannon 2009
THE BEGINNING What do you do when you

discover information that is before its time? What do you do when your curiosity takes you on an adventure that is so bizarre that there is nothing "normal" to relate to? This is what happened to Dolores Cannon in 1968, long before she began her career as a past-life hypnotherapist and regressionist. Travel back with us to that time when the words "reincarnation, past-lives, regression, walk-ins, New Age" were unknown to the general population. This is the story of two normal people, who accidentally stumbled across past-lives while working with a doctor to help a patient relax. It began so innocently, yet it crossed the boundaries of the imagination to open up an entirely new way of thinking at a time when such a thing was unheard of. It went totally against the belief systems of the time. It was so startling that they should have stopped, but their curiosity demanded that they continue to explore the unorthodox. The experiment changed the participants and everyone involved,

and their beliefs would never be the same. Dolores Cannon is now a world-renowned hypnotherapist who has explored thousands of cases in the forty years since 1968, and has written fifteen books about her discoveries. Her books are translated into more than 20 languages. She is teaching her unique form of hypnosis all over the world. When she lectures people ask, "How did you get started on all of this?" This is the story of her beginnings. The book was written in 1980, her very first book. It has laid dormant, gathering dust, until now, waiting. Now is the time for it to come forth. Enjoy the adventure!

Der Rechtspositivismus - Walter Ott 1992

A Liberal Theology for the Twenty-First

Century - Michael J. Langford 2017-03-02

Liberal theology, in its typical form, represents the attempt to approach religion from a rational perspective without denying or belittling the importance of religious experience and religious commitment. Versions of liberal theology can be found in all the great religions. This book is primarily concerned with a Christian tradition that goes back to the second century and reached a high point in the seventeenth. This tradition includes a method of inquiry which, when re-evaluated in the light of recent discussions on the nature of rationality and applied to contemporary issues, reveals that there are versions of materialism, monism and theism that can accord with rationality. While liberal theology cannot demonstrate the truth of theism, it can present it not only as one of the rational options, but as an option that has uniquely attractive characteristics, and when the liberal tradition is taken at its best, it can support a version of Christianity which continues

to refer to God as a transcendent 'reality', and which can continue to support recognizable doctrines of incarnation, redemption and Trinity. The liberal theology introduced and advanced in this book can be contrasted with many recent 'radical theologies', and could be called 'liberal orthodoxy'. Students of philosophy, theology and religious studies, as well as clergy and interested lay readers, will find this an accessible insight into liberal theology and to current debates on materialism, atheism and inter-faith dialogue.

Hitler's Monsters - Eric Kurlander 2017-06-06

"A dense and scholarly book about . . . the relationship between the Nazi party and the occult . . . reveals stranger-than-fiction truths on every page."—Daily Telegraph The Nazi fascination with the occult is legendary, yet today it is often dismissed as Himmler's personal obsession or wildly overstated for its novelty. Preposterous though it was, however, supernatural thinking was inextricable from the

Nazi project. The regime enlisted astrology and the paranormal, paganism, Indo-Aryan mythology, witchcraft, miracle weapons, and the lost kingdom of Atlantis in reimagining German politics and society and recasting German science and religion. In this eye-opening history, Eric Kurlander reveals how the Third Reich's relationship to the supernatural was far from straightforward. Even as popular occultism and superstition were intermittently rooted out, suppressed, and outlawed, the Nazis drew upon a wide variety of occult practices and esoteric sciences to gain power, shape propaganda and policy, and pursue their dreams of racial utopia and empire. "[Kurlander] shows how swiftly irrational ideas can take hold, even in an age before social media."—The Washington Post "Deeply researched, convincingly authenticated, this extraordinary study of the magical and supernatural at the highest levels of Nazi Germany will astonish."—The Spectator "A trustworthy [book] on an extraordinary

subject."—The Times "A fascinating look at a little-understood aspect of fascism."—Kirkus Reviews "Kurlander provides a careful, clear-headed, and exhaustive examination of a subject so lurid that it has probably scared away some of the serious research it merits."—National Review

Nostradamus: The Next 50 Years - Peter Lemesurier 2014-12-04

Peter Lemesurier presents a gripping, blow-by-blow account of what we must expect for the next 50 years. He confronts the controversies surrounding Nostradamus and the seer's dating system, and shows that the prophecies retain

Downloaded from report.bicworld.com
on by guest

their potency at the dawning of a new era. For this new edition, Lemesurier includes many verses dealing specifically with the threat of invasion. Predictions include: The rise of a massive military power destined to move out of Asia via the Middle East into Europe; The apathy and incompetence of European leaders, with disastrous consequences for their countries; The resulting occupation and devastation of many parts of Europe, including Greece, Italy, Spain and France; Repression of Christianity and persecution of the Church; Severe flooding in various parts of the world, including Britain; A successful counter attack against the Asiatic invaders starting from British shores

Beauty and the Beast - Ernst Peter Fischer
1999-04-21

Showing how the aesthetic delights of thought, analysis, research, and discovery are leading components of the scientific mind and process, he examines everything from snowflakes to the overall makeup of the space-time continuum. He explores these concepts and others including the golden mean, evolution, symmetry in nature, as well as imaginary numbers and irrationality as proof of beauty in science. He presents truth as a state of beauty - and beauty as the embodiment of truth. This book will appeal to lay people and scientists alike.

Future Times - Kathryn M. Hilton 2001-04-06
Through her dreams and visions and those of a few friends, Author Kathryn Hilton reveals the lost Continent of Atlantis and other major earth changes that will occur in the future. Mostly about the U.S.A., there is information about a few other places on the planet. Mt. Fujiyama explodes, destroying the island of Japan, setting up a chain of reactions around the Pacific. At end of the chain, Mt. McKinley erupts in Alaska, causing a tidal wave that will submerge the state of California and part of neighboring states. In Europe the submerged city of Athenai surfaces in the Mediteranean Sea as the coastline of Greece dramatically increases in size. As the Sea becomes smaller, other areas of land will rise. The island of Atlantis, landlocked for centuries, appears as half of South Carolina and part of North Carolina become submerged. A tidal wave hits New York City, flooding Times Square and most of Manhattan. Seattle is destroyed by a large earthquake and rebuilt. From the East

Coast to the West Coast, many states are covered to give an overall view of what will happen to the United States. With the Moon changing position, a planetary quake, and rotation of the planet temporarily stopping, creating darkness over half the Earth, this book gives a comprehensive look at the future of our world. After these disasters have ended, there will be no more for 700 years.

Schauerroman und Deismus - Friederike Lichius 1978

Die Beeinflussung des Schauerromans durch die philosophisch-theo- logische Strömung des Deismus hat in der recht umfangreichen Sekundärliteratur zur «Gothic Novel» bislang nur beiläufig Erwähnung gefunden, obwohl sich in diesen beiden Bereichen die das 18. Jh. beherrschende Diskussion über Möglichkeiten und Konsequenzen des Einbruchs des Übernatürlichen in die Welt niederschlägt. Hier soll nun an den Romanen der Frühphase des Schauerromans (von Walpole bis Radcliffe) aufgezeigt werden, wie sich die wechselnde Wertschätzung des Deismus als Konzept der Weltinterpretation auf die Gestaltung der Romane und die Entwicklung der Gattung ausgewirkt hat.

Weltöffentlichkeit und Diktatur. - Norman

Domeier 2021-11-29

Das enge Zusammenspiel von NS-Regime und amerikanischen Journalisten. Hitlers »Drittes Reich« war nie eine hermetisch abgeriegelte Diktatur. Vielmehr war NS-Deutschland bis in das Frühjahr 1945 hinein sehr aktiv und gut vernetzt im globalen Medienmarkt. Norman Domeier nimmt erstmals die amerikanischen Auslandskorrespondenten in Deutschland in den Blick - vom Aufstieg Hitlers in den 1920er Jahren bis zum Nürnberger Prozess 1945/46. Als politische Akteure besaßen die Amerikaner bis zum Dezember 1941 einen festen Platz in der NS-Polykratie: Bei großen politischen Aktionen der Nationalsozialisten waren sie vorab informiert, bei vielen Medienereignissen waren sie Schlüsselpersonen. Die Studie enthüllt zahlreiche Staats- und Weltkriegsgeheimnisse, welche die transatlantischen und globalen Beziehungen in jener Epoche in neuem Licht erscheinen lassen. Die US-Medien blieben auch zwischen 1942 und 1945 beim Kriegsgegner

präsent: Associated Press (AP), die bis heute größte Nachrichtenagentur der Welt, kooperierte mit dem nationalsozialistischen Regime während des gesamten Zweiten Weltkrieges. Dies kann auch die Ignoranz der amerikanischen Medien gegenüber dem Mord an den europäischen Juden neu erklären: Durch die tägliche Flut an Nachrichten und Pressefotos aus dem NS-Herrschaftsbereich stellte sich eine mediale Saturiertheit ein, die eigene Recherchen nach brisanten Geschichten überflüssig erscheinen ließ.

The Holy Book of Luck - A. Saed Alzein
2021-07-28

Have you ever wondered about luck? What is luck? Is it blind force that hits randomly and changes people's lives for the better or worse? Is it rational energy with conscious purpose? Why hard work is a myth, and why your success depends to a large extent on your luck? The Holy Book of Luck is "fascinating" The first of its kind book challenging the outdated notion

that hard work is the only way to success, it is NOT. The Author: A.Saed Alzein who is Harvard University certified sustainable Business Strategist and London Business School Certified Corporate Strategist, based in London, An Economist by study with substantial experience running different enterprises around the world, including prize competitions and luck related business has just published this mind-blowing book with all the old mantras being challenged and put to rest. He argues that luck plays a major role in your success, and you can't do anything about it. The Holy Book of Luck is the book which takes you on a pleasant journey to really change your perspective forever about luck and hard work.

Nostradamus, Branham and the Little Book:

- Patricia Ann Sunday 2012-11-09

For 457 years the Prophet Nostradamus has been a MYSTERY. Hidden in dark speech he was

misunderstood and rejected by the Protestant Christian Church, forbidden to be read by the Catholic Church, and totally discredited by psychics and worldly interpreters as being in the Occult. However, it was the occult interpreters that were instrumental in keeping his work alive and mysterious. Written from a Christian perspective, many questions about this mysterious man Nostradamus, and why his work has endured so long are answered in this book. Reverend Sunday has discovered the secrets and the intentions of his life's work, and you will be amazed to find out WHO Nostradamus really was. If you are curious about Planet X-Wormwood, then you will find out how that ties into these hidden revelations. There always comes a time when hidden things are revealed to a Prophet. (Daniel 2:22; Amos 3:7.) The second Prophet, William Branham, was way ahead of his time in his understanding of supernatural phenomenon; and his revelations on the Book of Genesis regarding the apple and its sexual

connotations lost him favor with the approved church then, and now. Prophets are rarely understood in their own age. These TWO PROPHETS were brought together to this unknown Sophe/Scribe chosen to disclose the hidden, amazing information, and revelation for our day...To GOD be the GLORY. Prepare the way for the Lord.

William Blake - Osbert Burdett 2012-05-08

Als Hauptvertreter der romantischen Bewegung war der britische Künstler William Blake (1757-1827) gleichzeitig Dichter, Maler, Designer und Graphiker. Er illustrierte seine literarischen Werke selbst, und seine Texte entwickelten sich in Anlehnung an seine Stiche und fantastischen Zeichnungen zu wahrhaft strahlenden Manuskripten. Inspiriert von biblischen und prophetischen Themen (Proverbs of Hell, The Everlasting Gospel und The Gates of Paradise), kombiniert Blakes Kunst auf subtile Weise die Modernität seiner Epoche und der romantischen Revolution mit dem Klassizismus der von ihm untersuchten Themen. Dieser begnadete, mit einer unvergleichlichen Originalität und Vorstellungskraft begabte

Künstler bediente sich einer breiten Palette von Darstellungsmitteln, um die ihn verfolgenden Dämonen besser hervor zu locken und um den Leser oder Betrachter in eine tiefe Melancholie zu tauchen. In dieser Ebook-Monografie bringt Osbert Burdett Licht in die Kunst und das Leben dieses außergewöhnlichen Künstlers.

The Wildness Pleases (Routledge Revivals) - Christopher Thacker 2016-02-05

First published in 1983. This book charts the growth of Romanticism from the initial reactions to the authoritarian classicism of Louis XIV, through the 'codification' of the Sublime by Burke in the 1750s, to the fascination with mystery, fear and violence which dominated the writing of the late eighteenth century. The origins of the movement are found in the writings of Rousseau and admiration for the 'noble savage', the development of the landscape garden, discoveries in the South Seas, new approaches to 'primitive' poetry and enthusiasm for gothic art and literature. These attitudes are

contrasted with the more classical views of writers like Samuel Johnson.

The Lost Special / Der Verschollene

Sonderzug - Arthur Conan Doyle 2013-03

Unbeschwertes Lesevergnügen! Endlich! Das Problem bei den üblichen Sprachlektüren: Ständig muss ich Wörter nachschlagen! Da die Texte als Ganzes übersetzt werden, fehlt die Zuordnung der Wörter. Welches Wort gehört zu welchem? Die Lösung bringt dieses Buch: Der

englische Text steht in der (fettgedruckten) Hauptzeile; die deutsche Übersetzung steht direkt unter jedem einzelnen Wort, auf einer eingefügten Zwischenzeile. "It rained cats and dogs" heißt dann nicht "es regnete in Strömen", sondern: "Es regnete Katzen und Hunde". Wort für Wort übersetzt! Jeder weiß, was gemeint ist; wenn nicht, erscheint eine Infobox, die dies erklärt. Sofort verstehen; nicht lange rätseln - und zudem einen Einblick in das englische Sprachgefüge gewinnen; die Grammatik unbewusst mitlernen!
