**Trace and Color** - Beth Ingrias 2017-01-11

Go with the flow, follow the lines and enter a zen like state of relaxation. Trace and Color: 1930's Vintage Dresses lets you recreate 30 beautiful vintage dresses using nothing more than a pen or pencil. Each page in this book features a detailed drawing printed in a light gray color. All you have to do is follow the lines, relax and

watch the time slip away. Once you are finished tracing the image, you can add as little or as much color as you want. It is like having two books in one. Great for children or adults who already show an interest in drawing. Excellent way to relax, unwind and occupy a busy mind. Perfect way to hone your drawing skills and perfect your line technique. Keeps kids busy for hours. Great for keeping the mind focused and sharp. Increase hand to eye coordination. Perfect for long car rides, airplane travels, train rides or any place you find yourself waiting. We recommend placing a blank piece of paper or thick card stock under each drawing before you start tracing. This will help prevent your tracing lines from appearing on other pages in the book. "I came up with the idea for Trace and Color when I was drawing up pages for an adult coloring book. I noticed how time seemed to slip away and I forgot about all my troubles. Being able to give you the same opportunity to relax and

unwind is a true blessing. Just follow the lines and watch the time slip right on by!" Tracing Tips Place a piece of paper or thick card stock under each page before tracing. This will help prevent your tracing lines from appearing on other pages in the book. Use a fine tipped pencil at first. This way you can erase your happy accidents. Ball point pens glide easily across the pages. Try tracing with a colored pencil for a truly unique, artistic effect. Fine tipped charcoal or graphite works great too. You can even use either of these to hone your shading techniques. Oh yeah, Have lots of fun!

**Color, Cut, Dress Up 1950s Paper Dolls Coloring Book, Dolls and Friends Originals**

- Dolls and Friends

2020-01-08

Meet Dolly, Polly, Holly, Lolly, Jolly and Molly, new fashion paper dolls Dolls and Friends. You can begin creating your collection of paper dolls with this book which has 3 paper dolls and more than 40 outfits. With this coloring book you get to decide on the color of their outfits, and create unique wardrobe pieces. If you like the coloring book version you may also like their full colored paper dolls collections. Paper doll lovers and coloring enthusiasts of all ages will find hours of entertainment with more than 40 pieces of vintage style outfits. If you want your creations to last longer; color the outfit pages and then glue them to card stock before cutting. This book includes an extra copy of each of the outfits, so you can try different

colors and combinations, or have a back-up in case of an error you made. Please be aware that these paper dolls require careful hand cutting. For adults, paper dolls may be a gateway to childhood memories but they also make great gifts for children. Younger children may need the help to cut these dolls out since the dolls and clothes are not perforated. However, this is a nice opportunity for fun family time. Paper dolls can bring adults and children together, and collections of paper dolls have always passed down to younger generations. New generations can learn a lot while playing with paper dolls. In a digital era where dress up games allow us to change clothes on paper dolls by only touching a screen, cutting these dolls the traditional way is a great help for developing motor skills. Playing together also helps to develop communication and cooperation between friends and family. Playing games goes hand in hand with storytelling, role-playing and fantasy so

everyone can treasure the time spent playing with these paper dolls as memories full of creativity and imagination. Paper dolls have a long history, and although inspired by antique and vintage paper dolls, Dolls and Friends are modern fashion dolls. Still, most of their wardrobe pieces are vintage fashions or period costumes. While these clothes are created after research, each outfit may not be authentic for that time period. Although there are many costumes and designer fashions for vintage themed books, it is still best to describe them as inspired by historical periods but not exact period costumes. Especially undergarments are more modern for the dolls to be used with different wardrobe choices. Every new outfit from Dolls and Friends Originals Books you will get will be wearable by these Original Dolls. Collecting these paper dolls and sharing them with children can also make fashion and history become one of their passions.

The twenties was a decade like no other. Between these covers, you will find 45 coloring pages with 60 different examples of clothes popular in the early 1920s. As you will soon see, the "flapper style" commonly portrayed in movies and on TV really represents just a fraction of what was considered to be in vogue at the time. "Flappers" were all about independence, confidence, bucking tradition, and forging new paths. Young women rebelled against their mothers' and grandmothers' corsets and petticoats, instead adopting sassy fashions featuring straight lines that

emphasized slender frames. While the dress silhouettes were usually sleek, the fabrics and ornamentation used for the clothing often made up for such simplicity. Patterns - including stripes, stylized florals and other elaborate motifs - adornments like fringe, sequins and other exquisite details were prized. Popular accouterments included parasols, fans, wraps and scarves, feathered headbands and all manner of hats. It's time to give these outfits from the Roaring Twenties the color and the verve they have been missing for the better part of a century!

Being fashionable in the late Victorian era meant wearing things like dresses with puffed sleeves and high collars, and making sure to have a proper hat and an elegant pair of gloves. And how did women stay current on the latest styles? Most of the time, they found out about the latest "up-to-date" and "charming" clothing trends from the newspaper. Between the covers of this book, you will find 47 coloring pages showing full-length fashion plates of tea gowns and walking dresses, evening costumes and dainty frocks that were popular in the United States during the late Victorian era - specifically, 1895 to 1899. The definitive word on what to wear and how to wear it was delivered on the women's page of the Sunday paper, where every aspect of the attire - color, cut, fabric and trim - was thoroughly described and illustrated. Although the outfits within are all from a five-year span, the definition of "stylish" was constantly changing. Grand

The early 1920s was a time of flappers and freedom, ragtime and jazz, The Great Gatsby and the silver screen, along with stars like Mary Pickford and Norma Talmadge. "Flappers" were all about confidence, bucking tradition, and forging new paths. Naturally, the styles of the early '20s demonstrated how young women were rebelling against corsets and petticoats, instead adopting simpler, sassier clothes with

straight lines that were flirty and emphasized the much-desired slender frames. Between these covers, you will find 43 coloring pages with more than 180 different examples of outfits popular during the twenties - dresses, suits, coats - and including hats, parasols, shawls and other on-trend attire. All are from newspaper fashion features, which showed the newest styles drawn into a trendy layout or location. As you will see, the stereotypical "flapper style" seen in modern media really represents just a fragment of what was considered to be in vogue at the time. While the silhouettes were usually sleek, the fabrics, ornamentation and accessories often made up for such simplicity. And now it's time to give these outfits from the Roaring Twenties the color and the verve they have been missing for the better part of a century!

Christmas Gifts, Stocking Stuffers Easter Baskets, Gift Bags Family Vacations & Travel Birthday & Anniversary Presents Valentine's Day, Mother's Day **Vintage Fashion 1850-1854** - Vicki Becker 2017-11-06 What is grayscale coloring?

Grayscale coloring means that you will be coloring over a black-and-white picture. The magic of coloring over grayscale is that the shading is already done for you! Even beginners with no knowledge of shading can achieve beautiful results. Colored pencils work beautifully with the grayscale images giving the finished picture depth and dimension. The paper is well suited for colored pencils but does not work as well with markers. If you use markers put a sheet of paper under the page in case of bleed-through. Features: 48 grayscale coloring pages. 8" X 10" white paper. Printed on one side only. A place for the colorists name and date on the back of each coloring page.

also like their full colored  
paper dolls collections. Paper  
doll lovers and coloring  
enthusiasts of all ages will find  
hours of entertainment with

more than 40 pieces of vintage style outfits. If you want your creations to last longer; color the outfit pages and then glue them to card stock before cutting. This book includes an extra copy of each of the outfits, so you can try different colors and combinations, or have a back-up in case of an error you made. Please be aware that these paper dolls require careful hand cutting. For adults, paper dolls may be a gateway to childhood memories but they also make great gifts for children. Younger children may need the help to cut these dolls out since the dolls and clothes are not perforated. However, this is a nice opportunity for fun family time. Paper dolls can bring adults and children together, and collections of paper dolls have always passed down to younger generations. New generations can learn a lot while playing with paper dolls. In a digital era where dress up games allow us to change clothes on paper dolls by only touching a screen, cutting these dolls the traditional way

is a great help for developing motor skills. Playing together also helps to develop communication and cooperation between friends and family. Playing games goes hand in hand with storytelling, role-playing and fantasy so everyone can treasure the time spent playing with these paper dolls as memories full of creativity and imagination. Paper dolls have a long history, and although inspired by antique and vintage paper dolls, Dolls and Friends are modern fashion dolls. Still, most of their wardrobe pieces are vintage fashions or period costumes. While these clothes are created after research, each outfit may not be authentic for that time period. Although there are many costumes and designer fashions for vintage themed books, it is still best to describe them as inspired by historical periods but not exact period costumes. Especially undergarments are more modern for the dolls to be used with different wardrobe choices. Every new outfit from

Dollies and Friends Originals Books you will get will be wearable by these Original Dollies. Collecting these paper dolls and sharing them with children can also make fashion and history become one of their passions.

What did women wear back in  
the Edwardian era? Whether  
going to formal events, keeping  
house or having a day out, here  
are 43 gorgeous drawings from  
1908, showing some of the top  
fashions from more than 100  
years ago! While the clothing is  
the centerpiece of these  
illustrations, these pictures do  
so much more than just  
demonstrate popular styles  
around the turn of the century.

They're vignettes of the  
American Dream - sweet  
depictions of the idealized  
lifestyle women supposedly  
wanted. Instead of letting this  
artwork languish in archives,  
we wanted to help it reach a  
new audience: you. All of the  
vintage images in this book  
were carefully chosen, then  
painstakingly restored with  
digital technology to return  
them to their original splendor.  
As you'll see inside, each  
antique picture was printed  
only on one side of the white  
paper, allowing you to color  
with your choice of medium  
without worrying about bleed-  
through to an image on the  
back. We hope you love this  
book full of little glimpses into  
the past, and enjoy giving each  
one fresh new color.
