The Politics of Peacekeeping in the Post-cold War Era - Pia Christina Wood 2005

This book focuses on explaining peacekeeping commitment decisions at the nation-state level, filling a gap in the peacekeeping scholarly literature on the political dynamics of peacekeeping decisions.

Between Republic and Market - Sarah Waters 2012-07-12

The rise of neo-liberal globalisation has posed major challenges for all European countries, identifying itself as the key political tension of the coming era. Yet, it is in France that globalisation has produced the deepest tensions, and it is here that it has generated its greatest political resistance. The author pursues two separate lines of enquiry. First, she considers the influence of French political tradition and an enduring legacy of republicanism in shaping contemporary opposition. If globalisation poses a greater ideological threat in France than elsewhere, this is because it comes into conflict with the foundational values and symbols of the French Republic. Secondly, she examines contemporary French opposition as a site for political and ideological renewal. Many critics now agree that it is within this emergent

movement, rather than within traditional parties, that new forms of political practice and ideology are being invented.

La France contemporaine - William Edmiston 2015-01-01

Immerse yourself in the France of today with LA FRANCE CONTEMPORAINE. The text will improve your understanding of the Francophone world and your communication in French, using up-to-date information on the political, social, technological, economic, and rich cultural forces that affect this fascinating country and its people. The Agadir crisis - Great Britain. Foreign Office 1932

De Gaulle and the World - W. W. Kulski 1966

Fleeting Cities - A. Geppert 2010-11-03

Imperial expositions held in fin-de-siècle London, Paris and Berlin were knots in a world wide web. Conceptualizing expositions as meta-media, *Fleeting Cities* constitutes a transnational and transdisciplinary investigation into how modernity was created and displayed, consumed and disputed in the European metropolis around 1900.

Corpus-based Approaches to Contrastive Linguistics and Translation Studies - Sylviane Granger 2003

This book is organized in three sections. The three articles in Section one introduce the disciplines of Contrastive Linguistics (CL) and Translation Studies (TS), tracing their evolution in recent history and outlining the role played by the computer corpus in revitalising and redirecting research in each discipline. The six articles in Section two are a series of case studies, showing the range of variables that have to be taken into consideration in CL and TS. The four articles in Section three all deal with practical issues of corpus exploitation, both the software tools that can be used to support analysis and the ways in which multilingual and monolingual corpora can be used to improve teaching and translation materials. -- pref.

Conference on the Limitation of Armament - 1922

Nouvelle Collection Des Mémoires Pour Servir À L'histoire de France - Joseph Fr. Michaud 1837

The Colonial Legacy in France - Nicolas Bancel 2017-05-01

Debates about the legacy of colonialism in France are not new, but they have taken on new urgency in the wake of recent terrorist attacks.

Responding to acts of religious and racial violence in 2005, 2010, and 2015 and beyond, the essays in this volume pit French ideals against government-sponsored revisionist decrees that have exacerbated tensions, complicated the process of establishing and recording national memory, and triggered divisive debates on what it means to identify as French. As they document the checkered legacy of French colonialism, the contributors raise questions about France and the contemporary role of Islam, the banlieues, immigration, race, history, pedagogy, and the

future of the Republic. This innovative volume reconsiders the cultural, economic, political, and social realities facing global French citizens today and includes contributions by Achille Mbembe, Benjamin Stora, Françoise Vergès, Alec Hargreaves, Elsa Dorlin, and Alain Mabanckou, among others.

Grand Dictionnaire Universel [du XIXe Siecle] Francais: (1.)-2. supplement.1878-90? - Pierre Larousse 1878

Franco-German Relations - Alistair Cole 2014-09-25

Suitable for use as a core text in courses of comparative European politics or in departments of Politics. Can also be used for courses that explore the Political Dynamics of the European Union. Franco-German relations lie at the heart of European integration and are central to an understanding of major issues like monetary union and foreign policy. Based on extensive research, this concise text contains a multi-level analysis of this key topic. Describing historical background and examining contemporary debates, it considers the domestic settings of French and German politics; the internal operation of the Franco-German relationship itself; and the impact of the relationship in the wider European context. Cole provides students with a much-needed accessible introduction, and framework for theoretical analysis.

La France et l'Europe pendant le Siège de Paris ... Encyclopédie politique, militaire et anecdotique ... Avec une préface de M. E. Spuller. Siège de Paris. Bazaine-Thiers-Gambetta - Pierre MAQUEST 1874

France and the Construction of Europe, 1944-2007 - Michael Sutton 2011-03

This comprehensive history shows how France coupled the pursuit of power and the furtherance of European integration over a 60 year period, from the close of the Second World War to the hesitation caused by the French electorate's referendum rejection of the European Union's constitutional treaty in 2005.

The French Presidential and Legislative Elections of 2002 - John Gaffney

2018-01-18

The French elections of 2002 provided an opportunity to assess the political development of the regime, and in particular developments within the complex phenomenon of French presidentialism within a party system. In this thorough analysis, John Gaffney looks at the institutional, political and electoral 'moments' of 2002, which saw both presidential and legislative elections and a major upheaval in the political life of France. Bringing together a range of scholars, the volume includes contributions from historians, political scientists, economists, cultural studies experts and media experts to offer a thorough and textured analysis of French politics.

Sociolinguistics and Contemporary French - D. E. Ager 1990-12-13

This book deals with the ways in which French is used in different circumstances and settings in France and abroad, with the language attitudes of French speakers and with language policy. It is concerned to examine not only the linguistic data, but also the social, political and economic environment in which contemporary French is used. At the same time it offers an introduction to contemporary sociolinguistic theory, methods and results. After a brief historical introduction and a review of approaches to regionalism, Professor Ager looks at such questions as the conflicts between standard French and regional languages such as Breton, the changing role of French in the world; the distinctiveness of social and professional varieties such as the language of the working class, scientists or immigrants and language variation correlating with interactional factors such as formality or medium. A final chapter deals with language attitude, language policy and language planning. This volume sets language information in its social context and shows how to investigate and evaluate both language variation and the social and political reaction to it.

International Crisis Management - Marc Houben 2004-11-23

Over the past fifty years, crisis management has become essential to achieving and maintaining national security. This book offers a comparative analysis of the preconditions and constraints nine European states place on their participation in international crisis management

operations and the important consequences of such decisions, and provides a theoretical framework to help the reader understand this complex decision-making process.

Fascism's Return - Richard Joseph Golsan 1998-01-01

In *Fascism's Return*, eleven leading American and European scholars examine the resurgence of fascism from many angles, providing an essential and timely view of this troubling moment in European political, cultural, and intellectual history. Intellectual and public scandals surrounding the fascist past - including the highly publicized Barbie and Touvier trials in France - are addressed. Other writers focus on controversial efforts to revise the historical representation of fascism in Germany and France. The reemergence of the "new" fascist movements and ideologies in various European nations is also examined. A final essay considers the controversial U.S. support during the 1980s of Central American dictatorships.

Questions à l'ordre du jour, ou libre examen des faits, actes, discours et journaux qui peuvent avoir action sur l'opinion du peuple, par un républicain de l'an VIII. (M. N. J. B. Seconde édition.) - M. N. J. B. (un Républicain de l'an VIII.) 1848

The Illusion of Cultural Identity - Jean-François Bayart 2005

Does the West impose its own definition of human rights and democracy on the rest of the world? Does globalization threaten British, French or other European identities? Is African culture compatible with multi-party politics? This text aims to answer these and other questions.

Annales ... Quatrième session. Congrès de Berne - Association Internationale pour le Progrès des Sciences Sociales (BRUSSELS) 1866

Couronne à Notre-Dame de France - Abbé RAVEL 1859

On the Fast Track - Jacob Meunier 2002

Traces the rise of high-speed passenger train service in France from the end of World War II to the early 1980s.

France Under Recession: 1981-1986 - John Tuppen 1988-01-01

This book reviews the substantial changes that occurred in France during the period in which a left wing president and government controlled the nation's destiny. In their quest for a solution to the country's mounting difficulties, the Socialists adopted a very different range of policies from their predecessors. Tuppen appraises the recent pattern of social and economic development in France, particularly the impact of recession and the socialist prescription for revival. Each chapter focuses on a limited number of significant changes and key issues that have become the subject of extensive debate. Particular emphasis is given to controversial issues such as unemployment, immigration, economic regeneration, urban renewal, and decentralization, and case studies are used extensively to help illustrate these topics. Finally, where appropriate, analysis is carried out at a regional as well as national level, lending spatial dimension to the study.

French Relations with the European Union - Helen Drake 2012-10-12

This scholarly work examines how key actors within French politics and society have related to the challenges and opportunities posed by the European Union, and how these relations have driven or hindered change in France. The collection invites the reader to explore below the surface image of a France troubled by its relations with the EU in the post-Cold War era, and see the dynamics of change in empirical detail. Each chapter offers insights into specific aspects of the France-EU relationship, including: the characteristics of Euroscepticism à la française amongst the electorate and political parties the dynamics of change in the political, media and legal establishments in their dealings with the EU the priorities for labour, business and la vie associative in their relations with French decision-makers regarding the EU.

Latin American Perspectives on Globalization - Mario Sáenz 2002-10-23

From the most prominent thinkers in Latin American philosophy, literature, politics, and social science comes a challenge to conventional theories of globalization. The contributors to this volume imagine a discourse in which revolution requires no temporalized march of progress or takeovers of state power but instead aims at local control and the material conditions for human dignity.

Directory of European political scientists - European Consortium for Political Research, University of Essex. Compiled and ed. by the Central Services of the ECPR 2016-11-07

France Under Recession - John H. Tuppen 1988-06-18

India as an Emerging Power - Sumit Ganguly 2004-11-23

These essays examine India's relations with key powers including the Russian Federation, China and the USA and with key adversaries in the global arena in the aftermath of the Cold War. One positive relationship is that of India's relations with Israel since 1992.

Alliages culturels: La société française en transformation - Heather Willis Allen 2013-01-04

ALLIAGES CULTURELS: LA SOCIÉTÉ FRANÇAISE EN

TRANSFORMATION is designed for those who have completed at least two years of French language study. The text enriches students' knowledge of France and French society in the 21st century through the analysis and interpretation of textual artifacts, while it simultaneously develops their advanced linguistic capacities. ALLIAGES CULTURELS begins with a general introduction to the study of another culture, and then is organized thematically into four parts which systematically address the larger core question: Qu'est-ce qu'être français aujourd'hui? Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

La France - Claude Rivière 1920

Le Corbusier - Œuvre complète Volume 8: 1965-1969 - Willy Boesiger 2015-04-24

This exceptional Complete Works edition documents the enormous spectrum in the oeuvre of one of the most influential architects of the 20th Century. Published between 1929 and 1970, in close collaboration with Le Corbusier himself, and frequently reprinted ever since, the eight volumes comprise an exhaustive and singular survey of his work.

The Extreme Right in France - James Shields 2007-05-07

A comprehensive new historical study of the extreme right in France, from the Vichy regime to the present day. The Front National has for some years been France's third political party and the most significant extreme-right force in Europe; its leader, Jean-Marie Le Pen, contested the second round of the 2002 presidential election with 5.5 million votes. This wide-ranging and authoritative book examines the resurgence of right-wing extremism in France from a historical perspective, tracing the political lineage of Le Pen and the FN through key figures and movements on the French extreme right since 1940. Part 1 devotes chapters to the Vichy regime, the aftermath of the Occupation, the Poujadist movement, the Algerian War, the 'Nouvelle Droite', and extreme-right ideology and activism in the 1960s and 1970s. Part 2 analyzes the electoral rise of the FN, its evolving programme and exploitation of salient issues, the geography and sociology of its electorate, its exercise of local power, and its impact on national political culture in contemporary France. The FN, it is argued, represents both the latest manifestation of a long tradition of right-wing radicalism and a complex new phenomenon within the changing social and political dynamics of France today. This is an essential book for all readers with an interest in French and European politics and modern history.

The Routledge Companion to the French Revolution in World History - Alan Forrest 2015-09-16

The Routledge Companion to the French Revolution in World History engages with some of the most recent trends in French revolutionary scholarship by considering the Revolution in its global context. Across seventeen chapters an international team of contributors examine the impact of the Revolution not only on its European neighbours but on Latin America, North America and Africa, assess how far events there impacted on the Revolution in France, and suggest something of the Revolution's enduring legacy in the modern world. The Companion views the French Revolution through a deliberately wide lens. The first section deals with its global repercussions from the Mediterranean to the Caribbean and includes a discussion of major insurrections such as those in Haiti and Venezuela. Three chapters then dissect the often complex

and entangled relations with other revolutionary movements, in seventeenth-century Britain, the American colonies and Meiji Japan. The focus then switches to international involvement in the events of 1789 and the circulation of ideas, people, goods and capital. In a final section contributors throw light on how the Revolution was and is still remembered across the globe, with chapters on Russia, China and Australasia. An introduction by the editors places the Revolution in its political, historical and historiographical context. The Routledge Companion to the French Revolution in World History is a timely and important contribution to scholarship of the French Revolution.

Americanization and Anti-Americanism - Alexander Stephan 2005

The ongoing discussions about globalization, American hegemony and September 11 and its aftermath have moved the debate about the export of American culture and cultural anti-Americanism to center stage of world politics. At such a time, it is crucial to understand the process of culture transfer and its effects on local societies and their attitudes toward the United States. This volume presents Germany as a case study of the impact of American culture throughout a period characterized by a totalitarian system, two unusually destructive wars, massive ethnic cleansing, and economic disaster. Drawing on examples from history, culture studies, film, radio, and the arts, the authors explore the political and cultural parameters of Americanization and anti-Americanism, as reflected in the reception and rejection of American popular culture and, more generally, in European-American relations in the American Century.

The Royal Phraseological English-French, French-English Dictionary - John Charles Tarver 1854

Post-Colonial Cultures in France - Alec Hargreaves 2013-10-18

Ethnic minorities, principally from Africa, Asia, the Caribbean and the surviving remnants of France's overseas empire, are increasingly visible in contemporary France. Post-Colonial Cultures in France edited by Alec Hargreaves and Mark McKinney is the first wide-ranging survey in English of the vibrant cultural practices now being forged by France's

post-colonial minorities. The contributions in *Post-Colonial Cultures in France* cover both the ethnic diversity of minority groups and a variety of cultural forms ranging from literature and music to film and television. Using a diversity of critical and theoretical approaches from the disciplines of cultural studies, literary studies, migration studies, anthropology and history, *Post-Colonial Cultures in France* explores the globalization of cultures and international migration.

Capitalisme, communisme, christianisme en désarroi à l'heure du Concile - Henri Bourdon 1964-01-01T00:00:00+01:00

Cet ouvrage est une réédition numérique d'un livre paru au XXe siècle, désormais indisponible dans son format d'origine.

The Pall Mall Budget - 1872

The Southern Shores of the Mediterranean and its Networks - Patricia Lorcin 2017-10-02

The majority of scholarly conceptions of the Mediterranean focus on the

sea's northern shores, with its historical epicentres of Spain, France or Italy. This book seeks to demonstrate the importance of economic, political and cultural networks emanating from the Mediterranean's lesser-studied southern shores. The various chapters emphasize the activities that made connections between the southern shores, sub-Saharan Africa, the lands along its northern shores, and beyond to the United States. In doing so, the book avoids a Eurocentric approach and details the importance of the players and regions of the southern hinterland, in the analysis of the Mediterranean space. The cultural aspects of the North African countries, be they music, literature, film, commerce or political activism, continue to transform the public spheres of the countries along the northern shores of the Mediterranean, and beyond to the whole of the European continent. In its focus on the often overlooked North African shore, the work is an innovative contribution to the historiography of the Mediterranean region. This book was originally published as a special issue of the *Journal of North African Studies*.
