Stimmen im Park - Anthony Browne 2010

Greater Expectations - Eve Bearnese 1995-11-01

The first two sections of this work consider two questions: what does children's writing reveal about their reading experience and competence?; and how can teachers help children to become more careful and critical readers of their own and other people's writing?. In the third section these questions are placed in a theoretical frame which tackles some of the more fundamental issues of culture, language diversity and gender, the relationship between oracy and literacy and how best to help children for whom literacy is a struggle. The final section gives some practical guidance for developing a full and successful literacy curriculum.

Doch ob es ihm wirklich gefällt? Wer sein Abschiedsgeschenk kennt, weiß: Es hat.

The Parent Project - James Vopat 1994
Involving parents in their children's schooling is a matter of intense concern in North America. Teachers and administrators want to construct a program that creates positive involvement. This is especially critical for Chapter I schools that are mandated to use a portion of their funds for home-and-school programs. Jim Vopat believes that parental involvement should strengthen the link between home and school, and to achieve this goal parents need to be introduced to the revitalized school classroom. The Parent Project calls on the most powerful aspects of school reform--workshops, journals, cooperative groups, shared reading, agenda building, interviewing, goal setting, and critical thinking--classroom learning strategies experienced by children every day. When parents work with these strategies, they understand them and

discover how to support them. Using a workshop/process model, parents become involved with their children's classroom activities and are thus empowered to support their children's education. These workshops ensure participant ownership of a program's overall agenda while providing long-term structures for support and continued development. The Parent Project: Provides a framework for implementing ways to get parents involved and informed. Was developed in urban bilingual school settings and includes workshop formats in Spanish and English. Is a complete source-book for teachers and principals that provides materials for conducting workshops with parents in areas of writing, reading, self-esteem, and community-building. Supports your efforts with a detailed description of what the workshop approach is and how it functions. *Young Readers and Their Books* - Gervase Phinn 2013-11-26

Promoting Reading for Pleasure in the Primary School - Michael Lockwood 2008-06-24

Winner of the UKLA Author Award 2009:UKLA 'Lockwood has written a useful, supportive book which will help teachers and librarians...He describes the background and summarises the research and then proposes thoroughly practical programmes' - Carousel 'Michael Lockwood has produced an excellent, practical overview and analysis of what works in the primary school to promote reading for pleasure....Lockwood's work is grounded and valuable to those who need it most - teachers in the classroom working hard to engender a love of reading' - English Drama Media 'This book is first class. It puts the matter very clearly and succinctly, and presents a great deal of evidence to support the argument that pleasure is not a frivolous extra, but the very heart and essence of what reading is about. It also gives readers plenty of ideas for carrying the principle into the classroom, and for justifying it...This is an excellent piece of work, which I hope will find a place on every staffroom bookshelf.' - Philip Pullman English primary school children are less likely to read for pleasure than their counterparts in many other countries. This practical and focused book

discusses the background to this situation and looks at how government initiatives have tried to address it. Drawing on the author's own research project in order to identify good practice in promoting reading for enjoyment, the book presents specific activities which teachers can use to develop their own whole school and classroom practice, enabling them to put the fun back into reading. Each chapter features case-study material and provides examples of planning from schools that have successfully created thriving reading cultures through schemes such as reading assemblies, book clubs, library loyalty cards, school book evenings and quizzes. There is also an extensive, annotated list of print and internet-based resources. Topics covered include: - Becoming a reading for pleasure school - Promoting a love of reading in the early years - Developing reading enjoyment in the later primary years - Getting boys reading Promoting Reading for Pleasure in the Primary School is written for all those involved in education who would like to see as many children as possible develop a love of reading. It will be particularly relevant for primary teachers, teaching assistants, trainee teachers, advisers and consultants, as well as teacher educators and researchers.

Exploring Challenging Picturebooks in Education - Åse Marie Ommundsen 2022-07-23

What should children and students read? This volume explores challenging picturebooks as learning materials in early childhood education, primary and secondary school, and even universities. It addresses a wide range of thematic, cognitive, and aesthetic challenges and educational affordances of picturebooks in various languages and from different countries. Written by leading and emerging scholars in the field of picturebook studies and literacy research, the book discusses the impact of challenging picturebooks in a comprehensive manner and combines theoretical considerations, picturebook analyses, and empirical studies with children and students. It introduces stimulating picturebooks from all continents and how they are used or may be used in educational settings and contexts. The chapters touch on subjects like reading promotion, second-language acquisition, art education, interdisciplinary learning, empathy development, minority issues, and intercultural competence. Moreover, they consider relevant aspects of the educational environments, such as the inclusion of picturebooks in the curriculum, the significance of school libraries, and the impact of publishers. *Exploring Challenging Picturebooks in Education* sheds new light on the multiple dimensions relevant to investigating the impact of picturebooks on learning processes and the development of multimodal literacy competencies. It thus makes a significant contribution to the growing area of picturebook research and will be key reading for educators, researchers, and post-graduate students in the field of literacy studies, children's literature, and education research.

Transdisciplinary Perspectives on Childhood in Contemporary Britain - Sandra Dinter
2017-11-15

In the light of the complex demographic shifts associated with late modernity and the impetus of neo-liberal politics, childhood continues all the more to operate as a repository for the articulation of diverse social and cultural anxieties. Since the Thatcher years, juvenile delinquency, child poverty, and protection have been persistent issues in public discourse. Simultaneously, childhood has advanced as a popular subject in the arts, as the wealth of current films and novels in this field indicates.

Focusing on the late twentieth and the early twenty-first centuries, this collection assembles contributions concerned with current political, social, and cultural dimensions of childhood in the United Kingdom. The individual chapters, written by internationally renowned experts from the social sciences and the humanities, address a broad spectrum of contemporary childhood issues, including debates on child protection, school dress codes, the media, the representation and construction of children in audiovisual media, and literary awards for children's fiction. Appealing to a wide scholarly audience by joining perspectives from various disciplines, including art history, education, law, film and TV studies, sociology, and literary studies, this volume endorses a transdisciplinary and meta-theoretical approach to the study of childhood. It seeks to both illustrate and dismantle the various ways in which childhood has been implicitly and explicitly conceived in different disciplines in the wake of the constructivist paradigm shift in childhood studies.

Ways of Being Male - John Stephens
2013-10-18

Given the substantial impact of feminism on children's literature and culture during the last quarter century, it comes as no surprise that gender studies have focused predominantly on issues of female representation. The question of how the same patriarchal ideology structured representations of male bodies and behaviors was until very recently a marginal discussion. Now that masculinity has emerged as an overt theme in children's literature and film, critical consideration of the subject is timely, if not long overdue. *Ways of Being Male* addresses this new concern in an unprecedented collection of essays examining how contemporary debates about masculinity are reflected in fiction and film for young adults. An outstanding team of scholars elucidates the ways in which different versions of male identity are constructed and presented to young audiences. The contributors, drawn from a variety of academic disciplines, employ international discourses in literary criticism, feminism, social sciences, film theory, psychoanalytic criticism, and queer theory in their wide-ranging exploration of male representation. With its illuminating array of

perspectives, this pioneering survey brings a long neglected subject into sharp focus.

In den Wald hinein - Anthony Browne 2004

Im Märchenzauberwald unterwegs: Der Papa verschwindet eines Morgens spurlos und auch die Mama kann nicht sagen, wann er zurückkommt. Der kleine Junge vermisst ihn sehr. Am andern Tag schickt ihn die Mutter mit einem Korb zur kranken Grossmutter und ermahnt ihn, nicht durch den Wald zu gehen - woran er sich natürlich nicht hält. Mit gewohnt faszinierenden Bildern begleiten ihn Browne und wir mit durch den Wald, in dem er vielen Märchenfiguren begegnet. Es ist spannend, die Bilder nach versteckten Symbolen zu durchsuchen und zu sehen, wie gekonnt die bedrohlich wirkende Geschichte zum logischen Happyend kommt. Ab 5 Jahren, ausgezeichnet, Monika Hedinger.

Funny Photo Alphabet - Katy Pike 2005

Vom General der singen lernte - David McKee 2004

Eine Antikriegsgeschichte: Dieses Buch und die Geschichte wird beherrscht von einem General, der weiss, was gut ist für die Anderen. Um diesen das Glück zu bringen, überfällt er ab und zu ein Land und zeigt den Menschen dort, wie man leben muss, um glücklich zu sein. Vorher waren die Menschen dort allerdings zufrieden und widersetzten sich deshalb dem General. Nachher waren vor allem einige Menschen tot, aber wohl niemand glücklicher! Zum Schluss bleibt nur noch ein einziges, kleines Land übrig, das noch nicht erobert ist. Als der General dort eintrifft, gibt es keine Gegenwehr. Seine Soldaten werden freundlich empfangen und bewirtet. Die Soldaten aber benehmen sich auch dementsprechend freundlich und helfen bei der alltäglichen Arbeit. Der General ist damit nicht zufrieden. Er lässt seine Truppen auswechseln, doch auch diesmal gibt es keine Gegenwehr. So zieht der General wieder nach Hause zurück und lässt sich dort feiern. Doch das Verhalten des kleinen freundlichen Landes prägt ihn nachhaltig. Diese einfache Geschichte mit seinen kindlichen Zeichnungen zeigt einen hoffnungsvollen Weg zum Umgang mit Gewalt. Diese Geschichte sollten alle kleinen Kinder kennen. Wer weiss, vielleicht prägt sie ja in zwanzig Jahren unsere Weltlage! Ab 5 Jahren,

ausgezeichnet, Ursina Gloor.
