the House of Lords, the Privy Council, the  
Court of Appeal ... [new Series].** - 1872

Pleasure in Profit - Laura Moretti 2020-12-22

In the seventeenth century, Japanese popular prose flourished as waves of newly literate readers gained access to the printed word. Commercial publishers released vast numbers of titles in response to readers' hunger for books that promised them potent knowledge. However, traditional literary histories of this period position the writings of Ihara Saikaku at center stage, largely neglecting the breadth of popular prose. In the first comprehensive study of the birth of Japanese commercial publishing, Laura Moretti investigates the vibrant world of vernacular popular literature. She marshals new data on the magnitude of the seventeenth-century publishing business and highlights the diversity and porosity of its publishing genres. Moretti explores how booksellers sparked interest among readers across the spectrum of literacies and demonstrates how they tantalized consumers with vital ethical, religious, societal, and interpersonal knowledge. She recasts books

as tools for knowledge making, arguing that popular prose engaged its audience cognitively as well as aesthetically and emotionally to satisfy a burgeoning curiosity about the world.

Crucially, Moretti shows, readers experienced entertainment within the didactic, finding pleasure in the profit gained from acquiring knowledge by interacting with transformative literature. Drawing on a rich variety of archival materials to present a vivid portrait of seventeenth-century Japanese publishing, *Pleasure in Profit* also speaks to broader conversations about the category of the literary by offering a new view of popular prose that celebrates plurality.

**Business Communication by Sanjay Gupta, Jay Bansal** - Sanjay Gupta 2020-08-26

*Technical Communication for Engineers* - Shalini Verma

Technical Communication for Engineers has been written for undergraduate students of all engineering disciplines. It provides a well-researched content meticulously developed to help them become strategic assets to their organizations and have a successful career. The book covers the entire spectrum of learning required by a technical professional to effectively communicate the technicalities of his subject to other technocrats or to a non-technical person at their proper levels. It is unique inasmuch as it provides some thoughtful pedagogical tools that help the students attain proficiency in all the modes of communication. Key Features □ Marginalia, which are spread throughout the book to clarify and highlight the

key points. □ Tech Talk passages, which throw light on the latest advancements in communication technology and their innovative use □ Application-based Exercise, which encourages the readers to apply the concepts learnt to real-life situation □ Language-based Exercise (Grammar & Vocabulary) to help readers assess their language competency □ Ethical Dilemma, which poses a complex hypothetical situation of mental conflict on choosing between difficult moral imperatives □ Experiential Learning-based Exercise (Project Work) devised to help learner 'feel' or 'experience' the concepts and theories learnt and thereby gain hands-on experience
