Innocent Abroad - Martin Indyk 2009-01-06

Making peace in the long-troubled Middle East is likely to be one of the top priorities of the next American president. He will need to take account of the important lessons from past attempts, which are described and analyzed here in a gripping book by a renowned expert who served twice as U.S. ambassador to Israel and as Middle East adviser to President Clinton. Martin Indyk draws on his many years of intense involvement in the region to provide the inside story of the last time the United States employed sustained diplomacy to end the Arab-Israeli

conflict and change the behavior of rogue regimes in Iraq and Iran. *Innocent Abroad* is an insightful history and a poignant memoir. Indyk provides a fascinating examination of the ironic consequences when American naïveté meets Middle Eastern cynicism in the region's political bazaars. He dissects the very different strategies of Bill Clinton and George W. Bush to explain why they both faced such difficulties remaking the Middle East in their images of a more peaceful or democratic place. He provides new details of the breakdown of the Arab-Israeli peace talks at Camp David, of the CIA's failure to overthrow Saddam Hussein, and of Clinton's attempts to negotiate with Iran's president. Indyk takes us inside the Oval Office, the Situation Room, the palaces of Arab potentates, and the offices of Israeli prime ministers. He draws intimate portraits of the American, Israeli, and Arab leaders he worked with, including Israel's Yitzhak Rabin, Ehud Barak, and Ariel Sharon; the PLO's Yasser Arafat; Egypt's Hosni Mubarak; and Syria's Hafez al-Asad. He describes in vivid detail high-level meetings, demonstrating how difficult it is for American presidents to understand the motives and intentions of Middle Eastern leaders and how easy it is for them to miss those rare moments when these leaders are willing to act in ways that can produce breakthroughs to peace. *Innocent Abroad* is an extraordinarily candid and enthralling account, crucially important in grasping the obstacles that have confounded the efforts of recent presidents. As a new administration takes power, this experienced diplomat distills the lessons of past failures to

chart a new way forward that will be required reading.

Heidegger from Metaphysics to Thought - Dominique Janicaud 1995-01-01

"Philosophy has come to an end" claimed Heidegger in the final posthumous interview he granted to Der Spiegel. The goal of Janicaud's chapters ("Overcoming Metaphysics?," "Heideggeriana," "Metamorphosis of the Undecidable," and the dialogue "Heidegger in New York") first of all is to clarify the project of "overcoming" metaphysics, a project that Heidegger himself recognized as open to innumerable misunderstandings. Is it really possible to surmount metaphysics, not by transgressing it, but by means of a patient elucidation of its key concepts? In the effort to underscore the originality of his own enterprise, doesn't Heidegger tend to project too harsh a dichotomy between the forgetfulness of Being and its authentic recollection? By raising these questions, Janicaud suggests that Heidegger himself does not elude the objections that he directs toward the great metaphysical thinkers. The final recourse to dialogue in the midst of twentieth-century New York - a landscape intentionally "different" from one expectedly Heideggerian - intends to hint at another possibility than the indefinite deconstruction of metaphysical texts. It suggests new ways for thoughtful meditation and a new cast for action. At the center of the book, Mattei evokes the "Heideggerian Chiasmus or the Setting-apart of Philosophy." Through an inquiry into the major Heideggerian texts produced between 1935 and 1969 and inspired by Holderlin's poetry, Mattei gradually detects the cosmic figure of the Geviert, the initial Fourfold where "earth and sky, the divine ones and the mortals" gather. Such a community, whose meaning Heidegger is the only one to decipher in our times, silently conforms to what is truly the archaic path to philosophy. The cosmic game of the Geviert also evokes, for Heidegger, the path of the Tao in the Chinese tradition. In this epoch characterized by the destruction of ontology, the two paths in which East and West meet may grant us moderns the hope one day of "dwelling" in the world.

Kipling Sahib - Charles Allen 2015-11-05
Rudyard Kipling was born in Bombay in 1865

and spent his early years there, before being sent, aged six, to England, a desperately unhappy experience. Charles Allen's great-grandfather brought the sixteen-year-old Kipling out to Lahore to work on The Civil and Military Gazette with the words 'Kipling will do', and thus set young Rudyard on his literary course. And so it was that at the start of the cold weather of 1882 he stepped ashore at Bombay on 18 October 1882 - 'a prince entering his kingdom'. He stayed for seven years during which he wrote the work that established him as a popular and critical, sometimes controversial, success. Charles Allen has written a brilliant account of those years - of an Indian childhood and coming of age, of abandonment in England, of family and Empire. He traces the Indian experiences of Kipling's parents, Lockwood and Alice and reveals what kind of culture the young writer was born into and then returned to when still a teenager. It is a work of fantastic sympathy for a man - though not blind to Kipling's failings - and the country he loved.

Bis sie an ihrer neuen High School den Jungen Ocean trifft. Er ist der erste Mensch seit langem, der Shirin wirklich kennenlernen möchte. Erschrocken

weist Shirin ihn harsch zurück. Ocean ist für sie aus einer Welt, aus der ihr bisher nur Hass und Ablehnung entgegenschlugen. The Pistachio Seller - Reem Bassiouney 2013-11-29

"It was Saturday. I remember. And while he was standing on a step ladder in the hall, changing a light bulb in the faint light coming through the window, I decided to love him." So begins this wonderfully exuberant novel of quixotic adolescent longing and the enduring search for self. Set in middle class urban Egypt, the story chronicles young Wafaa's struggle to come to terms with her own sexuality and her romantic infatuation with her cousin Ashraf, a spoiled and confident young Egyptian who was educated in England. Ashraf's worldliness and carefree attitudes stand in sharp contrast to Wafaa's provincial Islamic piety. As both mature they find outside events encroaching upon their sheltered lives, forcing each to confront challenges to their youthful ideologies. Ashraf is chastened by an economic turnaround that takes him to the United States as an impoverished immigrant, and Wafaa begins to question her rigid fundamentalist beliefs that seem increasingly inadequate to make sense of the complex world around her. Reem Bassiouney effortlessly captures the voices of her characters, bringing them to life and allowing the reader to be fully immersed in their lives as they unfold in moving, often funny, and eventually triumphant ways. *The Pistachio Seller* introduces Bassiouney's work to an English audience for the first time.

Women Development Workers - Anne Marie Goetz 2001-08-28

Using original empirical research, Dr Goetz compares the experiences and attitudes of women and men development agents in several major micro-finance programmes delivering credit to poor rural women. By displaying this sensitivity to women's social and economic constraints, women development agents can be an important resource for the empowerment of women. Dr Goetz elaborates an approach to institutional capacity building in development to show how accountability to women can be developed in both state and non-governmental development organisations.

Iqbals Geschichte - Francesco D'Adamo 2003
Fatima erzählt die Geschichte ihres Freundes Iqbal, eine Geschichte von Unfreiheit und Leid, aber auch von Rebellion und Mut, Hoffnung und Befreiung. Beide arbeiten für wenig Geld in einer pakistanischen Teppichweberei. Iqbal jedoch lässt sich weder von Willkür noch von härtesten Strafen brechen. Er flieht nach Lahore und nimmt Kontakt auf zur "Front zur Bekämpfung der Kinderarbeit". Iqbals Rebellion gegen die Verbrechen einer kinderverachtenden Industrie führt zum Erfolg: Die anderen Kinder werden befreit und der Webereibesitzer wird verhaftet. Iqbal jedoch bezahlt den Traum von einer gerechteren Welt mit seinem Leben. Aber er lebt weiter in den unzähligen Iqbals, die zur Freiheit aufrufen und nicht zuletzt in Fatimas Erinnerung.

Slum. Eine Geschichte von Leben, Tod und Hoffnung - Katherine Boo 2012-10-01

Annawadi ist ein Slum jenseits des luxuriösen Flughafens von Mumbai. Hier wohnen Tausende Menschen in notdürftig errichteten Hütten. Eng ist es hier und schmutzig. Und nicht selten fallen hungrige Ratten nachts über die Kinder her. In Annawadi lebt Abdul, der Müllsammler. Dass er geschickt ist in seinem Job, dass er Müll zu sammeln, zu sortieren und weiterzuverkaufen weiß wie kein Zweiter, ruft viele Neider auf den

Plan. Denn der Erfolg des einen bedeutet den möglichen Ruin des anderen. Und jeder in dem Slum kämpft mit allen Mitteln um die pure Existenz. Katherine Boo erzählt nicht nur die Geschichten der Menschen in Annawadi – sie erzählt auch von ihrer Hoffnung und ihrem Streben nach einem besseren Leben und von den Auswirkungen des westlichen Konsums bis in dieses Eckchen der Welt.

Mahmoud Darwish - Muna Abu Eid 2016-05-31

Mahmoud Darwish is the poet laureate of the Palestinian national struggle. His poems resonate across the entire Arab world and, more than any other single figure perhaps since the death of Yasser Arafat, he represents a unifying figurehead for Palestinian national aspirations. In this, the first comprehensive biography of Darwish in English, Muna Abu Eid examines the poet's intellectual status on two fronts - both national and public - and offers a critical assessment of Darwish's national and political life. Based on Darwish's own writings and interviews with people who worked with him and situating Darwish's poetry within the wider context of Palestinian struggles inside Israel, this book explores the influence of Darwish's life and work in the Palestinian territories and in the diaspora: from the destruction of his Galilee village and displacement of his family during the 1948 Nakba; to his return and 'infiltration' back into the homeland and the struggle for survival inside Israel; to his internal and external exiles in Haifa, Moscow, Cairo, Beirut, Tunisia, Paris and even Ramallah.

The Gamble - Thomas E. Ricks 2009-02-26

Based on unprecedented real-time access to the military's entire chain of command, *The Gamble* is the definitive account of the insurgency within the US military that led to a radical shift in America's strategy in Iraq - and the bloody implementation of that strategy on the ground. In his international bestseller *Fiasco*, Thomas E. Ricks gave us the definitive reckoning with what went so wrong in Iraq. The story *The Gamble* tells is how, when the war was at its darkest hour, a group of dissident junior commanders and their civilian allies did an end run around their superiors in the military establishment and seized control of the war. The result was "the Surge," one of the American military's boldest strategic gambles since the landings at Inchon. General David Petraeus gave military expert Thomas E. Ricks extraordinary privileged access to himself and his team during the past two years, and the result is a chronicle of astonishing vividness and analytical depth. It is the story of military leadership in the crucible of war, under excruciating political pressure at home. It is also the story of the soldiers who executed the strategy out in the field. Ricks concludes that the war likely will last for many years to come - and that it will not be remembered for the reasons we think.

Resilience, Survival, Perseverance - Hasan A

Khan 2021-12-13

This book provides an autobiographical description of the journey of my life as a physician, a traveler, and a family man. Through a non-linear narrative style, it charts the obstacles I encountered and overcame, the life lessons that I learned, and the material and spiritual wisdom that I collected along the way. I begin the book not with my childhood, but with my first day in medical college. This decision hints at the impetus for writing the book; I began it in 2019 when my grandson started his first day in medical college. I felt that my life had come a full circle, and began writing my memoir. The book also traverses an important event in my life, the Iraqi invasion of Kuwait in 1990, its aftermath and the personal trauma I faced on its account. I was forced to make a road trip from Kuwait to India only for the sake of SURVIVAL. Throughout my journey, I have lived through RESILIENCE when faced with odds. I believed in the narrative that success follows you with PERSEVERANCE. My seventy years have given me ample experience to know the difference between the beautiful and ugly, affluence and poverty, good and bad, right and wrong. In addition, this work covers my personal thoughts on "Art of living". Our leisure trips and soothing spiritual travels are included. I have not shied away from expressing my views on my own religion of "birth" and others and I learnt to respect all religions and beliefs. I have touched on the human and economic devastation caused by the COVID-19 pandemic. Amazingly, how the world in a rare show of cooperation got together to develop vaccines in record time. I have throughout the pages expressed my motto: "Live and let Live".
