Handbook of Handguns - Jeffrey Strickland 2013-04-25

In light of the 2nd Amendment debates, shooting may become the national passtime. To act responsibly within the 2nd Amendment, means knowing how to properly "bear arms". Knowing involves understanding firearm types, firearm operation, ammunition, internal ballistics, and shooting. These require training, especially shooting. Whether you own or plan to own a handgun for recreation, competition, or self-defense,

training is of the utmost importance. When you fire a projectile (bullet) from a firearm, you are responsible for where it goes. You need to understand how fast it travels, how far it can travel, and how accurate your firearm is in delivering the projectile to your intended target. Yes, bearing arms is a right, but not one to be taken lightly. Firing a handgun is a grave responsibility and must be done correctly and with a full understanding of all the components that make up "shooting".

Handguns and Freedom - Joe Pierre 2002-12

Of what good are the freedoms spelled out in the Bill of Rights if the people lack the power to enforce them? As Thomas Hobbes Noted in 1651, in his book, Leviathan, "Covenants without the Sword are but Words, and of no strength to secure a man at all." The attempts by 'liberal' forces in this country in the last few decades to deprive the American people of their private firearms, and thus to deny them their constitutionally guaranteed right to own and carry private means of self-defense is an old and infamous pattern of conduct, dating back centuries—a common practice of tyrants. If the people do not resist this effort we are in dire danger of losing not only our other freedoms, which are enumerated in the Bill of Rights, but also the blessings of liberty, which the Preamble proclaimed was one of the main goals of the government established by that document. This book is intended to serve as an alarm, both to the well meaning but misled who are unwittingly

being used by sinister forces who would destroy our freedoms, but also for those who are oblivious to the battle for the palladium of our freedoms, the Second Amendment to the Constitution.
