How To Be A Stoic - Massimo Pigliucci 2017-05-04

'In this thought-provoking book, Massimo Pigliucci shares his journey of discovering the power of Stoic practices in a philosophical dialogue with one of Stoicism's greatest teachers.' RYAN HOLIDAY, BESTSELLING AUTHOR OF THE OBSTACLE IS THE WAY AND THE DAILY STOIC Who am I? What am I doing? How ought I to live my life? Stoicism teaches us to acknowledge our emotions, reflect on what causes them and redirect them for our own good. Whenever we worry about how to be

happy, we are worrying about how to lead a good life. No goal seems more elusive. Massimo Pigliucci explores this remarkable philosophy and how its wisdom can be applied to our everyday lives in the quest for meaning. He shows how stoicism teaches us the importance of a person's character, integrity and compassion. Whoever we are, we can take something away from stoicism and, in How to be a Stoic, with its practical tips and exercises, meditations and mindfulness, he also explains how relevant it is to every part of our modern lives.

Big Little Breakthroughs -

Josh Linkner 2021-04-20

The pressure to generate big ideas can feel overwhelming. We know that bold innovations are critical in these disruptive and competitive times, but when it comes to breakthrough thinking, we often freeze up. Instead of shooting for a \$10-billion payday or a Nobel Prize, the most prolific innovators focus on Big Little Breakthroughs—small creative acts that unlock massive rewards over time. By cultivating daily micro-innovations, individuals and organizations are better equipped to tackle tough challenges and seize transformational opportunities. How did a convicted drug dealer launch and scale a massively successful fitness company? What core mindset drove LEGO to become the largest toy company in the world? How did a Pakistani couple challenge the global athletic shoe industry? What simple habits led Lady Gaga, Banksy, and Lin-Manuel Miranda to their remarkable

success? Big Little

Breakthroughs isn't just for propeller-head inventors, fancy-pants CEOs, or hoodie-donning tech billionaires. Rather, it's a surpassingly simple system to help everyday people become everyday innovators.

Discovering the Real Millie -

Tessa Marie 2020-03-23

Millie Sinclair is a socialite from Newport, Rhode Island, a place rich with history—not that she cares. After failing a history test, she's desperate for extra credit and accepts an assignment to tour one of the famous Newport mansions. At first the old mansions are nothing more than venues for weddings and charity events to Millie. Until she discovers a link to her family history and unearths a world of lies, betrayal and heartache in the pages of her great-grandmother's journals. Learning about her great-grandmother's forbidden love through a series of letters makes Millie question her own growing feelings for a boy who isn't her boyfriend. All dolled

up in her vintage dress, Millie attends the most talked about charity event in Newport's high society—The Roaring Twenties Gala. After fainting, she awakes in 1925 where she not only steps into her great-grandmother's T-strap shoes, but into the worst night of her life—the night the journal entries end. Mistaken for her great-grandmother, and without knowing how to get back to her own time, Millie watches her great-grandmother's life unravel as those she trusts are the ones to betray her.

The Runaway Species - David Eagleman 2017-10-10

“The authors look at art and science together to examine how innovations—from Picasso's initially offensive paintings to Steve Jobs's startling iPhone—build on what already exists and rely on three brain operations: bending, breaking and blending. This manifesto . . . shows how both disciplines foster creativity.”

—The Wall Street Journal
The Runaway Species is a deep dive into the creative mind, a celebration of the human spirit, and a vision of how we can improve our future by understanding and embracing our ability to innovate. David Eagleman and Anthony Brandt seek to answer the question: what lies at the heart of humanity's ability—and drive—to create? Our ability to remake our world is unique among all living things. But where does our creativity come from, how does it work, and how can we harness it to improve our lives, schools, businesses, and institutions?

Eagleman and Brandt examine hundreds of examples of human creativity through dramatic storytelling and stunning images in this beautiful, full-color volume. By drawing out what creative acts have in common and viewing them through the lens of cutting-edge neuroscience, they uncover the essential elements of this critical human ability, and encourage a more creative future for all of us.

“The Runaway Species approach[es] creativity scientifically but sensitively, feeling its roots without pulling them out.” —The Economist

I Love New York - Daniel Humm 2013-04-09

From the acclaimed team behind Manhattan's three-Michelin-starred Eleven Madison Park restaurant comes this deluxe cookbook showcasing the foods, ingredients, and culinary history of New York. After landing rave reviews for his transformation of Eleven Madison Park from a French brasserie into a fine dining restaurant, chef Daniel Humm decided to refashion Manhattan's ultimate destination restaurant into a showcase for New York's food artisans. Instead of looking abroad for inspiration, Humm headed to his own backyard, exploring more than fifty farms in the greater New York area and diving into the city's rich

culinary heritage as a cultural melting pot. In *I Love New York*, Humm and his business partner, Will Guidara, present an in-depth look at the region's centuries-old farming traditions along with nearly 150 recipes that highlight its outstanding ingredients—from apples, celery root, and foie gras to nettles, pork, scallops, and venison. Included among these dishes designed explicitly for the home cook are reinterpretations of New York classics, like Oyster Pan Roast, Manhattan Clam Chowder, and the Bloody Mary. Lushly illustrated with photographs of the area's dramatic landscapes and the farmers who tend the land, this unique ode introduces the concept of New York regional cuisine as it celebrates the bounty of this exceptional state.

wollen ständig Neues erschaffen - was aber macht unser Gehirn dabei so besonders? Warum erfinden Krokodile keine Speedboats? Der Neurowissenschaftler David Eagleman und der Komponist Anthony Brandt schildern, wie in unseren Köpfen Innovation entsteht. Sie erzählen Geschichten neuer Ideen von Picasso bis zur Raumfahrt und zeigen uns, dass wir die Herausforderungen der Zukunft nur meistern können, wenn wir die kreative Software unseres Gehirns verstehen lernen. Ein faszinierendes Duett von Naturwissenschaft und Kunst: Der weltbekannte Hirnforscher David Eagleman und sein Freund, der Komponist Anthony Brandt, widmen sich in ihrem Buch der Frage, wie das Neue entsteht. Dabei blicken sie auf die kreative Software des Gehirns: Wie funktioniert sie? Was machen wir damit? Wohin führt sie uns? Es erweist sich, dass der kreative Prozess vor allem von drei Fähigkeiten des Gehirns abhängt: Biegung,

Brechung und Verbindung. An vielen Beispielen, von der Raumfahrt über die Wirtschaft und die Kunst bis zum Sport, demonstrieren die Autoren, wie unser Denken die Welt immer wieder neu erschafft.

Unreasonable Hospitality -

Will Guidara 2022-10-25
National Bestseller Essential lessons in hospitality for every business, from the former co-owner of legendary restaurant Eleven Madison Park. Will Guidara was twenty-six when he took the helm of Eleven Madison Park, a struggling two-star brasserie that had never quite lived up to its majestic room. Eleven years later, EMP was named the best restaurant in the world. How did Guidara pull off this unprecedented transformation? Radical reinvention, a true partnership between the kitchen and the dining room—and memorable, over-the-top, bespoke hospitality. Guidara's team surprised a family who had never seen snow with a magical sledding trip to Central Park after their dinner; they filled a private dining room with sand, complete with mai-tais and beach chairs, to console a couple with a cancelled

vacation. And his hospitality extended beyond those dining at the restaurant to his own team, who learned to deliver praise and criticism with intention; why the answer to some of the most pernicious business dilemmas is to give more—not less; and the magic that can happen when a busser starts thinking like an owner. Today, every business can choose to be a hospitality business—and we can all transform ordinary transactions into extraordinary experiences. Featuring sparkling stories of his journey through restaurants, with the industry's most famous players like Daniel Boulud and Danny Meyer, Guidara urges us all to find the magic in what we do—for ourselves, the people we work with, and the people we serve.

I Love New York - Daniel Humm 2013-04-09

From the acclaimed team behind Manhattan's three-Michelin-starred Elven Madison Park restaurant comes this deluxe cookbook showcasing the foods, ingredients, and culinary history of New York. After landing rave reviews for their transformation of Eleven Madison Park from a French brasserie into a fine dining restaurant, chef Daniel Humm and general manager Will Guidara decided to refashion their Manhattan restaurant into a showcase for New York's food artisans. Instead of looking abroad for inspiration, Humm and Guidara headed to their own backyards, exploring more than fifty farms in the greater New York area and diving into the city's rich culinary heritage as a cultural melting pot. In *I Love New York*, Humm and Guidara present an in-depth look at the region's centuries-old farming

traditions along with nearly 150 recipes that highlight its outstanding ingredients—from apples, celery root, and foie gras to nettles, pork, scallops, and venison. Included among these dishes designed explicitly for the home cook are reinterpretations of New York classics, like Oyster Pan Roast, Manhattan Clam Chowder, and the Bloody Mary. Lushly illustrated with photographs of the area's dramatic landscapes and the farmers who tend the land, this unique ode introduces the concept of New York regional cuisine as it celebrates the bounty of this exceptional state.

The NoMad Cookbook - Daniel Humm
2015-10-13

From the authors of the acclaimed cookbooks *Eleven Madison Park* and *I Love New York* comes this uniquely packaged cookbook, featuring recipes from the wildly popular restaurant and, as an added surprise, a hidden back panel that opens to reveal a separate cocktail book. Chef Daniel

Humm and his business partner Will Guidara are the proprietors of two of New York's most beloved and pioneering restaurants: Eleven Madison Park and The NoMad. Their team is known not only for its perfectly executed, innovative cooking, but also for creating extraordinary, genre-defying dining experiences. The NoMad Cookbook translates the unparalleled and often surprising food and drink of the restaurant into book form. What appears to be a traditional cookbook is in fact two books in one: upon opening, readers discover that the back half contains false pages in which a smaller cocktail recipe book is hidden. The result is a wonderfully unexpected collection of both sweet and savory food recipes and cocktail recipes, with the lush photography by Francesco Tonelli and impeccable style for which the authors are known. The NoMad Cookbook promises to be a reading experience like no other, and will be the holiday gift of the year for the foodie who has

everything.

Winter Storms - Elin

Hilderbrand 2016-11-17

Gather under the mistletoe for one last round of carolling with the Quinn family in this

heartwarming conclusion to Elin Hilderbrand's bestselling Winter Street Trilogy. Some of the stormy weather of the past few seasons seems to have finally lifted for the Quinns. Kevin is about to tie the knot with Isabelle, there's hopeful news about Bart, who has been captured by enemy forces in Afghanistan, and the family are coming back together for Christmas at Winter Street Inn. But with love triangles and health scares to contend with, there are still some dark clouds on the horizon. And as they prepare to host Kevin and Isabelle's winter wedding at the inn, a historic blizzard bears down on Nantucket, threatening to keep the Quinns away from the people and the place they love most. Before the snow clears, the family will have survived enough upheavals to send anyone running for the eggnog, in this touching novel that proves when the holidays roll around, you can always go home again. *Managing Hospitality Organizations* - Robert C.
