The All-Pervading Melodious Drumbeat - Ra Yeshe Senge 2015-07-21

The story of Tibet's notorious master of Buddhist sorcery—translated for the first time into English An essential sacred text of Tibetan Buddhism, *The All-Pervading Melodious Drumbeat* tells the wondrous story of Ra Lotsawa Dorjé Drak. Though he was canonized as a saint and a fully enlightened buddha, the eleventh-century Ra Lotsawa's life story presents a darker path than those taken by Siddhartha Gautama and Milarepa. Viewed by some as a murderous villain and by others as a liberator of human suffering, Ra Lotsawa used his formidable power and magical abilities to defeat his rivals, accumulate wealth, and amass a devoted following. His life offers a rare view into the often overlooked roles of magic and sorcery in the Buddhist tradition. Despite this sinister legacy, his fame also rests on an illustrious career as a translator of Buddhist

scriptures, through which he helped spark a renaissance of Buddhism in Tibet. This spirited new translation gives readers in English their first opportunity to encounter one of the most colorful and memorable figures in Tibetan Buddhist history. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Tales of Lights and Shadows - Robert Ellwood
2010-09-12

Tales of Lights and Shadows offers a fresh approach to the traditional mythology and literature of the afterlife, centering on tensions and polarities in the afterlife concepts: bright vs. dismal, heaven vs. reincarnation, theocentric vs. anthropocentric heaven, etc. Presenting examples from virtually all the world's religious cultures past and present, this fascinating book puts the concepts clearly in the context of the worldview and social issues of that society. Robert Ellwood depicts the many rich mythologies of the afterlife from the ancient Mesopotamians, Japanese, Greeks of the Homeric era, to Christian views of heaven or the Buddhist western paradise. He explores views of the concept of reincarnation as well as the arduous preparation for the afterlife that must be taken in some traditions. Ellwood concludes by looking at the way varying views of the afterlife influence religious and even secular culture, and how in turn culture can influence the popular heavens and hells of the time and place.

Renunciation and Longing - Annabella Pitkin
2022-05-20

"In the early twentieth century, Khunu Lama wandered like a beggar across Tibet and India, meeting Buddhist masters and living, so his students say, on cold porridge and water. Yet this ragged beggar-yogi became a revered teacher of the current Fourteenth Dalai Lama. At his death in 1977, he was mourned by Himalayan nuns, Tibetan lamas, and American meditators alike. The myriad surviving stories about Khunu Lama reveal unexpected forms of Tibetan Buddhism, shedding new light on questions of secularism, religion, and what it means to be modern. In Beggar Modern, Annabella Pitkin explores the emotionally charged Tibetan Buddhist imaginaries of renunciation, devotion, and the teacher-student lineage relationship as resources for Tibetan Buddhist approaches to modernity. By examining narrative accounts of the life of a remarkable twentieth-century Himalayan Buddhist and focusing on his remembered identity as a renunciant bodhisattva, Pitkin illuminates Tibetan and Himalayan practices of memory, reinvention, and mourning. Refuting longstanding caricatures of Tibetan Buddhist communities as unable to be modern because of their religious commitments, Pitkin shows instead how twentieth- and twenty-first-century Tibetan Buddhists have used precisely the cultural resources that connect them to their past as vital tools for creating new futures"--

The Selfless Ego - Lucia Galli 2021-05-13

The essays collected in The Selfless Ego propose an innovative approach to one of the most fascinating aspects of Tibetan literature: life writing. Departing from past schemes of interpretation, this book addresses issues of literary theory and identity construction, eluding the strictures imposed by the adoption of the hagiographical master narrative as synonymous with the genre. The book is divided into two parts. Ideally conceived as an 'introduction' to traditional forms of life writing as expressed in Buddhist milieus, Part I. Memory and

Imagination in Tibetan Hagiographical Writing centres on the inner tensions between literary convention and self-expression that permeate indigenous hagiographies, mystical songs, records of teachings, and autobiographies. Part II: Conjuring Tibetan Lives explores the most unconventional traits of the genre, sifting through the narrative configuration of Tibetan biographical writings as 'liberation stories' to unearth those fragments of life that compose an individual's multifaceted existence. This volume is the first to approach Tibetan life writing from a literary and narratological perspective, encompassing a wide range of disciplines, themes, media, and historical periods, and thus opening new and vibrant areas of research to future scholarship across the Humanities. The chapters in this book were originally published as two special issues of Life Writing.

The Guide to Enlightenment - Allison Choying Zangmo 2021-10-19

Navigate the transformative potential of the student-teacher relationship with advice and personal stories from two female Buddhist teachers with decades of experience working with spiritual guides. Taking a spiritual path that genuinely transforms our lives is no easy task. It

engages the deepest parts of ourselves, and there are many pitfalls and ravines that can carry us away on this sometimes treacherous path. A spiritual guide who is genuine and experienced is vital for navigating such obstacles--someone to give perspective, someone to trust, someone to light the way. The teacher-student relationship has been a core part of Buddhism from the time of the Buddha and his first disciples over 2,500 years ago, and it continues to be central to navigating a spiritual path of meditation and reflection. In this intimate collection of personal stories and advice, Allison Choying Zangmo and Carolyn Kanjuro team up to reflect on their experiences as longtime practitioners of Buddhism, their own unique relationships with their partners who are also their spiritual guides, and to celebrate and uphold the transformative power of the student-teacher relationship. As both students and leaders in their Buddhist communities, Allison and Carolyn share insights into how we can successfully interpret traditional Buddhist understandings of spiritual mentorship for today's world. From guidance on how to find a teacher to how to face issues of miscommunication and confrontation, Kanjuro and Zangmo help readers consider their own goals and emotional boundaries as a starting point for building a positive new spiritual connection.

E disso fez proveito. Pois criou uma cultura única e vibrante, com teores budistas, tântricos e mágicos advindos do universo indiano ao sul. E mesclou influências chinesas, turcas e mongólicas do norte. Nessa encruzilhada, impôs seu império no século 7º. e desde então buscou alianças e autonomia.

The Yogin and the Madman - 2013-11-05

Tibetan biographers began writing Jetsun Milarepa's (1052-1135) life story shortly after his death, initiating a literary tradition that turned the poet and saint into a model of virtuosic Buddhist practice throughout the Himalayan world. Andrew Quintman traces this history and its innovations in narrative and aesthetic representation across four centuries, culminating in a detailed analysis of the genre's most famous example, composed in 1488 by Tsangnyön Heruka, or the "Madman of Western Tibet." Quintman imagines these works as a kind of physical body supplanting the yogin's corporeal relics.

Dharma Matters - Jan Willis 2020-04-21

A powerful collection of essays on race and gender in contemporary Buddhist practice, a hot-button topic in the West right now, by one of the leading thinkers in the area. Jan Willis was among the first Westerners to encounter exiled Tibetan teachers abroad in the late sixties, instantly finding her spiritual and academic home. TIME Magazine named her one of six "spiritual innovators for the new millennium," both for her considerable academic accomplishments and for her cultural relevance. Her writing engages head-on with issues current to Buddhist practitioners in America, including dual-faith practitioners and those from marginalized groups. This collection of eighteen scholarly and popular essays spans a lifetime of reflection and teaching by Willis. Grouped in four sections—Women and Buddhism, Buddhism and Race, Tantric Buddhism and Saints' Lives, and Buddhist-Christian Reflections—the essays provide timeless wisdom for all who are interested in contemporary Buddhism and its interface with ancient tradition. "This collection of essays by Jan Willis, penned over thirty years of study, teaching, and practice, is destined to become an authoritative resource in Buddhist scholarship and thought. Willis challenges many of our preconceptions, but asks no more and no less than what the Buddha asked: come, see, and experience for yourselves." —Sharon Salzberg, author of *Lovingkindness and Real Happiness* "From Birmingham to Bodhgaya, Jan bridges

worlds like no other. Her essays are treasures of wisdom born from a remarkable life richly lived." —Matthew T. Kapstein, author of *Reason's Traces: Identity and Interpretation in Indian and Tibetan Buddhist Thought* "This book is a blessing for us all—across cultures, across genders, across traditions." —Larry Yang, author of *Awakening Together: The Spiritual Practice of Inclusivity and Community*

Was bedeutet es, ein Mensch zu sein? Für Kierkegaard umgreift diese Frage nach dem Leben und der eigenen Existenz alle anderen Fragen. Er inspirierte Wittgenstein, Jaspers, Heidegger, Rilke, Camus und Sartre und beeinflusste die Theologen des 20. Jahrhunderts. Neben Hegel, Marx und Nietzsche ist Sören Kierkegaard der wichtigste Philosoph des 19. Jahrhunderts. Als Sohn, Student, Dandy, Bürgerschreck und Verlobter scheiterte er kläglich. Bis heute ist er einer der ungewöhnlichsten Außenseiter der Philosophie geblieben. Sein Denken erzählt Clare Carlisle, indem sie Kierkegaards Persönlichkeit, Leben und Existenz vor ihren Lesern aufleben lässt. Das ergreifende Schicksal eines der bedeutendsten Philosophen, der viel zu unbekannt ist. Ein Autor für Zeiten des Umbruchs - also für unsere Zeit.

Equality - Robert E. Tully 2019-12-12

The essays in this volume on the subject of equality are the work of scholars at Bard College

and West Point. Their research falls within the areas of history, religion, legal theory, social science, ethics and philosophy. The regions covered include the Middle and Far East, Europe, and America; the time periods studied are both contemporary and historical. Each essay is a well-detailed exploration which assumes the reader has no prior acquaintance with the topic. Together, the studies reveal both conflicting standards of equality as well as patterns of pernicious inequality. In an ideal world, equality and inequality among humans would vary in acceptable proportion, increase of the one ensuring decrease of the other. Unfortunately, as the studies illustrate, any such expectation of progress in the real world is almost routinely thwarted. Despite the wide variety of topics, a common thread binds these essays. Human nature seems to harbor a moral deficiency lying deeper than any written laws and those traditional customs which promote inequality and breed injustice. The fault is prominent in those who champion unjust laws or who willingly enforce discrimination but it is no less active in the silent many who condone the practice. The essays reveal the same persistent and unappealing trait which social groups from the remote past to the present manifest in various ways: blind determination to perpetuate whatever advantages one group believes it enjoys over another, convinced that its own members are more equal than theirs. Being made unequal, the others too easily become targets who are considered less worthy, sometimes even less human.

Buddhisms in Asia - Nicholas S. Brasovan
2019-09-01

A guide to Buddhism's rich variety of traditions and cultural expressions for educators who would like to include Buddhism in their undergraduate courses. Over its long history, Buddhism has never been a simple monolithic phenomenon, but rather a complex living tradition—or better, a family of traditions—continually shaped by and shaping a vast array of social, economic, political, literary, and aesthetic contexts across East Asia, South Asia, and Southeast Asia. Written by undergraduate educators, *Buddhisms in Asia* offers a guide to Buddhism's rich variety of traditions and cultural expressions for educators

who would like to include Buddhism in their undergraduate courses. It introduces fundamental yet often underrepresented Buddhist texts, concepts, and material in their historical contexts; presents the major "ecologies" of Buddhist belief, practice, and cultural expression; and provides methodological insights regarding how best to infuse Buddhist content into undergraduate courses in the humanities and social sciences. The text aims to represent "Buddhisms" by approaching the subject from a broad range of disciplinary perspectives, including art history, anthropology, history, literature, philosophy, religious studies, and pedagogy. "I teach an introductory course on Buddhism on a regular basis, and every single chapter of this book gave me ideas for materials I could incorporate, new modules I might develop, and/or better ways I might organize and present existing content to students. I think that the book will be particularly useful to educators in Asian studies who are not themselves specialized in areas of Buddhism or religion. The collection gives them the information on Buddhist philosophy, doctrine, and practice that they would need to better incorporate the role of Buddhism into classes on Asian culture, history, society, and politics." — Leah Kalmanson, coeditor of *Buddhist Responses to Globalization*

In the Circle of White Stones - Gillian G. Tan
2017-05-01

This narrative of subsistence on the Tibetan plateau describes the life-worlds of people in a region traditionally known as Kham who move with their yaks from pasture to pasture, depending on the milk production of their herd for sustenance. Gillian Tan's story, based on her own experience of living through seasonal cycles with the people of Dora Karmo between 2006 and 2013, examines the community's powerful relationship with a Buddhist lama and their interactions with external agents of change. In showing how they perceive their environment and dwell in their world, Tan conveys a spare beauty that honors the stillness and rhythms of nomadic life.

A Kriya Yogi's Kundalini Awakening in the Himalayas: A Boundary-Breaking Journey to Self-Realization Graced by Mahavatar Babaji - Madhuri Mandava
2019-11-18

A ""Kriya Yogi's Kundalini Awakening in the Himalayas"" offers readers a deep trek not only to the Himalayas but to an extraordinary woman's spiritual awakening. Her initial aspiration to learn mountaineering had turned into a spiritual quest to attain enlightenment. She began reading books on quantum physics and metaphysics, and found no answers, before eventually stumbling upon *Autobiography of a Yogi*, by Paramahansa Yogananda (1893-1952), where she learned that the path of Kriya Yoga had been given to humanity to realize our immortality through self-realization and the evolution of consciousness and got initiated into this science by Baba Paramahansa Hariharananda Giri, a direct disciple of Sri Yuktेशwar and a peer to Yogananda. She experienced her final Awakening, where she became ONE with the Universe at the cave of Mahavatar Babaji that Yogananda cites in his book. She took the treacherous Siddhartha Road to Awakening that spanned over 25 years of her various spiritual practices

Evidential Systems of Tibetan Languages -

Lauren Gawne 2017-04-24

This edited volume brings together work on the evidential systems of Tibetan languages. This includes diachronic research, synchronic description of systems in individual Tibetan varieties and papers addressing broader theoretical or typological questions. Evidentiality in Tibetan languages interacts with other features of modality, interactional context and speaker knowledge states in ways that provide important perspectives for typologists and our general understanding of evidential systems. This book provides the first sustained attempt to capture this complexity and diversity from both a synchronic and diachronic perspective.

Bekenntnisse eines ungläubigen Buddhisten -

Stephen Batchelor 2010

Die alte Weisheit Buddhas für die Welt von heute An den Buddhismus muss man nicht "glauben"-- Und schon gar nicht an Wiedergeburt und Nirwana: Der international bekannte Buddhist und Bestsellerautor Stephen Batchelor befreit die fernöstliche Weisheitslehre vom religiösen Überbau und beweist eindringlich, dass sie vor allem eine praktische Anleitung für ein authentisches Leben im Hier und Jetzt ist. Sein neues Buch ist die spannende Geschichte einer

lebenslangen Sinnsuche. Sie wird nicht nur Buddhisten faszinieren, sondern alle "Ungläubigen" auf der Suche nach Orientierung. Als Jugendlicher landet Stephen Batchelor Anfang der 70er Jahre eher zufällig in Indien und entdeckt den Buddhismus. Mit 21 wird er Mönch und beschäftigt sich intensiv mit verschiedenen Formen des tibetischen und des Zen-Buddhismus. Doch bald kommen ihm Zweifel, denn die im Buddhismus so zentrale Vorstellung der Wiedergeburt ist seinem westlich geprägten Denken nicht zugänglich. Batchelors tiefe Glaubenskrise und seine Auseinandersetzung mit dem historischen Buddha bringen ihn zu der Überzeugung, dass man für die zeitlose Weisheit des Buddhismus Worte und Ausdrucksformen finden muss, die auch im Westen verstanden werden. Für ihn ist er keine Religion, sondern der Weg zu einem achtsamen, mitfühlenden Denken und Handeln in einer leiderfüllten Welt - ein Weg, der uns auch heute noch bereichern und erfüllen kann. Stephen Batchelors Geschichte inspiriert alle, für die stetiges Zweifeln und die Auseinandersetzung mit religiösen Dogmen untrennbar mit Erkenntnis und mit Spiritualität verbunden sind. Die packende Geschichte einer Sinnsuche - nicht nur für Buddhisten.

Food of Sinful Demons -

Geoffrey Barstow 2017-10-24

Tibetan Buddhism teaches compassion toward all beings, a category that explicitly includes animals. Slaughtering animals is morally problematic at best and, at worst, completely incompatible with a religious lifestyle. Yet historically most Tibetans—both monastic and lay—have made meat a regular part of their diet. In this study of the place of vegetarianism within Tibetan religiosity, Geoffrey Barstow explores the tension between Buddhist ethics and Tibetan cultural norms to offer a novel perspective on the spiritual and social dimensions of meat eating. *Food of Sinful Demons* shows the centrality of vegetarianism to the cultural history of Tibet through specific ways in which nonreligious norms and ideals shaped religious beliefs and practices. Barstow offers a detailed analysis of the debates over meat eating and vegetarianism, from the first references to such a diet in the tenth century through the Chinese invasion in the 1950s. He discusses elements of

Tibetan Buddhist thought—including monastic vows, the Buddhist call to compassion, and tantric antinomianism—that see meat eating as morally problematic. He then looks beyond religious attitudes to examine the cultural, economic, and environmental factors that oppose the Buddhist critique of meat, including Tibetan concepts of medicine and health, food scarcity, the display of wealth, and idealized male gender roles. Barstow argues that the issue of meat eating was influenced by a complex interplay of factors, with religious perspectives largely supporting vegetarianism while practical concerns and secular ideals pulled in the other direction. He concludes by addressing the surge in vegetarianism in contemporary Tibet in light of evolving notions of Tibetan identity and resistance against the central Chinese state. The first book to discuss this complex issue, *Food of*

Sinful Demons is essential reading for scholars interested in Tibetan religion, history, and culture as well as global food history.
