The Time of My Life - Ev Nau 2022-02-03

While driving home from a long trip, Ev Nau was thinking about some events in his youth and suddenly realized that he knew very little about his own father's youth. As his trip continued, he further discovered that his own grandchildren really didn't know him either. So began his project of recording his memoirs for them. Following his retirement, Ev went through every bit of documentation he could find, from his mother's baby book to reports he had written at work, to recapture as much of his life as possible. Old pictures were the source of many of his memory kick-starts. Each tale seemed to rekindle a new story, and he spent most of his time just chuckling about how clearly it all came back to him. Born during World War II and surviving so many traumatic historical events, Ev shows people his life in perspective to many of these historical events and how they shaped him and his growth. From zany antics, and there are many, to tragic circumstances, way too many, his story graphically shows how this complicated man grew into a well-respected teacher,

coach, and mentor for so many others. Whether chasing rabbits in a sports car on a golf course or marching endless miles in a drum and bugle corps or helping a close friend learn of his father's death, Ev has a compelling story to tell. And those tales only scratch the surface! Wait until you read about his Winter Carnival experience!

The Years That Matter Most - Paul Tough 2019-09-12

What has gone wrong in our universities? And how do we make it right? When Amy applied to university, she thought she'd be judged purely on her merits. But she never thought that her family background would have as much impact on her future as her grades. When KiKi arrived at university, she knew she could be the only black woman in her class. But she didn't know how out of place she would feel, nor how unwelcoming her peers would be. When Orry graduated from university, he was told he'd probably land a six-figure salary. But he wasn't told he'd end up barely scraping a living wage, struggling to feed his children. Drawing on the stories of hundreds of American students, *The Years That Matters Most* is a revelatory account of a university system in crisis. Paul Tough, bestselling author of *How Children Succeed*, exposes a world where small-town colleges go bust, while the most prestigious raise billions every year; where overstretched admissions officers are forced to pick rich candidates over smart ones; where black and working-class students are left to sink or swim on uncaring campuses. Along the way, he uncovers cutting-edge research from the academics leading the way to a new kind of university - one where students succeed not because of their background, but because of the quality of their minds. The result is a call-to-arms for universities that work for everyone, and a manual for how we can make it happen.

Nine Lives - Brandon Baltzley 2013-05-02

A rising young chef lays bare his gripping story of culinary triumphs, consuming drug addictions, and his continuing quest to stay on top while staying sober. At twenty-six years old, Brandon Baltzley was poised for his star turn as the opening chef at Chicago's hotspot Tribute. People called him a prodigy—the Salvador Dali of cooking—and foodie blogs followed his every move. Instead, Brandon walked away from it all and entered rehab to deal with the alcohol and cocaine addiction that had enslaved him most of his adult life. Brandon grew up in the South with no father and an addict mother. At nine, he was prepping vegetables in the back of a gay bar. From there, he went on to deep-frying with Paula Deen

to cooking in an array of Michelin-starred restaurants, including Grant Achatz's world-renowned Alinea. In between, he was touring the country with his heavy metal band, Kylesa—and doing his first stint in rehab. Like Gabrielle Hamilton's *Blood, Butter and Bones*, Brandon's *Nine Lives* is about blazing a way out from a rough childhood through talent and an unbridled passion for the craft of cooking. A story that's still being written as Brandon works with Crux, the pop-up culinary collective he founded, and plans for the opening of his own restaurant, *Nine Lives* serves up a raw and riveting memoir about food, rock-and-roll, and redemption.

Bull Head - John Vigna 2012-09-15

"A heartbreaking portrait of what it means to be a man in a world where violence trumps reason, and bad decisions begin with good intentions. With wit, tenderness, and intelligence, *Bull Head* exposes the raw

underbelly of male experience."—Gary Shteyngart, author of *Super Sad True Love Story* A line-dancing aficionado visits his brother in jail in hopes of mending their relationship, and instead discovers his own unwitting role in his brother's failed life. After the death of his wife and children, a logger tries to survive the Thanksgiving weekend on his own. A delinquent teen's life is changed forever by a work-camp placement with a violent older boy. A truck driver seeks sanctuary from his abusive wife in a fantasy world of strip clubs and personal ads. Bristling with restlessness and brutality, these linked stories set in the Pacific Northwest catapult readers into the gritty lives of social outcasts lost in purgatories of their own making. John Vigna tempers raw and at times cruel rural masculinity with graceful prose and breathtaking tenderness to illuminate the plight of men living in small towns and backwoods who belong neither to history nor the future. A startling homage to the great Southern Gothic tradition, *Bull Head* is a dazzling debut that heralds a powerful and exciting new literary voice. John Vigna is an alumnus of the Iowa Writers' Workshop. His fiction and non fiction have appeared in numerous newspapers and magazines. John lives in Vancouver, British Columbia, with his wife, writer Nancy Lee.

Can I Say - Travis Barker 2015-10-20

Travis Barker's soul-baring memoir chronicles the highlights and lowlights of the renowned drummer's art and his life, including the harrowing plane crash that nearly killed him and his traumatic road to recovery—a fascinating never-before-told-in-full story of personal reinvention grounded in musical salvation and fatherhood. After breaking out as the acclaimed drummer of the multiplatinum punk band Blink-182, everything changed for Travis Barker. But the dark side of rock stardom took its toll: his marriage, chronicled for an MTV reality show, fell apart. Constant touring concealed a serious drug addiction. A reckoning did not truly come until he was forced to face mortality: His life nearly ended in a horrifying plane crash, and then his close friend, collaborator, and fellow crash survivor DJ AM died of an overdose. In this blunt, driving memoir, Barker ruminates on rock stardom, fatherhood, death, loss, and redemption, sharing stories shaped by decades' worth of hard-earned

insights. His pulsating memoir is as energetic as his acclaimed beats. It brings to a close the first chapters of a well-lived life, inspiring readers to follow the rhythms of their own hearts and find meaning in their lives.

American Band - Kristen Laine 2007-08-02

For millions of kids, band is a rite of passage—a first foray into leadership and adult responsibility, and a chance to learn what it means to be a part of a community. Nowhere is band more serious than at Concord High School in Elkhart, Indiana, where the entire town is involved with the success of its defending state champion band, the Marching Minutemen. In the place where this tradition may have originated, in the city that became the band instrument capital of the world, band is a religion. But it's not the only religion—as legendary director Max Jones discovers when conflicting notions of faith and purpose collide during his final year as director. In this intimate chronicle, the band marches through a season that starts in hope and promise, progresses through uncertainty and disappointment, and ends, ultimately, in redemption.

Kick It - Matt Brennan 2020-02-11

"Kick It, the first social history of the drum kit, looks closely at key innovators in the development of the instrument: inventors and manufacturers like the Ludwig and Zildjian dynasties, jazz icons like Gene Krupa and Max Roach, rock stars from Ringo Starr to Keith Moon, and popular artists who haven't always got their dues as drummers, such as Karen Carpenter and J Dilla. Addressing a seeming contradiction--the centrality of the drum kit on the one hand, and the general disparagement of drummers on the other--author Matt Brennan makes the case for the drum kit's role as one of the most transformative musical inventions of the modern era. Tackling the history of race relations, global migration, and the changing tension between high and low culture, Kick It shows how the drum kit and drummers helped change modern music--and society--from the bottom up"--Back cover
