*Mission in Progress* - Barden Chirwa 2020-11-17

Since the establishment of the Seventh-day Adventist Church in Malawi in 1902, there is now available much information on the cases, narratives and experiences of women that shows the contribution of women to the progress of the SDA mission in Malawi. That record reveals a notable increase in the developing role of women in the SDA Church in Malawi, blended with both successful and challenging experiences. This has prompted the writing of this book. My aim is to present a historical record of the developing role of women in the SDA Church in Malawi. The purpose is to provide a first critical analysis, in a Malawian context, of a wider range of biblical and socio-cultural issues affecting the role of women in the SDA Church in Malawi.

**Reflections on Women's Ordination** - Stephen Bohr 2015-05-07

“The church may appear as about to fall, but it does not fall. It remains, while the sinners in Zion will be sifted out—the chaff separated from the precious wheat. This is a terrible ordeal, but nevertheless must take place. . . . The remnant that purify their souls by obeying the truth gather strength from the trying process, exhibiting the beauty of holiness amid the surrounding apostasy” (Ellen G. White Letter 55, Dec. 8, 1886,

written from Basel, Switzerland to G. I. Butler and S. N. Haskell). Dear reader, does the prophetic guidance just quoted strike you as being just a tad scary? If you have been paying close attention lately, a movement has been steadily, but stealthily, building over the past several years and is now dangerously close to reaching groundswell proportions in the North American Division and beyond. This movement would accomplish the objective of ordaining women as full-fledged ministers of the Gospel. Are you concerned? Is there anything you could or should do about it? Before you answer, please take the time to read through this little book.

*From Pro-life to Pro-choice: The Dramatic Shift in Seventh-day Adventist's Attitudes Towards Abortion* - Nic Samojluk 2011-11

A study of Adventist literature showing the dramatic shift by the Seventh-day Adventist North American Church' attitude towards one of the most fundamental rules designed by God for the protection of human life—the Sixth Commandment which forbids the murder of innocent human beings. A careful research indicating that financial profit moved the church leadership to tolerate the offering of abortion on demand services to the patients of several hospitals owned and managed by the Adventist organization.

Still Time to Care - Greg Johnson 2021-12-07

At the start of the gay rights movement in 1969, evangelicalism's leading voices cast a vision for gay people who turn to Jesus. It was C.S. Lewis, Billy Graham, Francis Schaeffer and John Stott who were among the most respected leaders within theologically orthodox Protestantism. We see with them a positive pastoral approach toward gay people, an approach that viewed homosexuality as a fallen condition experienced by some Christians who needed care more than cure. With the birth and rise of the ex-gay movement, the focus shifted from care to cure. As a result, there are an estimated 700,000 people alive today who underwent conversion therapy in the United States alone. Many of these patients were treated by faith-based, testimony-driven parachurch ministries centered on the ex-gay script. Despite the best of intentions, the movement ended with very troubling results. Yet the ex-gay movement died not because it had the wrong sex ethic. It died because it was founded on a practice that diminished the beauty of the gospel. Yet even after the closure of the ex-gay umbrella organization Exodus International in 2013, the ex-gay script continues to walk about as the undead among us, pressuring people like me to say, "I used to be gay, but I'm not gay anymore. Now I'm just same-sex attracted." For orthodox Christians, the way forward is a path back to where we were forty years ago. It is time again to focus with our Neo-Evangelical fathers on care--not cure--for our non-straight sisters and brothers who are living lives of costly obedience to Jesus. With warmth and humor as well as original research, Still Time to Care will chart the path forward for our churches and ministries in providing care. It will provide guidance for the gay person who hears the gospel and finds themselves smitten by the life-giving call of Jesus. Woven throughout the book will be Richard Lovelace's 1978 call for a "double repentance" in which gay Christians repent of their homosexual sins and the church repents of its homophobia--putting on display for all the power of the gospel.

Through Miracles to Ministry - Erickson Fabien 2014-11-25

What drives a Caribbean man to pack his meager belongings, pick up his young family, and get on a plane bound for the Philippines, knowing that he has only enough money to get to New York? What makes him believe that they can survive in that distant country for three years when he doesn't even have enough money to get there in the first place? The answer is conviction—a strong conviction based on several miracles, such as a mysterious old bent-over Vincentian woman appearing from nowhere and telling him to his face that he should become a pastor! Through Miracles to Ministry traces a long and often exciting journey marked by providential situations and supernatural events in the author's life. As you take this journey with him, especially from 2002 onward, you will be left shaking your head in acknowledgment that certainly, God was at work. The author hopes that as you read, your attitude will be, "Hey, if God did this for him, he can do it for me."

**Lunjika SDA Mission in Northern Malawi 1932 - 1995** - Banda, Macleard 2018-05-22

The missionary work of the Seventh-day Adventist Church started in Southern Malawi in 1902, and histories of churches are usually told from that starting point. This book uses a different approach, it tells the story of Lunjika Mission (earlier called Mombera Mission) which begins in 1932, showing how the SDA Church met a new culture, that of the strongly patrilineal Ngoni and their neighbours to the North, and how it dealt with other churches that had started missionary work in that broad area up to two generations before.

Trading Cultures - Heung Wah Wong 2015-06-01

This collection of original essays interrogates the nature of intercultural and intra-cultural encounters through anthropological case studies of Asia, Africa, and the Pacific Islands. The chapters show that parties involved in intercultural or intra-cultural encounters, each equipped with their own means and motivated by their own ends, reciprocally engage each other in a dynamic, emergent relationship. Through detailed empirical research, this volume seeks to advance the open question of how we may theorize the cultural interface.

**James K. Humphrey and the Sabbath-Day Adventists** - R. Clifford Jones 2009-09-18

In *James K. Humphrey and the Sabbath-Day Adventists*, R. Clifford Jones tells the story of this important black religious figure and his attempt to bring about self-determination for twentieth-century blacks in New York City. Humphrey was a Baptist minister who joined the Seventh-day Adventist (SDA) Church shortly after arriving in New York City from Jamaica at the turn of the twentieth century. A leader of uncommon competency and charisma, Humphrey functioned as an SDA minister in Harlem during the time the community became the black capital of the United States. Though he led his congregation to a position of prominence within the SDA denomination, Humphrey came to believe the black experience in Adventism was one of disenfranchisement. When he refused to alter his plans for a utopian community for blacks in the face of dissent from SDA church leaders, Humphrey's ministerial credentials were revoked and his congregation was dissolved. Subsequently, Humphrey established an independent black religious organization, the United Sabbath-Day Adventists. This book rescues the Sabbath-Day Adventists from obscurity. Humphrey's break with the Seventh-day Adventists provides clues to the state of black-white relationships in the denomination at the time. It set the stage for the

creation of the separate administrative structure for blacks established by the SDA church in 1945. This history of a minister and his church demonstrates the struggles of small, independent, black congregations in the urban community during the twentieth century.

**Pursuing the Favor of God!** - William Lee, Sr. 2020-11-09

What if you found out that God is a stalker? I know. I know. I completely understand your hesitation. For some, to consider God as a stalker may be offensive. However, if you read the Bible from Genesis to Revelation there is one thing that keeps happening over and over - God, running, chasing, and pursuing us. Isn't it interesting that God is the one who comes to us and, out of the blue and offers us His favor. It seems a bit odd, but when you think about it, the only thing we have to do in our relationship to God is...respond. When we think we are seeking God, we find that He has sought us first. When we think we are loving God, we find that He has loved us first. When we think we are pursuing a relationship with God, we find that He was pursuing us first. He really is a stalker!

**We Have Tomorrow** - Louis Bernard Reynolds 1984

Black Seventh-day Adventists comprise more than one sixth of the church membership in North America. Such a significant number would perforce share in a significant amount of denominational history, and indeed would have a significant history of their own. That is what Louis B. Reynolds has drawn here, the result of many years of patient research and interviewing. Church-wide issues and the founding and development of major and minor institutions are reviewed, as well as human-interest vignettes of individuals and local successes. The volume is enhanced with specially commissioned paintings by Harry Anderson. - Introduction, 1 The Millerite Involvement, 2 A Beginning Out of a Tragic War, 3 The Hidden History, 4 Where a Few Were Gathered Together, 5 Into the Lion's Jaws, 6 Infants of Spring, 7 Shadow and Substance, 8 The Right Arm, 9 New Trails in the Old West, 10 The Oakwood School, 11 A Bright,

**Women in New Religions** - Laura Vance 2015-03-13

An in-depth history of selected New Religions that highlights the roles of women in their founding and continual practice Women in New Religions offers an engaging look at women's evolving place in the birth and development of new religious movements. It focuses on four disparate new religions—Mormonism, Seventh-day Adventism, The Family International, and Wicca—to illuminate their implications for gender socialization, religious leadership and participation, sexuality, and family ideals. Religious worldviews and gender roles interact with one another in complicated ways. This is especially true within new religions, which frequently set roles for women in ways that help the movements to define their boundaries in relation to the wider society. As new religious movements emerge, they often position themselves in opposition to dominant society and concomitantly assert alternative roles for women. But these religions are not monolithic: rather than defining gender in rigid and repressive terms, new religions sometimes offer possibilities to women that are not otherwise available. Vance traces expectations for women as the religions emerge, and transformation of possibilities and responsibilities for women as they mature. Weaving theory with examination of each movement's origins, history, and beliefs and practices, this text contextualizes and situates ideals for women in new religions. The book offers an accessible analysis of the complex factors that influence gender ideology and its evolution in new religious movements, including the movements' origins, charismatic leadership and routinization, theology and doctrine, and socio-historical contexts. It shows how religions shape definitions of women's place in a way that is informed by response to social context, group boundaries, and identity.

**Readings for Amerigerian Igbo** - Samuel C. Obi 2010-12-23

Readings for Amerigerian Igbo was written to be a legacy, road map and information source for American-born Nigerian children (Amerigerians)

who, unlike their Nigerian-born and raised parents, did not get the chance to be born and raised in Nigerian culture. This generation has significant language and cultural deficiencies with regard to their Nigerian root. This book was written to help this later generation, and other like future generations, to understand better the nature of their root, and what to do to help facilitate their connection to that root. A rootless human being often feels like someone who dropped out of the sky with no known origin. Such a life has a tendency to bounce around with little or no anchor. Often, people with that type of background have a tendency to lose hope of striving, as they encounter difficult life problems in their new and emerging world. During the 1970s and early 1980s, there was a mass exodus of Nigerian students to American colleges and universities. Since then, most American-educated Nigerian graduates are forced to find jobs and settle in the United States. Being relatively new in the United States, the Nigerian community is emerging and discovering that there are problems associated with settling in the United State after all. One of those problems deals with educating and acclimatizing their American-born children with the ethos of life in the Nigeria that these parents left behind as students. Highlights of the book include: history and background of Nigerians who studied in the United States; how Amerigerians situation evolved; what has been done to help solve the problem; the realities of things and inevitable challenges for Amerigerians; dealing with Amerigerians situation, i.e. what Amerigerians can do; roses in our culture; and some helpful lessons to speaking the Igbo language.

**The Silent Church** - Zdravko Plantak 2016-07-27

The relationship between the Adventist church and society at large has always been ambiguous. One reason for this has been the church's inarticulate social ethics. While the church upheld the concept of human

dignity, promoted religious liberty and sided with the poor, nationalism and racism developed among its members. Women in the church were also unfairly treated. Zdravko Plantak confronts this problem head-on. He begins by looking at the church's history, theology and ethics in order to discover reasons for the inconsistencies in its approach to human rights, and then moves on to propose a more comprehensive approach to its social ethics.

*Spiritism in the Adventist Church* - Colin D. Standish 1995

Seventh-Day Adventism in Crisis - Laura Lee Vance 1999

How can a movement founded on the prophecies and visions of one woman, and reliant in its early stages on the pastoral leadership, teaching, and proselytizing of many others, come to define women's roles in ways that exclude them from active public participation and leadership in the church?

*The A to Z of the Seventh-Day Adventists* - Gary Land 2009-07-16

Covering the Millerite movement of the 1830s and 1840s, sabbatarian Adventism prior to organization of the denomination, and the Seventh-day Adventist Church since its organization in 1861-63, this volume provides a comprehensive history of the denomination. The first major element of the book is a chronology of Adventist history that begins with William Miller's conclusion in 1818 that the Second Advent of Jesus would occur about 1843 and extends through the Science and Theology Conferences of 2002-04. The interpretive introduction that follows places the emergence of Adventism within the context of the Second Great Awakening, describes the development of sabbatarian Adventism from its

early opposition to church organization to its highly institutionalized and bureaucratically structured contemporary form, and examines the denomination's geographical expansion from a small North American sect to a global church. The dictionary entries that constitute the bulk of the volume address individuals, organizations, institutions, and doctrines that have been important in the history of the church, including dissident movements and individuals who have emerged as critics of the denomination and its beliefs. Second, there are entries on the development and current situation of Adventism in many individual countries. Finally, thematic entries on such subjects as art, music, literature, health care, and women address other elements important to understanding church life. The dictionary entries are followed by a bibliography of scholarly and popular works published by the denomination, commercial and academic presses, and individuals and organizations.

**What Every Seventh-Day Adventist Should Know About the Shepherd's Rod** - Garrick D. Augustus 2018-08-09

If you are a Seventh-day Adventist Christian, you have no doubt heard of The Shepherd's Rod, a message of present truth and reform first presented to leaders of the Seventh-day Adventist Church in the years 1929 and 1930. It has created much controversy. In *What Every Seventh-day Adventist Should Know about The Shepherd's Rod*, author Garrick D. Augustus brings to light the historic and the theological reasons behind the rejection of The Shepherd's Rod message. It exposes the systematic misinformation, as well as the willful manipulations of the facts surrounding Victor Houteff and the movement he began more than eight decades ago. It provides clear and accurate answers to the questions raised against the Rod's message. And, it answers the objections church leaders have historically offered as "proof" against its bearing the credentials of inspiration. Augustus fused the forensic methods of evidence analytics, as well as the investigative method of internal evidence analysis, to the claims brought against the message by the leaders of the Seventh-day Adventist Church. His research took him from the Heritage Library in Loma Linda, California, to The Biblical Research

Committee in Silver Spring Maryland, and beyond. *What Every Seventh-day Adventist Should Know about The Shepherd's Rod* journeys through the pages of history and helps to separate truth from propaganda. It takes a fresh look at an old controversy that began in eternity past and has played itself out in the rank and file of Seventh-day Adventism.

[My Bible Says the Darndest Things](#) - Pricely Francis 2016-08-12

Listening to the Bible is exponentially more powerful than reading it. You pick up on fascinating, curious, and alarming things you miss when you read it: The serpent in Eden told the truth; Cain married a wife and built a city with a global population of only three people; women are sexual predators; disabled people desecrated Gods temple; the earth went into a counter revolution; God approved polygamy, and recommended slavery; a runaway slave got converted to Christianity and was promptly sent back to his slave master; the soon and imminent coming of Jesus is 2000 years over due! As the author listened to his Bible and compared what he heard with what is deemed appropriate, reasonable, and civilized in this modern era, he could not help but conclude that his Bible does say the darndest things.

**Seventh-day Adventist Church Manual.** - General Conference of Seventh-Day Adventists 2005

Lectionary Preaching Workbook, Series VI, Cycle C - E. Carver McGriff  
2000-06

"Preachers must understand the teaching techniques of parable and hyperbole, not to mention having a good background in systematic theology, in order to understand what the Bible's writers really meant.... But our responsibility is also to reduce the complexities of Bible study to such simplicities that our many listeners, ranging from busy young professional people to aging men and women of failing health to youngsters facing a variety of new temptations, can take away a saving word." (from the Preface) E. Carver McGriff provides the tools preachers need for their daunting task with some of the most timely and thought-provoking research on the lectionary texts ever made available. Included for each scriptural lesson in the lectionary are: - A listing of the

applicable Revised Common, Roman Catholic, and Episcopal lectionary texts. - A description of the Psalm of the day. - A prayer for the day. - Commentary that is more than academic exegesis -- McGriff brings to the forefront those points in the lessons that relate most poignantly to our contemporary reality. - Suggested sermon titles for each of the three texts for each Sunday. - Themes and suggested directions for preaching on each text. - Several additional illustrations to enliven your preaching. "Known in the Indianapolis community as a preacher with extraordinary gifts, it is no surprise at all that this work by Carver McGriff brings remarkable insights to those who look for integrity in their preaching. Carver looks at the texts with a freshness that is sure to stimulate the thought process.... Careful use of these suggestions will bring serendipities to preacher and congregation." George H. Tooze Senior Minister, First Baptist Church Indianapolis, Indiana One of America's premiere preachers, E. Carver McGriff returned home after earning two Purple Hearts during World War II to earn a degree in business administration from Butler University. Following a career as a salesman and business owner, McGriff entered Garrett Theological Seminary, where he was voted Best Preacher by the faculty and graduated with distinction. During his 26-year ministry at St. Luke's Methodist Church in Indianapolis, McGriff spearheaded his congregation's remarkable growth in membership from 900 to 4,400, with average Sunday attendance increasing from 300 to over 1,850. McGriff received an honorary degree from the University of Indianapolis and the Outstanding Alumnus award from Butler University and was voted the Distinguished Alumnus of the year by Christian Theological Seminary. **Preaching Black Lives (Matter)** - Gayle Fisher-Stewart 2020-07-17  
Preaching Black Lives (Matter) is an anthology that asks, "What does it mean to be church where if Black lives matter?" Prophetic imagination would have us see a future in which all Christians would be free of the soul-warping belief and practice of racism. This collection of reflections is an incisive look into that future today. It explains why preaching about race is important in the elimination of racism in the church and society, and how preaching has the ability to transform hearts. While programs, protests, conferences, and laws are all important and necessary, less frequently discussed is the role of the church, specifically the Anglican Church and Episcopal Church, in ending systems of injustice. The ability to preach from the pulpit is mandatory for every person, clergy or lay, regardless of race, who has the responsibility to spread the gospel. For there's a saying in the Black church, "If it isn't preached from the pulpit, it isn't important."
