Without Us No U.S. - Daisy Collins 2020-11-13

There are several reasons that African Americans can say accurately, on behalf of their enslaved African American Ancestors and themselves, "WITHOUT US, NO U.S." Just two of the reasons are the following: 1. Without the agreement to keep the African American Ancestors enslaved, the union of the thirteen colonies would not have been formed and the United States would not exist in its present form; and 2. Without the wealth created by the unpaid, forced, and very valuable labor of the enslaved African American Ancestors—the Founding LaborersR—that laid the economic foundation of the United States of America, this country would not be the economic power it is today. The "Founding LaborersR" of the United States should be elevated to the high place—equal to the Founding Fathers—that they deserve in the history of the United States. It is illogical for African Americans to be criticized for being at the bottom of almost every measure of economic success when a realistic analysis is that if African Americans had inherited the tremendous wealth created by their enslaved African American Ancestors, African Americans would today be more competitive

economically. One interesting statistic is that in 2013, black women earned 64 percent of the amount white men earned, and black men earned 75 percent. Apparently, America still treats the descendants of the enslaved persons as “three-fifths of all other persons”—or little more than that—just as the original Constitution did. (Three-fifths is 60 percent.) Fairness requires some form of reparations to correct this imbalance! The African American Ancestors have not been paid! Moreover, the Founding LaborersR should be thanked for the invaluable contributions they made to the United States. The government has never said “thank you” to the enslaved African Americans Ancestors or their descendants. No one has ever given an official apology for the egregious wrongs inflicted on the enslaved African American Ancestors and their descendants. The United States Government should say “Thank you,” and it should apologize.

The Truth Behind Truths - Cedric Boswell 2013-04-26

Who are the Jews and Israelites of the Bible, and why do they matter? The Bible records their early history and offers a guide to identifying them today, but more is needed to truly understand their significance. In The Truth behind Truths, author Cedric Boswell shares the history of the Jews as revealed in the Bible. He asks pertinent questions not often seen in typical histories and provides Scriptures in support of his answers. Beginning with Adam, Boswell relates different stories of Jews in the Bible and how they are truly the chosen people of God. Boswell argues that those who currently call themselves Jews do not fit the historic evidence in their looks or how they were dispersed from Israel. He discusses skin pigmentation and explains that many of the early Jewish people were black and not white. He then explores the subject of God’s elect, the genealogy of the Jews, and the tribes of Israel. In the last section, Boswell tackles the heavy yet crucial subject of redemption. An unorthodox and intriguing study, The Truth behind Truths seeks to open your eyes to new questions and new perspectives on the Jews of the Bible.

Urban Apologetics - Eric Mason 2021-04-06

Urban Apologetics examines the legitimate issues that Black communities have with Western Christianity and shows how the gospel of Jesus Christ—rather than popular, socioreligious alternatives—restores our identity. African Americans have long confronted the challenge of dignity destruction caused by white supremacy. While many have found meaning and restoration of dignity in the black church, others have found it in ethnocentric socioreligious

groups and philosophies. These ideologies have grown and developed deep traction in the black community and beyond. Revisionist history, conspiracy theories, and misinformation about Jesus and Christianity are the order of the day. Many young African Americans are disinterested in Christianity and others are leaving the church in search of what these false religious ideas appear to offer, a spirituality more indigenous to their history and ethnicity. Edited by Dr. Eric Mason and featuring a top-notch lineup of contributors, *Urban Apologetics* is the first book focused entirely on cults, religious groups, and ethnocentric ideologies prevalent in the black community. The book is divided into three main parts: Discussions on the unique context for urban apologetics so that you can better understand the cultural arguments against Christianity among the Black community. Detailed information on cults, religious groups, and ethnic identity groups that many urban evangelists encounter—such as the Nation of Islam, Kemetite spirituality, African mysticism, Hebrew Israelites, Black nationalism, and atheism. Specific tools for urban apologetics and community outreach. Ultimately, *Urban Apologetics* applies the gospel to black identity to show that Jesus is the only one who can restore it. This is an essential resource to equip those doing the work of ministry and apology in urban communities with the best available information.
