Jewish & Christian Mysticism - Dan Cohn-Sherbok 1994

History of the Christian Church Vol. II - Philip Schaff 2010-11

Philip Schaff's History of the Christian Church excels at providing an impressive and instructive historical treatment of the Christian church. This is Volume Two covering from 100 A.D. to 325 A.D. This volumous work begins with the early Church at its formative era. This volume and the previous will comprise the major individual and their writings, which shall comprise the first five (5) volumes of the Ante-Nicene Series. Schaff's treatment is comprehensive and in depth, discussing all the major and minor figures, time periods, and movements of the Church. One feature of the "History of the Christian Church", which readers will immediately notice is just how beautifully written it is, in particular when comparing other texts of a similar nature. Simply put, Schaff's prose is lively and engaging. Quite often, these works can be grueling and drudgery, yet this effort have been able to make it ""history written with heart and soul.""

Late Medieval Mysticism of the Low Countries - Michel Evdokimov 2008

"When one looks at an icon, one has the sense that God is looking back. Our whole person is involved. What the prayers and music of the Feast convey through the ears, the icon conveys visually." This book showcases a collection of

extraordinarily beautiful icons that introduces readers and art appreciators to the spiritual riches of the Byzantine liturgical tradition. The author, Father Michael Evdokimov, presents an icon for each of the twelve great feasts of the Orthodox Christian liturgical year. Preceding each icon is a brief commentary of what the reader can hope to find in the icon, including nuances that a casual observer might miss. Facing each icon are prayers appropriate for meditating on the icon. Quotations from spiritual writers of all ages of Christianity are interspersed in the book. In a simple, straightforward manner, Evdokimov shows how the prayers and the icons used to worship God can nourish the spiritual life. Although he sets before his readers beliefs and practices common to Orthodox people everywhere in the world, anyone who appreciates beautiful art will find much to savor here.

Carmelite Prayer - Keith J. Egan 2003

and the world they shared.

St. Francis On Poverty, and Other Virtues -

Father Cuthbert O.S.F.C. 2019-05-13

Francis may have been the most influential in both the Christian and non-Christian worlds. In 1993, the editorial staff of Time magazine ranked him first among the 10 greatest people of the second millennium. He certainly points the way for all Christians in the third millennium, identifying the Gospel-based values and actions needed if the Good News of Jesus Christ is to have its full impact. He changed our image of God. Francis via biblical images, invited people to think of God the Father as a generous and loving Creator, to see God the Son as living proof of God's love and closeness to the human family, to appreciate God the Spirit as the One who makes us holy, preparing for us our eternal home. Important as the doctrinal aspect of St. Francis' writings must of necessity be to all who would understand his life since "the springs of action are to be found in belief, and conduct ultimately rests upon conviction" it is foreign to the object of the present volume; St. Francis On Poverty, and Other Virtues.

Knowledge God Class Sufism - 2004

This volume, the ninth on Islamic material to be published in the Classics of Western Spirituality series, brings to light a highly significant but little known area of Islamic spirituality. Editor John Renard has assembled here a volume of texts, most translated here for the first time, culled from the great Sufi manuals of spirituality, on the theme of the complex and multi-faceted role of knowledge in relation to the spiritual life. He presents excerpts on knowledge from the works of nine major Muslim teachers, most translated from Arabic, but also including important texts from Persian originals. The Introduction offers a survey of the development of Sufi modes of knowing through the thirteenth century in their broader context, and then

focuses on the manuals or compendia of Sufi spirituality treated here. Historical notes provide brief identifications of many of the individual sources and personalities mentioned throughout the treatises.

Cambridge Platonist Spirituality - Charles Taliaferro 2004

This anthology collects essays, poetry and treatises by a group of English philosophers from the Age of Reason who were devoted to the goodness of God and the spiritual importance of rationalism. These philosophers, known as the Cambridge Platonists, produced a movement in philosophical theology that flourished around Cambridge University in the seventeenth century and influenced not only Great Britain, but the United States and beyond. Their school of thought emphasized the great goodness of God, the compatibility of reason and faith, an integrated life of virtue, and the deep joy of living in concord with God. This volume introduces and presents the key documents of the Cambridge Platonist movement while setting its thinkers in their historical and religious context: the decades of turbulence and political crises surrounding the English Civil War.

Franciscan Spirituality and Mission in New Spain, 1524-1599 - Steven E. Turley

2016-04-15

Franciscans in sixteenth-century New Spain were deeply ambivalent about their mission work. Fray Juan de Zumárraga, the first archbishop of Mexico, begged the king to find someone else to do his job so that he could go home. Fray Juan de Ribas, one of the original twelve 'apostles of Mexico' and a founding pillar of the church in New Spain, later fled with eleven other friars into the wilderness to escape the demands of building that church. Fray Jerónimo de Mendieta, having returned from an important preaching tour in New Spain, wrote to his superior that he did not want to enlist again, and that the only way he would return to the mission field was if God dragged him by the hair.

This discontent was widespread, grew stronger with time, and carried important consequences for the friars' interactions with indigenous peoples, their Catholic co-laborers, and colonial society at large. This book examines that discontent and seeks to explain why the exhilaration of joining such a 'glorious' enterprise so often gave way to grinding discontent. The core argument is that, despite St. Francis's own longing to do mission work, his followers in New Spain found that effective evangelization in a frontier context was fundamentally incompatible with their core spirituality. Bringing together two streams of historiography that have rarely overlapped - spirituality and missions - this book marks a strong contribution to the history of spirituality in both Latin America and Europe, as well as to the growing fields of transatlantic and world history.

Fénelon - François de Salignac de La Mothe-Fénelon 2006

Offers for the first time in English, a translation of Fénelon's (François de Salignac de la Mothe-Fénelon (1651-1715) major spiritual writing, the Maxims of the Saints and other seminal works of fiction and spiritual direction, such as the famous "Letter to Louis XIV."

T&T Clark Handbook of Christian Prayer - 2021-12-16

The essays collected in this volume provide a resource for thinking theologically about the practice of Christian prayer. In the first of four parts, the volume begins by reaching back to the biblical foundations of prayer. Then, each of the chapters in the second part investigates a classical Christian doctrine - including God, creation, Christology, pneumatology, providence and eschatology - from the perspective of prayer. The chapters in the third part explore the writings of some of the great theorists of prayer in the history of the Christian tradition. The final part gathers a set of creative and critical conversations on prayer responding to a variety of contemporary issues. Overall, the T&T Clark Handbook of Christian Prayer articulates a theologically expansive account of prayer - one that is deeply biblical, energetically doctrinal, historically rooted, and relevant to a whole host of critical questions and concerns facing the world today.

Der Spiegel der einfachen Seelen -

Marguerite Porete 2012-06-29

"Ein spiritueller und zeitkritischer Bestseller".

Irmgard Kampmann Am 1. Juni 1310 wird Marguerite Porete mitten in Paris bei lebendigen Leib verbrannt - zusammen mit ihrem Buch, das die heilige Inquisition in Aufruhr versetzt hatte. Der grausame Feuertod der nordfranzösischen Begine konnte allerdings nicht verhindern, dass "Der Spiegel der einfachen Seelen" über Jahrhunderte hinweg ein Bestseller wurde. In mehreren Sprachen fand er anonym in ganz Europa Verbreitung und übte einen kaum zu überschätzenden Einfluss auf das religiöse Denken weit über ihre Zeit hinaus aus. Meister Eckhart etwa ist erkennbar von diesem Buch inspiriert. Was war so gefährlich an der Schrift dieser frommen Begine? Den religiösen Zwängen ihrer Zeit setzt Marguerite Porete eine schier unerhörte Mystik der Freiheit entgegen! Der von Gottes Liebe ganz durchdrungene Mensch braucht sich weder um Tugenden noch um Bußübungen, Messen, Predigten usw. zu kümmern! Der Atem der Freiheit durchdringt dieses Buch, und so manche kühne These der Reformation nimmt Marguerite Porete wörtlich vorweg. Erst im 20. Jahrhundert gelang der Forschung der Nachweis, dass Marguerite Porete die Autorin des "Spiegels der einfachen Seelen" ist. Eines der bedeutendsten Werke der Frauenmystik des Mittelalters liegt nun in einer neuen deutschen Übersetzung vor. Für alle an der Geschichte des Mittelalters, an der abendländischen Mystik, an der Befreiungsgeschichte der Frau Interessierte ist dieses einzigartige Werk nun neu erschlossen. Neu übersetzt aus dem Altfranzösischen von Bruno Kern.

A Monk's Topical Bible E-K - Bro. Smith SGS 2011-11

The objective of this effort is to bring together the thoughts and anecdotes from history's greatest minds regarding the issues confounding many Christians. Within this volume are an array

of topics, which begin with the letters E thru K. The responses, admonition and precepts presented within these pages are unlike anything preciously published. What you are holding is the wisdom of various monks from the begging of the Christian Era down to modern times. This work is the advice of various monks to other fellow monks and those who came for advice. Within these pages are assembled by topic, various issues which have been handed down as the premier advice regarding a topic. These same individuals are well recognized as being among the "Fathers of the Church", "Desert Fathers" and more recent Abbots and Bishops. This is the first of its kind in print today, and is also the second volume of a larger collection of four.

Norbert and Early Norbertine Spirituality - Theodore James Antry 2007

Having met with resistance in his attempts to reform the clergy in his native Xanten, Norbert (ca. 1080-1134) founded a religious community in France. His establishment was the first house of an eventually hugely successful order, the Canons Regular of Premontre, also known as the Premonstratensians or Norbertines. Although Norbert, who was appointed archbishop of Magdeburg in 1126, left no writings, his followers produced many important texts in their efforts to reform a lax and demoralized clergy. Yet, despite these authors' significance to the spirituality of their age, their words and their historical context are little-known to modern readers. This volume renders audible the voices of the twelfth-century followers of Norbert, presenting the most important early Premonstratensian texts (including two versions of the *Vita Norberti*), along with an introductory essay describing their place in twelfth-century religious life. Book jacket.

The Senses in Religious Communities, 1600-1800 - Nicky Hallett 2016-03-03

Offering a comprehensive analysis of newly-uncovered manuscripts from two English convents near Antwerp, this study gives unprecedented insight into the role of the senses in enclosed religious communities during the period 1600-1800. It draws on a range of previously unpublished writings-chronicles, confessions, letters, poetry, personal testimony of various kinds-to explore and challenge

assumptions about sensory origins. Author Nicky Hallett undertakes an interdisciplinary investigation of a range of documents compiled by English nuns in exile in northern Europe. She analyzes vivid accounts they left of the spaces they inhabited and of their sensory architecture: the smells of corridors, of diseased and dying bodies, the sights and sounds of civic and community life, its textures and tastes; their understanding of it in the light of devotional discipline. This is material culture in the raw, providing access to a well-defined locale and the conditions that shaped sensory experience and understanding. Hallett examines the relationships between somatic and religious enclosure, and the role of the senses in devotional discipline and practice, considering the ways in which the women adapted to the austerities of convent life after childhoods in domestic households. She considers the enduring effects of habitus, in Bourdieu's terms the residue of socialised subjectivity which was (or was not) transferred to a contemplative career. To this discussion, she injects literary and cultural comparisons, considering inter alia how writers of fiction, and of domestic and devotional conduct books, represent the senses, and how the nuns' own reading shaped their personal knowledge. *The Senses in Religious Communities, 1600-1800* opens fresh comparative perspectives on the Catholic domestic household as well as the convent, and on relationships between English and European philosophy, rhetorical, medical and devotional discourse.

Franziska Hernandez und Frai Franzisco Ortiz - Edward Boehmer 1865

De triplici via - Bonaventura Sanctus 1993

Visualizing Medieval Performance - Elina Gertsman 2017-07-05

Taking a fresh look at the interconnections between medieval images, texts, theater, and practices of viewing, reading and listening, this explicitly interdisciplinary volume explores various manifestations of performance and meanings of performativity in the Middle Ages. The contributors - from their various perspectives as scholars of art history, religion, history, literary studies, theater studies, music

and dance - combine their resources to reassess the complexity of expressions and definitions of medieval performance in a variety of different media. Among the topics considered are interconnections between ritual and theater; dynamics of performative readings of illuminated manuscripts, buildings and sculptures; linguistic performances of identity; performative models of medieval spirituality; social and political spectacles encoded in ceremonies; junctures between spatial configurations of the medieval stage and mnemonic practices used for meditation; performances of late medieval music that raise questions about the issues of historicity, authenticity, and historical correctness in performance; and tensions inherent in the very notion of a medieval dance performance.

Seeing Differently - Br Samuel ssf 2021-01-30

This timely book brings together the stories of St Francis - his preaching to birds, rejection of wealth, caring for lepers, befriending animals and living simply, his poetry and hymnody in praise of creation that is still sung today - and the influential writings and examples of inspiring Franciscans who have followed him such as Clare, Bonaventure, Duns Scotus and Angela of Foligno, and draws them into conversation with contemporary concerns for our planet. It gathers 800 years of accumulated wisdom and practical examples of how Franciscans have found ways to live at home and at peace with creation. It explores that long tradition and experience to ask what lessons can be drawn for today to challenge and enable readers to re-visit their own relationship with creation.

Seventeenth-century Lutheran Meditations and Hymns - Eric Lund 2011

A specialist in seventeenth-century Germany piety and devotional writings presents new translations of the prose works and hymnody from the century following the start of the Protestant Reformation

Evil, Spirits, and Possession - David L Bradnick 2017-08-28

Dictionary of the Literature of the Iberian Peninsula - Germán Bleiberg 1993

Compiled by more than 90 experts, this two-volume dictionary includes representatives from all major peninsular literatures: Catalan, Galician, Portuguese and Spanish. The rich history of the literary achievements in the Iberian Peninsula--from historical to dramatic--can now be enjoyed by both European and American researchers. Spanning centuries, all literary titles have been followed in the text with a published translation or a literal rendering of the original. Virtually all entries have been composed by noted scholars and are complemented wherever possible by bibliographies of primary texts and selected critical studies as well as existing English translations of primary texts.

Third Spiritual Alphabet - Francisco de Osuna 2014-04-29

For the first time, in 33 years, here is a complete analytical and comparative study of the only two English translations of this marvelous work. This effort, which lies within your grasp, is a painstaking effort to not only compare the wording, but also the footnotes and supply variant references to this stunning work; in particular making references back to our copy of the Spanish text for clarity. More importantly, this effort is coordinated with Teresa of Avila's works. Thus an additional 400 notes, in combination with comparatives between the variant references are supplied. This work has been translated by the Sisters of Stanbrook.

Dominican Penitent Women - Maiju Lehmijoki-Gardner 2005

Dominican Penitent Women is the first comprehensive introduction in English to Dominican penitent spirituality. The volume examines Italian lay-women's ways of life through religious rules, hagiographical texts, and their own writings spanning the thirteenth to sixteenth centuries. The first section contains translations of two versions of their rules, which open a window to the religious practices and institutions that structured their lives. The second section introduces hagiographical texts, including the *Miracoli* of Catherine of Siena and an extract from Thomas of Siena's *Supplement*, which includes accounts not discussed in Raymond of Capua's *Legenda maior*. A final

section consists of Osanna of Mantua's letters to Francesco Gonzaga and Lucia Brocadelli's Seven Revelations, in which these two women wove mundane details and cunning practical insights into their Christ-centered devotion. Book jacket.

Inventing the Sacred - Andrew W. Keitt 2005
"Inventing the Sacred" analyzes the Spanish Inquisition's campaign to ferret out "false saints and scandalous impostors" whose claims of divinely inspired visions and revelations threatened the Catholic church's efforts to monopolize access to the supernatural.

From Strength to Strength - Joseph T. LaBelle
2020-07-02

The tradition of Christian spirituality offers many insights and courageous personal examples to guide contemporary disciples in following the way of Jesus. The thoughts of early Christian writers, martyrs, medieval mystics, and notable Christians from more recent centuries, have all contributed to the development and understanding of the Christian virtues contained in this book. Christian spirituality offers a practical wisdom that has been tempered by the joys and trials of past centuries, helping to form and strengthen disciples of later generations. It offers the same for our time. Each Christian virtue in this book reveals a timelessness that offers an old yet rearticulated quality for our contemporary Western world that, regrettably, tends to overlook the riches of the classical Christian tradition. Christian disciples are called to follow in the footsteps of Jesus and experience the fullness of life that he did, through interiorizing Jesus' way of relating to others. His faithfulness and openness to the love of his heavenly father enabled Jesus to fully and freely share that love with others. Examining and embracing these seven Christian virtues will help to strengthen us along our journey, as they have for countless disciples over the centuries.

Angelic Spirituality - Steven Chase 2002
A survey of medieval Christian literature dedicated to angels explores issues in angelic spirituality along a variety of themes and provides selections from medieval commentaries on such topics as theology, the moral life, and mystical consciousness. Simultaneous.
Francisco de Osuna (CWS) - Francisco de Osuna
1981

Francisco de Osuna (c. 1492-c. 1540) Spanish Franciscan and mystic, wrote a series of maxims as a practical guide for recollection. These were arranged into a series of Spiritual Alphabets, this being the third.

The Third Spiritual Alphabet - Francisco de Osuna OFM 2016-05-15

For the first time, in 35 years, here is a complete analytical and comparative study of the only two English translations of this marvelous work. This particular effort makes references back to our copy of the Spanish text for clarity. More importantly, this effort is coordinated with Teresa of Avila's works. Thus an additional 400 notes, in combination with comparatives between the variant references are supplied. This work has been translated by the sisters of Stanbrook. Francisco de Osuna draws on the ancient doctrine of the spiritual senses to describe the psychological experience that takes place as spiritual attentiveness is gradually deepening. He takes up the traditional analogies of the darkness of blindness, the silence in deafness, the passivity in dumbness to draw out the ways that the prayer of recollection belongs to the apophatic way of contemplating the divine. He connects and places his reflections in the context of the gospel beatitudes - the vision of humanity described by Jesus Christ.

Valentin Weigel - Valentin Weigel 2003
Offered here for the first time in English is a selection of the most important and characteristic works of Valentin Weigel (1533-88). Readers will find in this volume an introduction to the life, times, and writings of Weigel, a German teacher and theologian who articulated a variant of the Protestant Reformation known as Spiritualism: a form of dissent emphasizing spiritual or inner independence from rules, ceremonies, and the visible or organized church. Together, these works present the heart of this reformer's

thought, which championed tolerance and individual conscience in an age of confessional hatred and religious war. Weigel's writings are Spiritualist theory at its most accurate. They complete a missing chapter in the history of mystical literature. Book jacket.

The Venerable Bede -

Early Protestant Spirituality - Scott H. Hendrix 2009

"Protestant spirituality" might sound like an oxymoron. Reformation scholar Scott Hendrix contends, however, that the spiritual tradition found among early Protestants was vibrant because spirituality meant all the ways they practiced their faith. Accordingly, these representative texts are grouped into nine categories: Personal Voices, Interpreting Scripture, Preaching, Admonishing and Consoling, Living the Faith, Singing, Praying, Reconstructing Sacraments, and Worshiping. This unique anthology of writings by twenty-five early Protestants is a rich resource for every teacher and student of Reformation Christianity. Book jacket.

The Spiritual Guide - Miguel de Molinos 2010
In one series, the original writings of the

universally acknowledged teachers of the Catholic, Protestant, Eastern Orthodox, Jewish, and Islamic traditions have been critically selected, translated, and introduced by internationally recognized scholars and spiritual leaders. Miguel de Molinos (c. 1628-1696) was one of the most important figures in the religious controversy known as Quietism. Spanish by birth, he spent nearly his entire adult life in Rome, where he attracted wide fame as a spiritual director and gained the favor of several prominent figures. His *Spiritual Guide* (1675) recommended a life of spiritual simplicity and promoted what became known as the prayer of quiet. On publication it was an immediate bestseller, but the *Guide's* fame came to an abrupt end in 1685 when Molinos was accused of heresy and sentenced to life imprisonment. He died in prison in 1696. This Classics of Western Spirituality edition of the *Spiritual Guide* was translated from the new critical edition of José Ignacio Tellechea Idígoras. It provides an unabridged translation in modern English along with a historical introduction by the translator and a theological introduction by the eminent scholar Bernard McGinn. Book jacket.
