A Companion to Pedro Almodóvar - Marvin D'Lugo 2013-04-22

A Companion to Pedro Almodóvar "Marvin D'Lugo and Kathleen M. Vernon give us the ideal companion to Pedro Almodóvar's films. Established and emerging writers offer a rainbow of insights for fans as well as academics." Jerry W. Carlson, Professor of Film Studies, The City College & Graduate Center CUNY "Rarely has a contemporary film artist been treated to the kind of broad, rich discussion of their work that can be found in A Companion to Pedro Almodóvar." Richard Peña, Professor of Film Studies, Columbia University Once the enfant terrible of Spain's youth culture explosion, the Movida, Pedro Almodóvar's distinctive film style and career longevity have made him one of the most successful and internationally known filmmakers of his generation. Offering a state-of-the-art appraisal of Almodóvar's cinema, this original collection is a searching analysis of his technique and cultural significance that includes work by leading authorities on Almodóvar as well as talented young scholars. Crucially included here are contributions by film historians from Almodóvar's native Spain, where he has been undervalued by the academic and critical establishment. With a balance between textual and contextual approaches, the book expands the scope of previous work on the director to explore his fruitful collaborations with fellow professionals in the areas of art design, fashion, and music as well as the growing reach of a global Almodóvar brand beyond Europe and the United States to Latin America and Asia. It also proposes a reevaluation of the political meanings and engagement of his cinema from the perspective of the profound cultural and historical upheavals that have transformed Spain since the 1970s.

Time Out Madrid 8th edition - Time Out Guides Ltd 2011-09-30

Madrid emerges from several years under wraps to reveal its new facelift. Streets have been prettified, boulevards swept through and transport untangled. This in addition to its perennial attractions, whether your interests lie in spectacular opera productions or chirpy folkloric zarzuela; in cutting-edge cuisine or ancient, tiled tabernas; in designer-shoe shopping or mooching around flea markets. Put together by journalists resident in the city, Time Out Madrid also covers the artistic jewels housed in the Prado, Thyssen and Reina Sofia, as well as the etiquette of watching a bullfight or joining in with a flamenco performance, plus where to stay and how to escape the city heat.

The Seduction of Modern Spain - Aurora G. Morcillo 2010

This book examines how sexual politics, specifically those surrounding the modernization of a consumer economy, are key to understanding the transformation of Spain from isolated dictatorship to modern state. It focuses on issues concerning modernity and the commodification of the female body under the dictatorship of Francisco Franco in the 1950s and 1960s. These two decades are critical to understanding this transformation because they coincide with the opening of markets, the freer movement of people in and out of the country through tourism and emigration, and the embracing of the "American way of life" popularized in Hollywood movies. From a gender perspective this "in between moment" in Homi Bhabha's terms, from autarchy to consumerism favored the transition from the virginal female model, prescribed by the regime, (what the author calls "True Catholic Womanhood") to a seductive modern woman that the media sold to Spanish women. This study will add a significant piece to the growing corpus of literature on the body as an essential element of analysis in gender history and in the power dynamics of culture. It will

help to fill a gap in the field of Spanish Cultural Studies in general and the emerging field of cultural Spanish history in particular. The originality of this study resides in Dr. Morcillo's use of feminist theories of the body to study archival sources of the Francoist years. Of special interest are the collections of Ministry of Culture and Administrative papers Women's Section of Falange at the Archivo General de la Administracion in Alcala de Henares. Also important are the works of intellectuals of the period, as well as health books, maternity and hygiene guides, conduct manuals, and documents produced by the Catholic Church hierarchy with regard to moral behavior and sexual mores that provide a textured analysis of gender relations under the dictatorship. The author's interest in unveiling the regime's technologies of control of ordinary Spaniards is covered through the study of the media, printed press, and the movie industry of this period particularly the so-called New Spanish Cinema inaugurated in the 1960s, illustrating how ads and films shaped and contested the regime's vision of modernity and gender roles. Through the production of dual versions of films the censorship process utilized women's cinematic bodies to present a more liberal image of Spain in the international scene. While nudity was allowed in the international versions the domestic productions continued to cut the customary kiss. The economy of desire displayed in today's Almodovar's films is already present in movies like La Tia Tula by Miguel Picazo (1964). This book will be essential for scholars and students interested in Ibero-American cultural studies, gender, religion, and totalitarian politics.

New Cinema in Spain - Vicente Molina-Foix 1977

The Problems of Literary Translation - Maria T. Sanchez 2009

This volume examines the various linguistic and cultural problems which point towards the practical impossibility of conveying in one language exactly what was originally said in another. The author provides an exhaustive discussion of Spanish translations from English texts, including non-standard registers. Equivalence across languages, that most elusive of terms in the whole theory of translation, is discussed in terms of linguistic equivalence, textual equivalence, cultural equivalence and pragmatic equivalence. Other aspects studied include how translation has been perceived over the centuries, the differences and the similarities between a writer and a translator, plus a detailed examination of translation as process, all of which bring the problems of literary translation into perspective.

Memoirs of Ardeshir Zahedi, Volume One - Ardeshir Zahedi 2012-03-21

For three decades Ardeshir Zahedi played one of the most significant roles in the political history of modern Iran. As a trusted adviser, confidant, son-in-law, and friend, he played an influential role in the life of the last Shah from 1953 until the king's death in Egypt in 1980. As a diplomat, he twice served as ambassador to the United States, ambassador to the Court of St. James and for seven years as foreign minister of Iran. He has known and worked with seven U.S. presidents. In the early fifties, he was witness and principal aide to his father in the tumultuous rise and fall of Mohammad Mossadegh and the appointment of his father as prime minister. This volume reveals, with honesty and detail, the intimate life of Iranian political society and the imperial court. It recounts in detail the background and events of the summer of 1953 that led to the fall of Mossadegh and the coming to power of Fazlollah Zahedi, the author's father. Also included in the book are previously unpublished documents that shine a new light on the events. Ardeshir was born in 1928. He is a descendant of two families that have shaped the history of Iran. His father, Fazlollah Zahedi

(1897–1963), served as prime minister and was an important political and military figure of the Pahlavi period. His mother's father, Hossein Pirnia Motamen ol-Molk, served as the first prime minister of Iran after the establishment of the constitution in the early twentieth century. During World War II, when Ardeshir was twelve, his father, who was the commander of the Isfahan military division, was arrested by the British and imprisoned in Palestine. After the war Ardeshir ventured abroad to study in Beirut and the United States. He returned to Iran to play an important role in the political life of his country alongside his father and the Shah, Mohammad-Reza Pahlavi. A few years later, he and Princess Shahnaz, the Shah's first child, fell in love and were married. The narrative of the courtship and marriage, which sadly lasted only seven years, is recounted in the next volume of his memoirs. In 1968, as foreign minister, on behalf of Iran he signed the Nuclear Non-Proliferation Treaty. In 1977, while ambassador to the United States, he helped negotiate and free 149 hostages held by Hanafi Muslims at the B'nai B'rith headquarters. He presently lives in Montreux in Switzerland and is considered one of the most prominent personalities of the Iranian Diaspora. He has been condemned to death by the courts of the revolutionary government of Iran.

Rose, a seamstress at a famous atelier, has just been entrusted with sewing another gown in its image. An orphan, she needs her job to survive. But when Rose finds herself in love with the bride's handsome brother, she must decide what matters most: love or security. Sixty years later, Rocky is thrilled to be marrying the love of her life. He truly is her perfect fit. But there's just one problem: her family's heirloom wedding dress isn't. Rocky knows this admission will break her mother's heart. What she doesn't know is why her mother is so set on the dress—or about the shocking secret that changed her mother's life decades before, as she prepared to wear the dress herself. As the wedding day approaches, the mother-daughter pair will finally confront long-buried heartaches, and it might just be the dress that brings them closer than ever. Life-affirming, heartwarming and timeless, Brenda Janowitz's *The Grace Kelly Dress* is about the importance of tradition, new and old, and the power of a dress to fulfill even the most impossible of dreams.

Accessible Filmmaking - Pablo Romero-Fresco 2019-05-23

Translation, accessibility and the viewing experience of foreign, deaf and blind audiences has long been a neglected area of research within film studies. The same applies to the film industry, where current distribution strategies and exhibition platforms severely underestimate the audience that exists for foreign and accessible cinema. Translated and accessible versions are usually produced with limited time, for little remuneration, and traditionally involving zero contact with the creative team. Against this background, this book presents accessible filmmaking as an alternative approach, integrating translation and accessibility into the filmmaking process through collaboration between translators and filmmakers. The book introduces a wide notion of media accessibility and the concepts of the global version, the dubbing effect and subtitling blindness. It presents scientific evidence showing how translation and accessibility can impact the nature and reception of a film by foreign and sensory-impaired audiences, often changing the film in a way that filmmakers are not always aware of. The book includes clips from the award-winning film *Notes on Blindness* on the Routledge Translation Studies Portal, testimonies from filmmakers who have adopted this approach, and a presentation of the accessible filmmaking workflow and a new professional

figure: the director of accessibility and translation. This is an essential resource for advanced students and scholars working in film, audiovisual translation and media accessibility, as well as for those (accessible) filmmakers who are not only concerned about their original viewers, but also about those of the foreign and accessible versions of their films, who are often left behind.

Spanish Writers on Gay and Lesbian Themes - David William Foster 1999

Spanish literature is one of the major European literatures, with an extensive array of canonical and important writers from the Middle Ages to the present. Because Spain was a crossroads of Christian, Jewish, and Islamic cultures, its cultural traditions weave together issues related to homoerotic practices and beliefs in a particularly complex way. Because literature reflects culture, numerous Spanish authors explore gay and lesbian themes in their writings. This reference includes alphabetically arranged entries for more than 50 Spanish writers whose works treat gay and lesbian themes, including Miguel de Unamuno, Ignatius of Loyola, Federico Garcia Lorca, Juana de la Cruz, and Teresa de Arila. Each entry provides a brief biographical profile, a discussion of gay and lesbian themes in the author's works, and a brief bibliography. The volume also includes entries for several artists active in other media, whose works provide a context for homoeroticism in Spanish culture. The book includes an extensive introductory essay and a bibliography of major studies.

Ghosts of Spain - Giles Tremlett 2008-10-02

The Spanish are reputed to be amongst Europe's most voluble people. So why have they kept silent about the terrors of the Spanish Civil War and the rule of dictator Generalísimo Francisco Franco? The appearance - sixty years after that war ended - of mass graves containing victims of General Franco's death squads has finally broken what Spaniards call 'the pact of forgetting'. At this charged moment, Giles Tremlett embarked on a journey around Spain - and through Spanish history. As well as a moving exploration of Spanish politics, Tremlett's journey was also an attempt to make sense of his personal experience of the Spanish. Why do they dislike authority figures, but are cowed by a doctor's white coat? How had women embraced feminism without men noticing? What binds gypsies, jails and flamenco? Why do the Spanish go to plastic surgeons, donate their organs, visit brothels or take cocaine more than other Europeans? 'Lively and well-informed . . . at once a history, a journalistic inquiry and a travel book.' Sunday Telegraph

The child in Spanish cinema - Sarah Wright 2015-11-01

In this, the first full-length treatment of the child in Spanish cinema, Sarah Wright explores the ways that the cinematic child comes to represent 'prosthetic memory'. The central theme of the child and the monster is used to examine the relationship of the self to the past, and to cinema. Concentrating on films from the 1950s to the present day, the book explores religious films, musicals, 'art-house horror', science-fiction, social realism and fantasy. It includes reference to Erice's *The Spirit of The Beehive*, del Toro's *Pan's Labyrinth*, Mañas's *El Bola* and the *Marisol* films. The book also draws on a century of filmmaking in Spain and intersects with recent revelations concerning the horrors of the Spanish past. The child is a potent motif for the loss of historical memory and for its recuperation through cinema. This book is suitable for scholars and undergraduates working in the areas of Spanish cinema, Spanish cultural studies and cinema studies.

Phase Theory - Ángel J. Gallego 2010-04-08

This book provides a detailed and up to date review of the framework of phases (Chomsky 2000 and subsequent work). It explores the interaction between the narrow syntactic computation and the external systems from a minimalist perspective. As has sometimes been noted, Phase Theory is the current way to study the cyclic nature of the system, and 'phases' are therefore the natural locality hallmark, being directly relevant for phenomena such as binding, agreement, movement, islands, reconstruction, or stress assignment. This work discusses the different approaches to phases that have been proposed in the recent literature, arguing in favor of the thesis that the points of cyclic transfer are to be related to uninterpretable morphology (the Φ -features on the heads C and v*). This take on phases is adopted in order to investigate raising structures, binding, subjunctive dependents, and object shift (word order) in Romance languages, as well as the nature of islands.

Fashioning Spanish Cinema - Jorge Pérez 2021-07-30

Costume design is a crucial, but frequently overlooked, aspect of film that fosters an appreciation of the

diverse ways in which film and fashion enrich each other. These influential industries offer representations of ideas, values, and beliefs that shape and construct cultural identities. In *Fashioning Spanish Cinema*, Jorge Pérez analyses the use of clothing and fashion as costumes within Spanish cinema, paying particular attention to the significance of those costumes in relation to the visual styles and the narratives of the films. The author examines the links between costume analysis and other fields and theoretical frameworks such as fashion studies, the history of dress, celebrity studies, and gender and feminist studies. *Fashioning Spanish Cinema* looks at instances in which costumes are essential to shaping the public image of stars, such as Conchita Montenegro, Sara Montiel, Victoria Abril, and Penélope Cruz. Focusing on examples in which costumes have discursive autonomy, it explores how costumes engage with broader issues of identity and, relatedly, how costumes impact everyday practices and fashion trends beyond cinema. Drawing on case studies from multiple periods, films by contemporary directors and genres, and red-carpet events such as the Oscars and Goya Awards, *Fashioning Spanish Cinema* contributes a pivotal Spanish perspective to expanding interdisciplinary work on the intersections between film and fashion.

Grace Kelly. Not A Fairytale Life - Marta Zapala-Kraj 2015-01-28

Research Paper (postgraduate) from the year 2014 in the subject American Studies - Culture and Applied Geography, grade: 5.0, , language: English, abstract: In the history of the American cinema, few stars are remembered so vividly although they appeared for so briefly as Grace Kelly. Robert Lacey in his bestseller book *Grace* makes a remark that although famous "American princess" had spent years cultivating her image of classic, white-gloved perfection, in real life, Grace was surprisingly often reckless young woman who had affairs with nearly all of her leading men" (Lacey 1996:i). A working actor for just five short years in the 1950s, known best for her roles as sparkling although moody partner and obviously for her work in multiple Alfred Hitchcock thrillers, Kelly outwardly came to embody her name with a seemingly effortless elegance and an almost unearthly aestheticism. James Spada, the author of *Grace - The Secret Lives of a Princess* states that: "the public image of Grace Kelly - first as a movie star, then as a Princess - was a triumph of myth over reality" (Spada 1987: i). And consequently, one can assume, after a thorough research of her biographies that even though the public was presented with an image of a chaste young actress, often referred to as the "Ice Queen" (Ibid.), the truth about her real life is far more interesting and has much more hidden beneath. In order to see the true Grace Kelly it is indeed necessary to read the opinions of her closest friends and family as quoted in the biographical sources. Without that, the only image one can obtain is that of thousands of Internet pages dully repeating the same statements about her being pretty and talented, reporting her fairy-tale life and quoting stereotypical phrases.

While studying the theory and contemporary impact of 'embodied' viewing, this book celebrates the emergence and development of Visual Studies as a major subject of research and teaching in the field of Hispanic Studies within the UK over the last thirty years. By exploring current routes of investigation, as well as analysing future pathways for study in the field, seven highly distinguished Spanish and Latin American scholars examine their own entry into Visual Studies, and discuss the major trends and changes which occurred in the field as matters of the visual gradually became embedded in higher-education curricula and research trajectories. Each scholar also lays out a current research project, or interest, concerning Spain or Latin America within the visual field. The projects variously explore different media - including film, sculpture, photography, dance, and performance art - spread across a wide array of geographical locales, including Mexico, Cuba, mainland Spain, and the Canary Islands. Offering a map of current and future research in the field, this book provides the first history of visual studies within UK Hispanism.
