A fresh, personal approach that puts the fun and excitement back into travel! It's a Whole New World with Frommer's. Find us online at www.frommers.com

Strategic Intelligence for the Future 1 - Henri Dou

2019-04-10

Information in all its forms is at the heart of the economic intelligence process. It is also a powerful vector of innovation and, more than ever, a balance between economic and societal forces. Strategic Intelligence for the Future 1 analyzes the need for the French economic intelligence to mutate in order to develop the economy, strengthen social cohesion and protect vital interests. This mutation requires a change of attitudes and a new way of thinking, widely open to global change and new technologies. The focus of the French economic intelligence on conventional objectives such as business and the economy does not allow for the integration of its multiple possible fields and thus its global nature. The strategy, foresight and temporal dynamics necessary to the understanding of the world, and the new balance of power and control of complex situations, have thus increased the time needed to put this in

place. Both theoretical and practical, this book provides a basis from which to develop "enhanced economic intelligence" leading to the implementation of global security.

Art Nouveau - Victor Arwas
2002

Rarely has a subject been served by a book of this stature. Five years in the making, it covers all aspects of Art Nouveau in France in 624 authoritative pages and 740 illustrations. Arwas traces the evolution of the movement as it developed, primarily in Nancy and Paris, with the help of carefully chosen illustrations, many never published before. Ranging from the 1900 Paris exhibition to paintings, graphics and posters and such collecting fields as furniture, jewellery, ceramics, book bindings and sculpture, the informative, witty text ranges over architecture, haute couture, and the role of women in Art Nouveau with a particular look at such theatrical icons as Sarah Bernhardt, Loïe Fuller and the

Grandes Horizontales.
Destined to become the standard book on the subject, both content and design will appeal widely to the connoisseur, the specialist and the collector, as well as to the novice who will be introduced to the magical wonders of the style.

Planning the Impossible - Eirini Kasioumi 2021-07-05
International airports have become an inherent part of many urban regions and key transport infrastructures for metropolitan economies. Yet they are also a source of tensions, often associated with the contrasting impacts of their operation. Taking the example of Charles de Gaulle airport (CDG) in Paris, the author analyzes the factors influencing urban development and the related spatial strategies. Step by step, she traces the history of the airport, examines prominent conflicts and their management by planners, and derives broader lessons. Intended for town planners, policy makers, and urban designers, the book makes an

important contribution to understanding the challenges and assessing the effectiveness of planning approaches for airport regions.

sozialwissenschaftliche deutsche Frankreichforschung" beim Deutsch-Französischen Institut. Das Jahrbuch versteht sich als Beitrag der Wissenschaft zu besserer Frankreichkenntnis für eine größere Öffentlichkeit. Es ist also nicht als Sammelband für Spezialstudien angelegt. Diese sollen weiterhin dort erscheinen, wo sie hingehören: in den Zeitschriften der einzelnen Fachdisziplinen. Das Frankreich-Jahrbuch geht weiter. Es versucht, Zusammenhänge zu erschließen und sie so darzustellen, daß sie für alle diejenigen aufschlußreich sind, die sich in Politik, Wirtschaft, Kultur und Bildung mit französischen Fragen befassen oder sich ganz allgemein für unseren wichtigsten Nachbarn interessieren. Mit anderen Worten: es will jenes Hintergrundwissen vermitteln, das zum Verständnis der Berichterstattung in den Medien, aber auch zur Erarbeitung eigener Stellungnahmen erforderlich ist. Daher wird das Jahrbuch

kontroverse Meinungen, wie sie selbstverständlich auch unter Frankreich-Forschern bestehen, dokumentieren. Die Erschließung von Zusammenhängen ist nur unter zwei Voraussetzungen möglich. Zum einen erfordert sie einen multidisziplinären Ansatz. Wir verstehen Frankreich-Forschung nicht sozialwissenschaftlich im engeren Sinn. Ohne Beiträge zur Geschichte, Philosophie, Literatur, Kunst und Alltagskultur ist die Entwicklung der französischen Gesellschaft nicht zu verstehen. Zum anderen wird es darum gehen, Frankreich nicht als freischwebende Monade (etwa aus der Sicht der sogenannten "Landeskunde"), sondern als integralen Bestandteil Westeuropas zu begreifen.

Wandel und Integration -
Hélène Miard-Delacroix
2015-04-24

Fünzig Jahre nach den Pariser
Verträgen 1954 wird diese
völkerrechtlich entscheidende
Etappe für das Verhältnis der
Bundesrepublik zu den
Schutzmächten und vor allem
zu Frankreich in den Kontext
der zeitgenössischen
politischen, ökonomischen,
gesellschaftlichen und

kulturellen Wandlungsprozesse
- etwa der beginnenden
westeuropäischen Integration -
gestellt. Massen- und
Konsumkultur kommen ebenso
zur Sprache wie die
Entwicklungen der
Demographie, der Familien
oder der Medien. Französisch-
deutsche Annäherungen
rücken auf so
unterschiedlichen Ebenen wie
den Gewerkschaften, den
Schriftstellern oder dem Sport
ins Blickfeld. Mit der
Untersuchung von Ausmaß und
Grenzen von "Westernisierung"
und "Amerikanisierung"
werden Fragestellungen, die
bisher eher in einer bilateralen
und auf jeweils andere Partner
bezogenen Perspektive
erforscht wurden, in einer
deutsch-französischen
Perspektive vergleichend
thematisiert.

Aspects of Contemporary

France - Sheila Perry

2002-09-11

France is defined by claims of uniqueness made by or about the French. Aspects of Contemporary France illuminates the contemporary economic, cultural, political and social climate of France. Using a multidisciplinary approach, this book explains the historical background to controversial issues. It also traces France's road to nationhood through religion, language and territory. Each chapter is by a specialist in the field and is based on the most up to date information and research. Beginning with the present day, the book traces the historical background to events and provides a context for evaluation. The wide-ranging and varied themes covered include: * political parties * regions in the market place * television and film *

france-euro-express-1-nouveau

women * secularism and Islam
* linguistic policies * French consumers The book also offers a helpful chronology at the end of each chapter, a detailed bibliography and a recommended reading list. Aspects of Contemporary France presents an analytical as well as informative approach to French Studies. It provides a readily accessible but in-depth understanding for students of France or French civilization at undergraduate and postgraduate levels.

Liaisons: An Introduction to French - Wynne Wong

2016-01-01

LIAISONS is an innovative beginning-level French program firmly grounded in principles of communicative language teaching and research in second language acquisition. Components of the program are carefully linked together, showing students how they can make connections with their classmates, their instructor, their community, and the French-speaking world. A rich array of communicative activities is designed to stimulate interaction inside and outside the classroom. The underlying pedagogical framework in LIAISONS asks students to first discover new vocabulary and grammar through different mediums, then connect form and

Adrian Frutiger - Typefaces -

Heidrun Osterer 2021-04-06

The Swiss type designer Adrian Frutiger decisively influenced the international creation of typefaces after 1950. His Univers typeface and the machine-readable font OCR-B are milestones, as is his type for the Paris airports, which evolved into the Frutiger typeface. All set new standards for signage types. In all, he created some fifty types, including Ondine, Méridien,

Avenir, and Vectora. Based on conversations with Frutiger himself and on extensive research, this publication provides a highly detailed and accurate account of the type designer's artistic development. All of his types - from the design phase to the marketing stage - are illustrated and analyzed with reference to the technology and related types. Hitherto unpublished types that were never realized and more than one hundred logos complete the picture.
