*The Moment* - Heidrun Friese  
2001-09-01  
Modern philosophical thought has a manifold tradition of emphasising 'the moment'. 'The moment' demands questioning all-too-common notions of time, of past, present and future, uniqueness and repetition, rupture and continuity. This collection addresses the key questions posed by 'the moment', considering writers such as Nietzsche, Husserl, Benjamin and Badiou, and elucidates the connections between social theory, philosophy, literary

theory and history that are opened up by this notion.

Monument Valley - Anne Markward 2015-05-26  
Welcome to Monument Valley Tribal Park—a world of weather-carved rock and wind-driven sand, of massive buttes painted with dark desert varnish, of hardy plants clinging to the earth. At dawn and sunset, an ever-changing

sky silhouettes the dark-  
looming monuments against  
washes of color from delicate  
to vibrant. Monument Valley's  
Navajo residents live in  
harmony with this challenging,  
beautiful landscape. Dynamic  
forces of earth, wind, and  
water built and sculpted the  
dramatic forms of this land.  
The visible rock of Monument  
Valley—carved today into  
buttes, monoliths, and  
mesas—represents millions of  
years of contrasting land layers  
as ancient sands compressed  
over geologic time into rock.  
Then the vast Colorado Plateau  
uplifted, erosion cutting its  
softer surfaces back down,  
leaving pockets and markers of  
hard rock still standing. Grain  
by grain, wind and rain still  
carve the rock forms of  
Monument Valley. Ancestral  
Puebloans settled into the  
recessed rock alcoves dotting  
this region more than a  
thousand years ago. Only  
fragments of their  
lives—masonry dwellings,  
hand-formed pottery, rock  
art—remain. Many generations  
later, the Diné—the

People—established a  
homeland in the red rock  
country and a community  
based on harmonious life  
between Mother Earth and  
Father Sky. Harry Goulding  
came to Monument Valley with  
his young wife, Mike, in 1924  
to establish a trading post at  
the foot of Big Rock Door  
Mesa. They raised sheep,  
traded handwoven Navajo rugs  
for food and household items,  
and hosted an ever-growing  
number of curious visitors.  
During the difficult Depression  
years of the 1930s, the  
Gouldings attracted early  
moviemakers to Monument  
Valley. John Ford's films  
created an entire generation of  
moviegoers' views of the  
American West—and travelers  
from around the world have  
visited Monument Valley ever  
since. The Navajo Tribal  
Council established Monument  
Valley Tribal Park in 1958.  
Now this place of traditional  
lifestyle and spectacular  
scenery is preserved for its  
beauty as well as its ancestral  
and contemporary importance  
to the Navajo. Those who travel

here find not only the rich history of this desert place, but a sense of Monument Valley's special harmony as well. Let the rhythm of this land thrum through your soul; let the voice of its spirit call you home.

*Bach's Cycle, Mozart's Arrow* - Karol Berger 2007-10-02

In this erudite and elegantly composed argument, Karol Berger uses the works of Monteverdi, Bach, Mozart, and Beethoven to support two groundbreaking claims: first, that it was only in the later eighteenth century that music began to take the flow of time from the past to the future seriously; second, that this change in the structure of musical time was an aspect of a larger transformation in the way educated Europeans began to imagine and think about time with the onset of modernity, a part of a shift from the premodern Christian outlook to the modern post-Christian worldview. Until this historical moment, as Berger illustrates in his analysis of Bach's St. Matthew Passion, music was simply "in time." Its successive events unfolded one after another, but the distinction between past and future, earlier and later, was not central to the way the music was experienced and understood. But after the shift, as he finds in looking at Mozart's Don Giovanni, the

experience of linear time is transformed into music's essential subject matter; the cycle of time unbends and becomes an arrow. Berger complements these musical case studies with a rich survey of the philosophical, theological, and literary trends influencing artists during this period.

[The Stillness of Time](#) - Liz A Alexander 2019-01-26

I challenge you to ponder, for just a while about what the passing of time has meant to you so far, what it means to you now, and how you might consider it in the future. I hope, by highlighting and reflecting on the different aspects of the passage of time and thus bringing it to your attention, it may cause you to consider where you have been on your journey and where you are now. Whether you manage your time, with anticipation and excitement or regret of what could have been. Perhaps by considering what has been, you may find yourself searching for a new approach as to how you might spend your time in the future.

**The Routledge Companion  
to Twenty-First Century  
Literary Fiction** - Daniel

O'Gorman 2019-01-15  
The study of contemporary  
fiction is a fascinating yet  
challenging one. Contemporary  
fiction has immediate  
relevance to popular culture,  
the news, scholarly  
organizations, and education –  
where it is found on the  
syllabus in schools and  
universities – but it also offers  
challenges. What is  
'contemporary'? How do we  
track cultural shifts and  
changes? The Routledge  
Companion to Twenty-First

Century Literary Fiction takes  
on this challenge, mapping key  
literary trends from the year  
2000 onwards, as the  
landscape of our century  
continues to take shape around  
us. A significant and central  
intervention into contemporary  
literature, this Companion  
offers essential coverage of  
writers who have risen to  
prominence since then, such as  
Hari Kunzru, Jennifer Egan,  
David Mitchell, Jonathan  
Lethem, Ali Smith, A. L.  
Kennedy, Hilary Mantel,  
Marilynne Robinson, and  
Colson Whitehead. Thirty-eight  
essays by leading and  
emerging international  
scholars cover topics such as: •  
Identity, including race,  
sexuality, class, and religion in  
the twenty-first century; • The  
impact of technology,  
terrorism, activism, and the  
global economy on the modern  
world and modern literature; •  
The form and format of twenty-  
first century literary fiction,  
including analysis of  
established genres such as the  
pastoral, graphic novels, and  
comedic writing, and how

these have been adapted in recent years. Accessible to experts, students, and general readers, *The Routledge Companion to Twenty-First Century Literary Fiction* provides a map of the critical issues central to the discipline, as well as uncovering new perspectives and new directions for the development of the field. It is essential reading for anyone interested in the past, present, and future of contemporary literature.

**The Timeless Moment in the Poetry of W. B. Yeats** - Gerald Marvin Metz 1972

*Bodies, Borders, Believers* - Anne Hege Grung 2015-10-01  
This stimulating collection of essays by prominent scholars honors Turid Karlsen Seim. *Bodies, Borders, Believers* brings together biblical scholars, ecumenical theologians, archeologists, classicists, art historians, and church historians, working side by side to probe the past and its receptions in the present. The contributions relate in one way or another to Seim's broad

research interests, covering such themes as gender analysis, bodily practices, and ecumenical dialogue. The editors have brought together an international group of scholars, and among the contributors many scholarly traditions, theoretical orientations, and methodological approaches are represented, making this book an interdisciplinary and border-crossing endeavor. A comprehensive bibliography of Seim's work is included.

[The Hidden Lamp](#) - Zenshin Florence Caplow 2013-10-21  
*The Hidden Lamp* is a collection of one hundred koans and stories of Buddhist women from the time of the Buddha to the present day. This revolutionary book brings together many teaching stories that were hidden for centuries, unknown until this volume. These stories are extraordinary expressions of freedom and fearlessness, relevant for men and women of any time or place. In these pages we meet nuns, laywomen practicing with their families, famous

teachers honored by emperors, and old women selling tea on the side of the road. Each story is accompanied by a reflection by a contemporary woman teacher--personal responses that help bring the old stories alive for readers today--and concluded by a final meditation for the reader, a question from the editors meant to spark further rumination and inquiry. These are the voices of the women ancestors of every contemporary Buddhist.

*Nietzsche and Jung* - Lucy Huskinson 2004-07-22

Was Jung's interpretation and assessment of Nietzsche accurate? Nietzsche and Jung

considers the thought and personalities of two icons of twentieth century philosophical and psychological thought, and reveals the extraordinary connections between them. Through a thorough examination of their work, Nietzsche and Jung succeeds in illuminating complex areas of Nietzsche's thought and resolving ambiguities in Jung's reception of these theories. The location and analysis of the role played by opposites in the whole self according to Jung is considered, revealing the full extent of Nietzsche's influence. This rigorous and original analysis of Jungian theory and its philosophical roots, supported by Jung's seminars on Nietzsche's Zarathustra, leads to the development of a fresh interpretation of the theories of both. The shared model of selfhood is put into practice as the personalities of Nietzsche and Jung are evaluated according to the other's criteria for mental health, attempting to determine whether Nietzsche and Jung were themselves

whole. Nietzsche and Jung demonstrates how our understanding of analytical psychology can be enriched by investigating its philosophical roots, and considers whether the whole self is a realistic possibility for each of us. This book will prove fascinating reading for students in psychology, philosophy and religion as well as practicing Jungian analysts.

A journal of philosophy covering epistemology, metaphysics, philosophy of language, philosophy of logic, and philosophy of mind.

**The Poetry of Life in Literature** - Anna-Teresa Tymieniecka 2000-09-30

Poetry of life in literature and through literature, and the vast territory in between - as vast as human life itself - where they interact and influence each other, is the nerve of human existence. Whether we are aware of it or not, we are profoundly dissatisfied with the stark reality of life's swift progress onward, and the enigmatic and irretrievable meaning of the past. And so we dramatise our existence,

probing deeply for a lyrical and heartfelt yet universally valid sense of our experience. It is in great works of literature that we seek those hidden springs that so move us. It is in honour of this search that this collection focuses on the creative imagination at work in literature and aesthetics.

**Timeless Moments** - Alton H. Howard 2000-01-01

Building faith in your family begins with knowing God and how He's acted throughout history on our behalf. It begins with the Bible. But for many, the Bible is just a collection of unrelated stories that happened thousands of years ago and have nothing to do with us today. "Timeless Moments" brings the big picture of the Bible into clear focus. It helps you see God's plan for you -- a plan He's had since before the foundation of the world. And as you begin to see the puzzle pieces of the Bible come together into a breathtakingly beautiful picture, you'll begin to see yourself in that picture as well. "Timeless Moments" is designed to help you live, not just survive. It is for those who desire a deeper faith; it is for those who want to understand God's purpose for them; it is for

those who want a fresh look at the all-time favorite stories of the Bible.

**The Siren and the Sage** -

Steven Shankman 2000-03-01

A comparative study of what the most influential writers of Ancient Greece and China thought it meant to have knowledge and whether they distinguished knowledge from other forms of wisdom. It surveys selected works of poetry, history and philosophy from the period of roughly the eighth through to the second century BCE, including Homer's "Odyssey", the ancient Chinese "Classic of Poetry", Thucydides' "History of the Peloponnesian War", Sima Qian's "Records of the Historian", Plato's "Symposium", and Laozi's "Dao de Jing and the writings of Zhuangzi". The intention, through such juxtaposition, is to introduce the foundational texts of each tradition which continue to influence the majority of the world's population.

**The Timeless Moment** - Herbert Warner Allen 1946

Twentieth-century English History Plays - Niloufer Harben 1988

The book offers the clearest definition yet of the history play, its scope and its limits. Historical drama is an extremely popular genre among 20th-century English playwrights. Yet the sheer size and complexity of the subject has, until now, prevented critics from attempting a clear definition. Dr. Harben provides a new and original perspective,

taking into account modern ideas of and attitudes to history. The author examines the varying approaches to history taken by modern historians and playwrights, and provides a detailed analysis of the historical source material of selected plays. The study is supported with a wealth of vivid and provocative illustrations. Historical and dramatic criticism is related to theatrical interpretation and experience. This book therefore should prove valuable and interesting to the reader with a specialist interest in the field as well as to the more general reader.

**Poetics and Literary Theory of T. S. Eliot** - Samiran Kumar Paul 2020-12-10

This is a critical handbook on T. S. Eliot's poetical works and verse dramas with their text and critical interpretation for students of Asian and African countries. An exhaustive discussion is made through critical analysis of Eliot's literary personality as a poet and theorist. Eliot exercised a strong influence on Anglo-

American culture from the 1920s until late in the century. His experiments in diction, style, and versification revitalized English poetry, and in a series of critical essays, he shattered old orthodoxies and erected new ones. The publication of *Four Quartets* led to his recognition as the greatest living English poet and man of letters, and in 1948 he was awarded both the Order of Merit and the Nobel Prize for Literature. Eliot was to pursue four careers: editor, dramatist, literary critic, and philosophical poet. He was probably the most erudite poet of his time in the English language. His undergraduate poems were "literary" and conventional. His first important publication, and the first masterpiece of Modernism in English, was "The Love Song of J. Alfred Prufrock". The poem "The Waste Land" is known for its obscure nature—its slippage between satire and prophecy; its abrupt changes of speaker, location, and time. Eliot's concern with faith and doubt, chaos and

calamity and decline in the sensibility of the modern people is reflected through his poems and plays. Modernity and the sense for the modernist make him unparalleled and the most popular modern poet. His great musical sense in his poetry reminds of his use of rhymes, metre and rhythm. This rimming of poetry with music brings meaningful beauty and concept.

When the Eternal Can Be Met -  
Corey Latta 2014-04-14

When the Eternal Can Be Met excavates the philosophy behind the theology of the twentieth century's most prominent Christian writers: C. S. Lewis, T. S. Eliot, and W. H. Auden. These three literary giants converted to Christianity within little more than a decade of one another, and interestingly, all three theological authors turned to the theme of time. All three authors also came to remarkably similar conclusions about time, positing that the temporal present moment allowed one to meet the

eternal. Decades before Lewis, Eliot, and Auden sought to creatively construct a fictive or poetic theology of time, the prominent philosopher Henri Bergson wrote about time's power to transform an individual's emotional and spiritual state, a theory well known by Lewis, Eliot, and Auden. When the Eternal Can Be Met argues that one cannot fully understand Lewis, Eliot, and Auden's theology of time without understanding Bergson's theories. From the secular philosophy of Bergson dawned the most important works of literary theology and treatments of time of the twentieth century, and in the Bergson-influenced literary constructs of Lewis, Eliot, and Auden, a common theological articulation sounds out-time present is where humans meet God.
