**Card Making** - Sally Henry 2008-07-15

Presents an introduction to making greeting cards, discussing materials and techniques and providing instructions for creating such projects as a birthday cake card, a pop-up card, and a card with stamped designs.

*Pirates* - Margaret-Anne Carter 2007

Based on a pirate theme, this social

understanding program is for preschool-to third-grade children who have social cognitive challenges, including autism spectrum disorders (ASD). The program is designed to help these children learn constructive social interaction skills in the area of friendship making, social problem solving, and emotional expression. This eight-adventure pirate voyage includes the

following focus areas: social understanding, friendship making, emotional literacy and emotional expression, relaxing, social problem solving, and responding to bullying incidents. Some of the adventures include: "Pirates and Buccaneers" where the pirates are introduced to helpful versus unhelpful ways of being a friend, and "Shiver Me Timbers" where the pirates explore appropriate ways to express their emotions. The program is divided into four levels: preschool/kindergarten, grade 1, grade 2, and grade 3, and is to be facilitated during school time by a teacher, counselor, therapist, or paraprofessional (the captain) with either the full class or a small group (the pirates). A newsletter titled "Ship-to-Shore" outlining each adventure is provided for home to ensure that children have an opportunity to transfer their learning across home and school contexts.

*Out of the Box* - 2017-03-01

Turn cardboard into a collection of clever creations with this amazing, award-winning craft

book. All you need is leftover cardboard, a few household materials, and a little imagination to make the most incredible art projects.?? Inspiring pictures and clear step-by-step instructions show you a variety of fun and fresh ideas to put into practice. Try out box robots, tube owls, hungry monsters, funky flowers, lazy lizards, racing rabbits, puppet dragons, animal masks, and balancing butterflies. For those dreaming big, you can make an aquarium, castle, ship, or theatre. But why stop there? You can construct an entire city out of cardboard. ??Out of the Box is guaranteed to broaden your imagination and develop your craft skills. First, you'll get building to transform the recycling into the truly remarkable. Then you'll get busy decorating your design to make it your very own masterpiece. Invite your friends round to help and you can all get creative making things to wear, share, and play with together. ??With everything you need already available in the home, this brilliant book provides hours of

entertainment for weekend activities, party games, and rainy days. ??Just imagine what you could make...

### **Eureka Math Pre-K Study Guide** - Great Minds 2016-08-02

Eureka Math is a comprehensive, content-rich PreK-12 curriculum that follows the focus and coherence of the Common Core State Standards in Mathematics (CCSSM) and carefully sequences the mathematical progressions into expertly crafted instructional modules. The companion Study Guides to Eureka Math gather the key components of the curriculum for each grade into a single location, unpacking the standards in detail so that both users and non-users of Eureka Math can benefit equally from the content presented. Each of the Eureka Math Curriculum Study Guides includes narratives that provide educators with an overview of what students should be learning throughout the year, information on alignment to the instructional shifts and the standards, design of curricular

components, approaches to differentiated instruction, and descriptions of mathematical models. The Study Guides can serve as either a self-study professional development resource or as the basis for a deep group study of the standards for a particular grade. For teachers who are new to the classroom or the standards, the Study Guides introduce them not only to Eureka Math but also to the content of the grade level in a way they will find manageable and useful. Teachers familiar with the Eureka Math curriculum will also find this resource valuable as it allows for a meaningful study of the grade level content in a way that highlights the coherence between modules and topics. The Study Guides allow teachers to obtain a firm grasp on what it is that students should master during the year. The Eureka Math Curriculum Study Guide, Grade PK provides an overview of all of the Pre-Kindergarten modules, including Counting to 5; Shapes; Counting to 10; Comparison of Length, Weight, Capacity, and

Numbers to 5; and Addition and Subtraction Stories and Counting to 20.

*Salt and Sea Dogs: The Pirates of Tellene* - Travis Stout 2003

**Pirates in Paradise** - Stefan Eklof 2006

Southeast Asia contains some of the world's busiest shipping waters, particularly the Indonesian archipelago, the Straits of Malacca and South China Sea. The natural geography and human ecology of maritime Southeast Asia makes the area particularly apt for piracy. It is perhaps no surprise, then, that these waters are also the world's most pirate-infested, accounting for over a third of the total number of pirate attacks world-wide. The figures have increased in recent years, as transnationally organized crime syndicates have extended their activities in the area. Meanwhile, the capacity of the state authorities in the region to suppress piracy appears to have declined, fuelling suspicions that sections of the maritime authorities are

colluding with some of the organized pirate gangs that they are supposed to be combating. Not surprisingly, piracy has a long history in the region, and in several instances during the last 250 years, pirates have disrupted peaceful trade and communications. This text traces the shifting character and development of Southeast Asian piracy from the 18th century to the present day, demonstrating how political, economic, social and technological factors have contributed to change - but have by no means exterminated - the phenomenon. -- Description from <http://www.amazon.co.uk> (Oct. 19, 2011).

**Curriculum Connections for Tree House Travelers for Grades K-4** - Jane Berner 2007-10-01

Provides curriculum ideas, reproducible activities, and annotations for Web sites and books that follow the first four books in the Magic Tree House series.

**Literacy Smarts** - 2011

### Birthday Cakes for Kids - Annie Rigg 2014-02-21

At last, here's a beautiful book full of fuss-free and imaginative cakes to make for children of all ages. Annie Rigg shows you how to make various cake mixes in different quantities, as well as frostings and decorations for fabulous but effortless cakes. She then takes you through some Simple cakes such as Princess Cupcakes, a Meringue Mountain, and a just Fantastic Chocolate Cake to end all chocolate cakes!

Chapters on Animals, Transport, Fantasy, and Wildlife offer all sorts of cake ideas for novice and confident bakers alike. From a Fluffy Sheep covered in marshmallows to a Pirate's Treasure Chest, and a Ladybird to a Hot Air Balloon, there's something here for every occasion, whether you're short of time or you are prepared to spend the afternoon in the kitchen baking, frosting, and decorating. Both girls and boys will be thrilled with the imaginative creations in this book, and making your own cake means that you aren't feeding young children a shopbought

variety full of artificial flavours and preservatives. Annie Rigg is an experienced freelance food stylist and writer. She has worked on numerous books and best-selling magazines, such as Sainsbury's Magazine, Olive, Delicious, Country Living and Good Food Magazine. She has worked with a number of top chefs, and used to cook for world-famous singers and bands on tour, including Tom Jones, Paul McCartney, Pink Floyd and The Rolling Stones.

*Foundation Rails 2* - Eldon Alameda 2008-11-23  
You've heard about this amazing web framework called Ruby on Rails that's taken the world by storm, but thought it was way too complex for you? Think again. Foundation Rails 2 takes you through your first steps in Rails, explaining in plain English how to start building dynamic web applications. And there's never been a better time to jump in to the Rails world, as the release of Rails 2 was a major evolutionary leap forward from previous versions. Unlike other Rails books, this book doesn't throw you into the deep end

right away in the hopes that you'll learn to swim. Instead, we'll start out with the basics and continually expand your knowledge until, by the end of the book, we're building a Rails application with dynamic features such as user registration, geocoding, filtering results with AJAX, RSS feeds, and an XML interface. Meanwhile, we'll talk about the important issues that other books often leave out such as testing your application's code, securing your application from hackers, optimizing your code for the best performance, and of course, deploying your application. This book takes a focused approach to guiding you through understanding how the pieces of Rails work individually and how they fit together. Instead of emphasizing boring theoretical discussions, Foundation Rails 2 lets you get your hands dirty with the framework and learn the hows and whys of Rails faster than ever. We start with a tour of what makes Rails special and why you need to learn it, move into a gentle introduction

to the high points of programming in Ruby, and then take a tour of a sample Rails application. Next, we dig deeper into the core components of Rails before building a complete Rails application together. By the end of this book, not only will you know how to build Rails applications but you'll understand the reasons behind what you do.

**The Outlaw Ocean** - Ian Urbina 2019-09-19  
'Just incredible' Naomi Klein 'Gripping and shocking...with the pace of a thriller' The Times  
A New York Times bestseller, The Outlaw Ocean is a riveting, adrenalin-fuelled tour of a vast, lawless and rampantly criminal world that few have ever seen: the high seas. The oceans are some of the last untamed frontiers on our planet. Too big to police, and under no clear international authority, these treacherous waters play host to the extremes of human behaviour and activity. From traffickers, smugglers and pirates to vigilante conservationists, stowaways and seabound

abortion-providers, Ian Urbina introduces us to the inhabitants of this hidden world and their risk-fraught lives. Through their extraordinary stories, he uncovers a globe-spanning network of crime and exploitation that emanates from the fishing, oil and shipping industries - but to which all of us are connected. **ONGLISTED FOR THE BAILLIE GIFFORD PRIZE 2019** 'An astonishing book about a world most of us don't even know exists' Oliver Bullough, author of Moneyland 'An outstanding investigation of a global criminal culture on the high seas' Guardian 'Truly important... A complex portrait of an unseen and disturbing world' New York Times

[Pirate Ship Adventure Crafts](#) - Anna Llimós  
2010-07-01

"Provides step-by-step instructions on how to make eleven simple pirate-themed crafts, such as a ship, pirate crew, treasure chest, and more, and it includes a story for kids to tell with their crafts"--Provided by publisher.

**Literacy Games** - Margaret Grubb 2000

Designed to consolidate and reinforce early literacy skills in the areas of rhyming, phonics, word building and sight vocabulary. Develops phonological awareness, listening and concentration skills. In the wider context they encourage cooperative learning and the development of communication skills.

[Ahoy Matey!!](#) -

**Sparrow iOS Game Framework Beginner's Guide** - Johannes Stein 2014-06-25

An easy-to-follow guide full of descriptive step-by-step procedures on how to develop a game for iOS. With each topic, a new challenge will be tackled to get a deeper knowledge of the Sparrow game framework and gain the skills to develop a complete mobile experience. This book is aimed at those who have always wanted to create their own games for iOS devices. Perhaps you've already dabbled in game development and want to know how to develop games for the Apple App Store, or maybe you have developed

Objective-C apps in the past but you are new to game development. In either case, this book will help with descriptive examples and teach you to develop a game throughout its course. Some experience in Objective-C and a basic understanding of object-oriented programming are required.

Even Pirates Need Their Sleep - Brian Burnett  
2010-03

This is the perfect bedtime story about a pirate whose job is to guard the gold all day and night. Discover who took the gold in this entertaining rhyming story as you learn that even pirates need their sleep! Also, use as a classroom resource when learning about pirates. Use the further extensions in the back of the book for classroom or personal use!

Kylie Jean Pirate Craft Queen - Mary Meinking  
Chambers 2014-11-01

Arrrrrr, mateys! It's Kylie Jean. Did I tell you about the time I was a pirate queen? You can be a pirate queen too! Make a pirate queen hat, a

treasure chest, and even your own loot bag. Shiver me timbers! What are y'all waiting for?

**Anarchy Unbound** - Peter T. Leeson  
2014-04-07

In *Anarchy Unbound*, Peter T. Leeson uses rational choice theory to explore the benefits of self-governance. Relying on experience from the past and present, Professor Leeson provides evidence of anarchy 'working' where it is least expected to do so and explains how this is possible. Provocatively, Leeson argues that in some cases anarchy may even outperform government as a system of social organization, and demonstrates where this may occur. *Anarchy Unbound* challenges the conventional self-governance wisdom. It showcases the incredible ingenuity of private individuals to secure social cooperation without government and how their surprising means of doing so can be superior to reliance on the state.

*Pirate Dictionary* - Rafael Estrada 2021-09-04  
Compilation of famous pirates and nautical

terms. Did you know that Bartolomew Roberts was a distinguished, elegant and courteous pirate, music lover, teetotaler and that he did not allow gambling with money or duels on board...? That when Blackbeard went to combat, he placed hemp wicks soaked in saltpeter, lit under his fur hat, in order to appear surrounded by black smoke and cause terror...? Do you know the difference between a pirate, a buccaneer, a privateer and a filibuster...? Would you distinguish a cutlass from a saber...? This book contains all the documentation that I used to write the novel THE CIRCULAR PIRATES.

Sorted in dictionary format for easy searching, it is an excellent source for authors who wish to embark on the wonderful adventure of writing a pirate story.

Nourishing Vocabulary - Shira Lubliner  
2008-04-29

Focuses on supporting students' academic development with targeted vocabulary instruction and provides strategies for

vocabulary acquisition, read-alouds, independent reading, and decoding unknown words.

The Honest Life - Jessica Alba 2013-03-12

The Golden Globe-nominated actress and the co-founder of The Honest Company counsels busy moms on how to make affordable and healthy choices for their families without sacrificing style, sharing a variety of family-friendly recipes, eco-friendly decorating tips and natural beauty-care advice. Original. 150,000 first printing.

**New Stamped Metal Jewelry** - Lisa Kelly  
2017-05-22

Cutting-edge stamping techniques and designs! Since the publication of Lisa Niven Kelly's first book on metal stamping, the craft has undergone a revolution, with more design stamps available than ever before. This hotly-anticipated followup, authored together with Taryn McCabe, gives you even more new ways to create personalized stamped jewelry. Inside you will learn fresh techniques such as mandala stamping, and find patterns for more than 20

projects: a trendy chevron necklace, chandelier earrings, garden-themed cuff, and more. Easy-to-follow, full color step-by-step photos accompany all basic techniques, as well as the jewelry projects, to guide your way. Discover the unique looks you can achieve working with a variety of metals--silver, copper and brass--while advancing your metalsmithing skills. Whether you're new to metal stamping or your hammer is in need of fresh inspiration, New Stamped Metal Jewelry has the instruction and inspiration you're looking for.

[The New Pirates](#) - Andrew Palmer 2014-08-15

Piracy is a significant global threat to international sea-borne trade - the life-blood of modern industrial economies and vital for world economic survival. The pirates of today are constantly in the world's news media, preying on private and merchant shipping from small, high-speed vessels. Andrew Palmer here provides the historical background to the new piracy, its impact on the shipping and insurance industries

and also considers the role of international bodies like the UN and the International Maritime Bureau, international law and the development of advanced naval and military measures. He shows how this 'new' piracy is rooted in the geopolitics and socio-economic conditions of the late-20th century where populations live on the margins and where weak or 'failed states' can encourage criminal activity and even international terrorism. Somalia is considered to be the nest of piracy, but hotspots include not only the Red Sea region, but also the whole Indian Ocean, West Africa, Latin America, Southeast Asia and the South China Seas.

**The Honest Life (Enhanced Edition)** - Jessica Alba 2013-03-12

Enhanced Edition includes exclusive videos featuring a candid look at Jessica Alba's Honest Life. As a new mom, Jessica Alba wanted to create the safest, healthiest environment for her family. But she was frustrated by the lack of trustworthy information on how to live healthier

and cleaner--delivered in a way that a busy mom could act on without going to extremes. In 2012, with serial entrepreneur Brian Lee and environmental advocate Christopher Gavigan, she launched The Honest Company, a brand where parents can find reliable information and products that are safe, stylish, and affordable. The Honest Life shares the insights and strategies she gathered along the way. The Honest Life recounts Alba's personal journey of discovery and reveals her tips for making healthy living fun, real, and stylish, while offering a candid look inside her home and daily life. She shares strategies for maintaining a clean diet (with favorite family-friendly recipes) and embraces nontoxic choices at home and provides eco-friendly decor tips to fit any budget. Alba also discusses cultivating a daily eco beauty routine, finding one's personal style without resorting to yoga pants, and engaging in fun, hands-on activities with kids. Her solutions are easy, chic, and down-to-earth: they're

honest. And discovering everyday ways to live naturally and authentically--true to you--could be honestly life-changing.

*Pirate Ship* - Top That Team 2013-01-01

Press out the shapes and follow the stop-by-step diagrams to put together your very own pirate ship. Use the templates to make sails, and the colorful stickers to decorate the hull and add flags. Kit contains 20 sheets of black and white shaped card stock, 24-page pirate facts book, 2 sheets of stickers, sail templates and instructions for assembly.

[The Electronic Reporter](#) - Barbara Alysen 2006

Introduces students to the real world of news reporting for the electronic (broadcast and online) media in Australia. It covers news gathering and packaging; writing and interviewing; recording sound and shooting videos; constructing radio, television and online stories; compiling news programs; legal and ethical issues and how to find work.

*Treasure Island - Literature Kit Gr. 7-8* - Brenda

Rollins 2008-02-01

In this State Standards-aligned Literature Kit™, we divide the novel by chapters or sections and feature reading comprehension and vocabulary questions. In every chapter, we include Before You Read and After You Read questions. The Before You Read activities prepare students for reading by setting a purpose for reading. They stimulate background knowledge and experience, and guide students to make connections between what they know and what they will learn. The After You Read activities check students' comprehension and extend their learning. Students are asked to give thoughtful consideration of the text through creative and evaluative short-answer questions and journal prompts. Also included are writing tasks, graphic organizers, comprehension quiz, test prep, word search, and crossword to further develop students' critical thinking and writing skills, and analysis of the text. About the Novel: Treasure Island is one of the most perfect

examples of an exciting classic adventure tale. Masterfully crafted, this stunning book of piracy on the tropic seas is an unforgettable tale of treachery between good and evil. First published in 1883, titled Young Folks then titled The Sea-Cook and finally Treasure Island. Developed from an imaginary map that Stevenson and his stepson Lloyd Osbourne made while on vacation, Treasure Island is an all time classic for those who love romance and adventure. Perhaps the reason for the book's allure to children is the famous hero-villain character, Long John Silver with his unscrupulous buccaneer-rogues on their quest for the greedy lust for gold. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy.

**Whip Up Mini Quilts** - Kathreen Ricketson  
2010-07-01

Kathreen Ricketson, founder of the internationally popular Web site WhipUp.net, presents 20 contemporary quilts from across the globe in this charming, easy-to-follow guide.

Downloaded from [report.bicworld.com](http://report.bicworld.com) on  
by guest

From the lovely English Garden Quilt to the playful Road Transport Pillow, the projects collected in Whip Up Mini Quilts cover all sorts of themes and looks. With plenty of step-by-step instructions and helpful how-to illustrations, this book showcases an artful approach to design basics while outlining the fundamentals of quilting techniques

*The Secret History of Mac Gaming* - Richard Moss 2018-03-22

The Macintosh challenged games to be more than child's play and quick reflexes. It made human-computer interaction friendly, inviting, and intuitive. Mac gaming led to much that is now taken for granted by PC gamers and spawned some of the biggest franchises in video game history. It allowed anyone to create games and playful software with ease, and gave indie developers a home for their products. It welcomed strange ideas and encouraged experimentation. It fostered passionate and creative communities who inspired and

challenged developers to do better and to follow the Mac mantra 'think different'. Drawing on archive material and interviews with key figures from the era - and featuring new material from Craig Fryar, Apple's first Mac games evangelist and the co-creator of hit game Spectre - *The Secret History of Mac Gaming* is the story of those communities and the game developers who survived and thrived in an ecosystem that was serially ignored by the outside world. It's a book about people who followed their hearts first and market trends second, showing how clever, quirky, and downright wonderful video games could be.

*Busy!* - Clare Hibbert 2010

PERSONAL, HEALTH & SOCIAL EDUCATION (PHSE). *Feelings* is a new large-format, highly illustrated series for very young children. It explores feelings and emotions, with an emphasis on expressing - and learning to manage - those feelings. The books will help to develop empathy, self-awareness and social

skills. Ages 4+.

**Early concepts** - Amelia Ruscoe 2006

Book 1 is a compilation of craft activities ...based upon elementary concepts and promote the use of basic language to sort, compare, direct and comprehend. Consolidation of these early concepts through fun, memorable craft experiences will equip students with the early concepts required to participate in school based learning.

*Box!* - Noel Macneal 2013-11-05

How many times have you spent money on some fancy new toy for your child, only to have her ignore the toy and instead crawl into the large box it came in? Whether you're on a budget or just refuse to pay high prices for noisy, plastic toys, *Box!* offers parents do-it-yourself, environmentally friendly crafts that can be made with cereal boxes, packing boxes, toilet paper rolls, and egg cartons. Filled with easy to make cardboard box craft ideas complete with supply lists, four-color photos, tips, and templates, *Box!*

supplies parents with projects that will keep their children entertained for hours, such as: making "little people" with toilet paper rolls; creating a pirate ship out of a milk carton; fashioning a telescope using a paper towel tube; assembling planes, trains, and automobiles from cracker boxes, pasta boxes, or toothpaste boxes; and even constructing a child-sized desk out of three large boxes. This book is the perfect way to make fun, inexpensive, sustainable toys for your little one.

**Step-by-Step Cake Decorating** - Karen Sullivan 2013-10-01

Contains 15 fantastic, easy-to-make pirate-themed projects suitable for boys and girls.

Pirates - Helen Hollick 2017-02-15

Discover the history behind everyone's favourite

villain

**Hello, Darlings!** - James Hogg 2013-09-12  
Spontaneous, hilarious, irrepressible and, of course, trailblazing - Kenny Everett was revolutionary in television and radio comedy. Chris Evans, Chris Moyles, Rob Brydon and Steve Wright have all cited Kenny as a huge influence on their work - even the great Spike Milligan called him a genius. It was Kenny who developed the radio show format with which we are so familiar today: a mix of music, jingles, funny voices and sound effects. When he seamlessly made the move to television in the seventies, he created unforgettable characters such as Sid Snot, Cupid Stunt and Marcel Wave. Rarely seen without a smile on his face in public, in reality, Kenny was a deeply insecure man who suffered severe bouts of depression. He also struggled with his sexuality, only coming out to the public in 1985. Diagnosed with HIV in 1987, Kenny died in 1995. This in-depth and affectionate biography has been fully authorised

by Kenny's family and contains original interviews with Kenny's sister, Kate and with his former wife, Lee, as well as entertainment figures such as Barry Cryer, Cliff Richard, Chris Tarrant and Paul Gambaccini. Packed with fabulous stories about the highs and lows of Kenny's life, his great friendships with The Beatles and Freddie Mercury, this is a book that any fan of comedy and entertainment must read.  
**Fighting Ships of the Far East (2)** - Stephen Turnbull 2012-06-20

Over the centuries, naval relations between Japan and Korea appear to have alternated between peaceful trade and outright hostility. However, this impression can be misleading, as much of what passed for mercantile activity was in fact conducted by Japanese pirate fleets, who pillaged the coasts of Korea and China in a long-lasting tradition that culminated in the greatest pirate raid of all: Hideyoshi's invasion of Korea in 1592. This was the conflict that involved Ming China and almost dragged in Siam. It also led to

Korea developing East Asia's most famous warship: the legendary turtle ship, which is

described for the first time in full technical detail in this book.
