*A Study Guide for The Revelation of Jesus Christ* - James H. Stone, Jr. 2014-01-21  
THE SECOND COMING OF CHRIST - REV. 19:1-21 A. GENERAL - 1. Chapter 19 - brings to a close the Great Tribulation period (Daniel's 70th Week - Dan. 9:27) and ushers in the 2nd coming of Jesus Christ. 2. Christ promised he would come again (John 14:3). 40 days after his resurrection (Acts 1:3), Christ ascended into heaven from the Mount of Olives; just East of Jerusalem (Acts 1:9). Two angels told the apostles Jesus would return in like manner (Acts 1:11). In Rev. 19:11-16, Christ returns with armies of saints and angels. 3. The prophecies of Zechariah will be fulfilled: "Thus says the Lord: I am returned to Zion and will dwell in the midst of Jerusalem..." (Zech. 8:3); "And his feet shall stand in that day upon the Mount of Olives, which is before Jerusalem on the East..." (Zech. 14:4). 4. In Chapter 19 - there are actually 2 scenes: 1 in heaven which is one of great joy and 1 on earth which is one of great judgment. B. JOY IN HEAVEN (REV. 19:1-10) - 1. SONGS OF THE SAINTS - REV. 19:1-6) - a. TIME SEQUENCE - (1) After this, I (John) heard - what sounded like the roar of a great multitude in heaven shouting: "Hallelujah - salvation - glory - power - belong to our God for true and just are his judgments - he has condemned the great prostitute (whore, KJV) - who corrupted the earth by her adulteries - he has avenged on her the blood of his servants!" (Rev. 19:1-2). NOTE:

"After this" refers to the destruction of the apostate religious system in Rev. 17 and the corrupt commercial system in Rev. 18. In Rev. 18:20 the call to rejoice was issued; now we have the response to that call.

**Perspectives on the New Age** - James R. Lewis  
1992-01-01

This book begins with a comprehensive historical section that places the New Age within the context of its predecessor movements. It then focuses on specialized aspects of this subculture, from essays on the convergence of New Age spirituality with women's spirituality, to an essay on how Evangelical Christians have responded to the movement. The book also examines the international impact of the New Age.

*On Christianity, New Age and Reincarnation* - Jaime T. Licauco  
2017-12-02

"Reading this book requires an open and questioning mind, not a mind that has already accepted just one answer. I, for one, have benefited greatly by reading his words and listening to his lectures." — From the foreword by Sir Jason Winters, KGSJ Licauco, in this book, boldly discourses topics that might be unconventional for most people, but very thought-provoking. Such topics might be disturbing, but they will satiate the intellectually curious and those who don't settle only in a single point of view.

**Writing the Rapture** - Crawford Gribben  
2009-02-02

For the past twenty years, evangelical prophecy novels have been a powerful presence on American bestseller lists. Emerging from a growing conservative culture industry, the genre dramatizes events that many believers expect to occur at the end of the age - the rapture of the saved, the rise of the Antichrist, and the fearful

tribulation faced by those who are "left behind." Seeking the forces that drove the unexpected success of the Left Behind novels, Crawford Gribben traces the gradual development of the prophecy fiction genre from its eclectic roots among early twentieth-century fundamentalists. The first rapture novels came onto the scene at the high water mark of Protestant America. From there, the genre would both witness the defeat of conservative Protestantism and participate in its eventual reconstruction and return, providing for the renaissance of the evangelical imagination that would culminate in the Left Behind novels. Yet, as Gribben shows, the rapture genre, while vividly expressing some prototypically American themes, also serves to greatly complicate the idea of American modernity-assaulting some of its most cherished tenets. Gribben concludes with a look at "post-Left Behind" rapture fiction, noting some works that were written specifically to counter the claims of the best-selling series. Along the way, he gives attention not just to literary fictions, but to rapture films and apocalyptic themes in Christian music. Writing the Rapture is an indispensable guide to this flourishing yet little understood body of literature.

*Bearing False Witness?* - Douglas E. Cowan

**Apocalyptic Fever** - Richard G. Kyle 2012-08-01  
How will the world end? Doomsday ideas in Western history have been both persistent and adaptable, peaking at various times, including in modern America. Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event. The views expressed in these polls have been reinforced by the market process. Whether through purchasing paperbacks or watching television programs, millions of Americans have expressed an interest in end-time events. Americans have a tremendous appetite for prophecy, more than nearly any other people in the modern world. Why do Americans love doomsday? In *Apocalyptic Fever*, Richard Kyle attempts to answer this question, showing how dispensational premillennialism has been the driving force behind doomsday ideas. Yet while several chapters are devoted to this topic, this book covers much more. It surveys end-time

views in modern America from a wide range of perspectives--dispensationalism, Catholicism, science, fringe religions, the occult, fiction, the year 2000, Islam, politics, the Mayan calendar, and more.

**Confessions of an Illuminati, VOLUME II** - Leo Lyon Zagami 2017-11-11

After his master thesis of the secret societies network as outlined in Volume I, the *Confessions of an Illuminati* narrative of Leo Lyon Zagami is projected to the reality of today, including the occult maneuvers behind the New World Order. We need to wake up beyond our current belief systems, because the "controllers" of the New World Order are moving fast using the "Prophecies" to their advantage to implement their evil plan by 2020, when World War III will finally break loose. The author demonstrates that the hierarchy of power emanating from Rome and Jerusalem, with the Jesuits and the Zionist's united by a secret pact since the Second Vatican Council, are in cahoots working towards the creation of a world government. There is also China playing a new role in the NWO with the far reaching tentacles of Chinese Freemasonry manipulating economic Hit Men and disinformation artists, while Russia is building their Christian orthodox alliance to apparently oppose the Western antichrist. In this unprecedented scenario, we also have the involvement of the big media moguls like Ted Turner and Silvio Berlusconi and their role in manipulating perceptions. The author discusses further aspects of the Satanic infiltration of Freemasonry, pointing out on the generational aspect the many ways of defending yourself psychically against black magicians, but also against the many sects operating in the Illuminati Network.

**Existential Threats** - Lisa Vox 2017-05-12  
Americans have long been enthralled by visions of the apocalypse. Will the world end through nuclear war, environmental degradation, and declining biodiversity? Or, perhaps, through the second coming of Christ, rapture of the faithful, and arrival of the Antichrist—a set of beliefs known as dispensationalist premillennialism? These seemingly competing apocalyptic fantasies are not as dissimilar as we might think. In fact, Lisa Vox argues, although these secular and religious visions of the end of the world

developed independently, they have converged to create the landscape of our current apocalyptic imagination. In *Existential Threats*, Vox assembles a wide range of media—science fiction movies, biblical tractates, rapture fiction—to develop a critical history of the apocalyptic imagination from the late 1800s to the present. Apocalypticism was once solely a religious ideology, Vox contends, which has secularized in response to increasing technological and political threats to American safety. Vox reads texts ranging from Christianity Today articles on ecology and the atomic bomb to Dr. Strangelove, and from Mary Shelley's *The Last Man* to the *Left Behind* series by Tim LaHaye and Jerry B. Jenkins, demonstrating along the way that conservative evangelicals have not been as resistant to science as popularly believed and that scientists and science writers have unwittingly reproduced evangelical eschatological themes and scenarios in their own works. *Existential Threats* argues that American apocalypticism reflects and propagates our ongoing debates over the authority of science, the place of religion, uses of technology, and America's evolving role in global politics.

**Sin** - Ted Peters 1994

Peters revisits the dark side of human nature and the perennial categories of sin that have been glossed over by our pluralistic culture. Peters examines the kinds of evil that we confront on a daily basis and reminds us of the availability of grace.

**The New Age in the Modern West** - Nicholas Campion 2015-11-19

New Age culture is generally regarded as a modern manifestation of Western millenarianism - a concept built around the expectation of an imminent historical crisis followed by the inauguration of a golden age which occupies a key place in the history of Western ideas. *The New Age in the Modern West* argues that New Age culture is part of a family of ideas, including utopianism, which construct alternative futures and drive revolutionary change. Nicholas Campion traces New Age ideas back to ancient cosmology, and questions the concepts of the Enlightenment and the theory of progress. He considers the contributions of the key figures of the 18th century, the legacy of the astronomer

Isaac Newton and the Swedish visionary Emanuel Swedenborg, as well as the theosophist, H.P. Blavatsky, the psychologist, C.G. Jung, and the writer and artist, Jose Arguelles. He also pays particular attention to the beat writers of the 1950s, the counterculture of the 1960s, concepts of the Aquarian Age and prophecies of the end of the Maya Calendar in 2012. Lastly he examines neoconservatism as both a reaction against the 1960s and as a utopian phenomenon. *The New Age in the Modern West* is an important book for anyone interested in countercultural and revolutionary ideas in the modern West.

**New Age Movement** - Ron Rhodes 2016-09-06

Reincarnation, auras, and energizing crystals -- surely these are the stuff of fairy tales, nothing more. People don't really speak to ancient Egyptian holy men, or listen seriously to Shirley MacLaine, for that matter -- do they? Drawing from a range of occult, pagan, and pseudo-scientific traditions, the New Age Movement is broad, diffuse, hard to nail down -- and insidiously dangerous. Its belief in the "divinity of humanity," its emphasis on "self-actualization," and its looking forward to a coming utopian "new world" have tremendous appeal. But does it have the truth?

*Magical Religion and Modern Witchcraft* - James R. Lewis 1996-01-01

Provides an overview of neo-paganism from the Goddess to magic and rituals, from history and ethics to the relationship of neo-paganism to Christianity.

**The Gnostic Luciferian New Age Babylon**

**Revisited** - Gregory Lessing Garrett 2019-09-30  
The Gnostic Luciferian New Age "Utopia" will be based upon a Mystery Babylon re-visitation of tolerance for all behaviors narcissistically self-indulgent, sexually perverse, psychoactively induced, and sinfully decadent, with self-worship and self-adulation as the highest pinnacle of religious zeal. Additionally, utilizing the trickery and artifice of an Alien Antichrist Messiah Deception, the Luciferian Elite seek to obliterate Christianity and replace it with a Gnostic Pantheistic Cosmogogenesis narrative, where Ancient Aliens are our true genetic origins, and Cosmic Evolution, with Mankind in tow, is the Grand Design of the Universe. Since this is a very real situation which effects all the world in the direst sort of way, the contents of this book are relevant to all citizens of the world. This book bravely explores the various guises that this repackaged Babylonian Gnostic Luciferianism has taken and how it got to this point, as well as offers answers to this nefarious situation.

**The True Masonic Order** - Henry Epps

**Another Gospel** - Ruth A. Tucker 2004  
Ruth A. Tucker's book is a comprehensive survey of all the major alternative religions in the United States, including the new groups since the 1960s.

*Alice A. Bailey* - Isobel Blackthorn 2022-01-28  
"A must-read for any Bailey student, anyone interested in the New Age movement, and for those who wonder, amidst our confused and divided world, where will it all end?" - Steven Chernikeeff, author of *Esoteric Apprenticeship From tragic beginnings as an aristocratic orphan to becoming the mother of the New Age spiritual movement, Alice A. Bailey is one of the modern era's most misunderstood occult figures. Bailey's journey is a story of faith, from orthodox Christian beginnings, through a protracted spiritual crisis, to a newfound belief in Theosophy. A mystic and a seeker, a founder of global spiritual organizations, and a surmounter of adversity, Bailey's past is rife with injustices, myths, and misconceptions - including that she was an anti-Semite and a racist with a dark agenda. With scandals and controversies laid bare, Bailey's extraordinary life is revealed as a powerful, remarkable legacy.*

**Trumpocalypse** - Paul McGuire 2018-01-02  
From the authors of the international bestseller *The Babylon Code* comes an explosive exposé of the chilling truth about the fierce opposition to the Trump presidency, and why the globalist elite and Deep State will stop at nothing- assassination, military coup, staged economic collapse, or worse- to overthrow him.  
"Trumpocalypse!" It's the media-coined meme inciting panic and fear that America has elected an unstable man who will barge into delicate international affairs like a bull in a china shop and incite nations bent on America's destruction to trigger World War III- an unprecedented nuclear apocalypse ending the world as we know it. But is the media telling us the truth? No, say internationally-recognized prophecy expert and Fox News and History Channel commentator Paul McGuire and Pulitzer Prize-nominated investigative journalist Troy Anderson. America's most insidious enemies are not hostile nations; they are elite globalists- the "Establishment" that is making the "1 percent" even richer while working- and middle-class people watch their incomes and net worth's flatline or plummet. The authors fearlessly expose the globalist elite's secret plan for humanity and campaign of mass deception. Using documentation gleaned from years of journalistic investigation and extensive interviews with over fifty of the world's most respected geopolitical, economic and military affairs experts, faith leaders, and biblical scholars, McGuire and Anderson unmask these elites as members of secret societies with deep occult connections who have gained control of America's dominant institutions- government, education, entertainment, international banking, and even the media. *Trumpocalypse* explores the enigmatic prophecies and "biblical codes" involving Trump, and asks whether God raised up President Trump as a fearless leader to guide America and the free world through a series of major crises as the biblical end-time narrative unfolds, as many people with prophetic gifts are predicting, and shows why everyday Americans and evangelicals have rallied around Trump as their last hope of saving America and averting the horrors of the Apocalypse. It further reveals why Trump and millions of "deplorables" are fighting to stop the hidden agenda of the Establishment, and how the perplexing chaos

enveloping the planet could paradoxically signal the beginning of the great end-times awakening that millions are praying for. Here is an invitation to join the anti-Establishment surge-what evangelist Franklin Graham calls "the Christian revolution"-and discover how to fulfill your own destiny in the run-up to the Second Coming of Jesus Christ.

*Encyclopedic Handbook of Cults in America* - J. Gordon Melton 1992

Covers the history, founders, beliefs, and literature of over five hundred nonconventional and alternative religious movements

**Religion and American Education** - Warren A. Nord 2014-07-01

Warren Nord's thoughtful book tackles an issue of great importance in contemporary America: the role of religion in our public schools and universities. According to Nord, public opinion has been excessively polarized by those religious conservatives who would restore religious purposes and practices to public education and by those secular liberals for whom religion is irrelevant to everything in the curriculum. While he maintains that public schools and universities must not promote religion, he also argues that there are powerful philosophical, political, moral, and constitutional reasons for requiring students to study religion. Indeed, only if religion is included in the curriculum will students receive a truly liberal education, one that takes seriously a variety of ways of understanding the human experience. Intended for a broad audience, Nord's comprehensive study encompasses American history, constitutional law, educational theory and practice, theology, philosophy, and ethics. It also discusses a number of current, controversial issues, including multiculturalism, moral education, creationism, academic freedom, and the voucher and school choice movements.

The New Age Movement and the Biblical Worldview - John P. Newport 1998

John Newport delivers a comprehensive study of the impact of New Age beliefs on contemporary culture - and on Christianity itself - while also offering an effective, biblical antidote to today's worldview crisis. After first surveying the historical development of the New Age worldview, from ancient times through important tendencies in nineteenth-century

America to recent Far Eastern influences, Newport explores in depth eleven key areas of the New Age worldview and contrasts each area of belief with the traditional biblical worldview. Politische Psychologie heute - Helmut König 2013-03-09

**The Second Coming of the New Age** - Josh Peck 2018-10

The New Age movement has returned with full force in our culture taking the West and its churches by storm. All across North America, Christian churches have unknowingly encouraged occult beliefs and practices far removed from what the Bible teaches. This unfortunate reality is intrinsically linked to the popularity increase of New Age spirituality in the twenty-first century, and we've been so influenced by its integration into our society that we have become blind to recognizing, and preventing, the effects of this mainstream, pop-culture heresy, even within the walls of God's house. In this imperative and timely book, former New-Agers Josh Peck and Steven Bancarz reveal:· What perverse dealings the authors personally witnessed from their experiences deep within the New Age Movement· Which real and dangerous supernatural force lurks behind the New Age· Facts that reveal how the occult has worked its way into modern, evangelical churches· Connections between New Ageism, fallen angels, extraterrestrials, and the Nephilim· Solid, historical associations between the New Age Movement and Satanism· What false-Christ and false-gospel doctrines are being pushed by New Age teachers· How the central deity of the New Age is a thinly veiled version of Leviathan, the ancient personification of chaos· How quantum physics is being manipulated to promote the New Age agenda· How to reach friends and family lost in the New Age movement· Warning signs and influences of the occult in your life and home, and what to do if you are under spiritual attack· Our lives, our relationships, our world, and our churches all depend on our willingness to take action against the deceit of New Age spirituality. The first step toward prevention is knowledge. Now is the time to be informed.

**The New World Order** - A. Ralph Epperson  
END OF THE WORLD AS WE KNOW IT This

Book by A. Ralph Epperson purports to uncover hidden and sinister meanings behind all the symbols found on the Great Seal of the United States, committing America to "A Secret Destiny." This Book, *THE NEW WORLD ORDER*, is the amply documented explanation of what those symbols mean and how they connect to this nation's future. Mr. Epperson is making his research available to the American people so that they may know just what these planners wanted for our future. And so that they can take corrective action.

**THE TRUTH ABOUT FREEMASONS, ILLUMINATI, AND NEW WORLD ORDER - S.D.S C.M.W 2012-03-19**

""Two Books In One"" The New World Order's Letter to Every Citizen of the World warning Resistance is Futile. According to this letter addressed to everybody in America, it's useless to resist a one world takeover, as the program is in its final stages. The Very word secrecy is repugnant in a free and open society, and we are as people inherently and historically opposed to secret societies, to secret oaths and to secret proceedings. We decided long ago that the dangers of excessive and unwarranted concealment of pertinent facts far outweighed the dangers which are cited to justify. ""If you have the privilege to know, you have the duty to act""

*Blueprint for Theocracy* - James C. Sanford 2014 This investigation sheds new light on the confrontational stance the religious right has taken toward contemporary America by examining the nature and origins of its highly charged ideas. It traces its belief system, commonly called the "Christian Worldview," to four Christian thinkers (Abraham Kuyper, Cornelius Van Til, Rousas John Rushdoony, and Francis Schaeffer) known for their anti-modernist, authoritarian, and in some cases, openly theocratic ideas. Although virtually unknown to most Americans, these men have been treated like patron saints by the religious right. Their ideas, seriously discussed within the movement and codified in Christian Worldview documents during the 1980s, have been widely disseminated to followers through textbooks and seminars, evolving over time into standard talking points. The book then examines how the ideology buttresses the movement's

controversial, right-wing agenda. It explores how the Christian Worldview advances a concept of "total truth" that is unique to biblical Christians and enables them to redefine freedom, law, government, and even history and science, in their own infallible terms. A vision for the future and plan of action are formed on the basis of these certainties. The book concludes by discussing the danger the ideology poses to pluralist society and offers intelligent ways of confronting it.

*Children of the New Age* - Steven Sutcliffe 2003 As the first true social history of New Age culture, this presents an unrivalled overview of the diverse varieties of New Age belief and practise from the 1930s to the present day.

**Paranormal America (second edition) - Christopher D. Bader 2017-04-18**

The untold account of the countless Americans who believe in, or personally experience, paranormal phenomena such as ghosts, Bigfoot, UFOs and psychics Given the popularity of television shows such as Finding Bigfoot, Ghost Hunters, Supernatural, and American Horror Story, there seems to be an insatiable public hunger for mystical happenings. But who believes in the paranormal? Based on extensive research and their own unique personal experiences, Christopher Bader, Joseph Baker and Carson Mencken reveal that a significant number of Americans hold these beliefs, and that for better or worse, we undoubtedly live in a paranormal America. Readers will join the authors as they participate in psychic and palm readings, and have their auras photographed, join a Bigfoot hunt, follow a group of celebrity ghost hunters as they investigate claims of a haunted classroom, and visit a support group for alien abductees. The second edition includes new and updated research based on findings from the Baylor Religion survey regarding America's relationship with the paranormal. Drawing on these diverse and compelling sources of data, the book offers an engaging account of the social, personal, and statistical stories of American paranormal beliefs and experiences. It examines topics such as the popularity of paranormal beliefs in the United States, the ways in which these beliefs relate to each other, whether paranormal beliefs will give rise to a new religion, and how believers in the

paranormal differ from "average" Americans. Brimming with fascinating anecdotes and provocative new findings, Paranormal America offers an entertaining yet authoritative examination of a growing segment of American religious culture.

*Understanding New Religious Movements* - John A Saliba 2004-09-08

Discussions of any religion can easily raise passions. But arguments tend to become even more heated when the religion under discussion is characterized as new. Divisions around the study of new religious movements (NRMs), or cults, or nontraditional or alternative or emergent religions are so acute that there is even controversy over what to call them. John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives: history, psychology, sociology, law, theology, and counseling. This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs. The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion, J. Gordon Melton. For classes in religion or the social sciences, or for interested individuals, Understanding New Religious Movements offers the most objective introduction possible.

*God's Plan* - Dan Malczewski 2010-08-17

A compilation of Christian Apologetics gathered from various authors over the years that is designed to bring brand new Christians up-to-speed quickly and to strengthen the faith for all Christians. This book also introduces a "model" of God's Plan for mankind. It contains answers to almost all of the arguments leveled against Christianity from science "falsely so-called". Furthermore, this book provides an historical discussion of Christian prophecy from a Dispensational perspective. Did you know that genetic anthropologists have traced back our DNA to single parents; or that most of the "miracles" of the Old Testament probably occurred naturally such as the parting of the Red Sea; or that approximately 1,600 Bible Codes have been discovered around a single Old Testament chapter; or that it is highly probable that no human beings drowned in the Flood; or that Mount Sinai is not in the Sinai Peninsula but in Saudi Arabia and is heavily guarded; or that the speed of light may have been millions of times faster at the Creation than it is now? All of these questions, and many more, are answered

in this book.
