*Larger Print Bible-II-Volume 2 - Jay Patrick Sr. Green 2007*

Larger Print Edition! The number one complaint about the Interlinear Hebrew Greek English Bibles by Jay P. Green, Sr. has been the size of the type. This new printing is in a larger type size, much more readable for long hours of study without the eye strain. This has all of the content of the 4 Volume Interlinear Bible Set that has been published since 1985 and all the content of the 2000 Interlinear New Testament. The only complete

interlinear Bible available in English-and it's keyed to Strong's Exhaustive Concordance! Thousands of pastors, students, and laypeople have found The Interlinear Bible to be a time-saving tool for researching the subtle nuances and layers of meaning within the original biblical languages. Featuring the complete Hebrew and Greek texts with a direct English rendering below each word, it also includes The Literal Translation of the Bible in the outside column. But what truly sets this resource apart are the Strong's numbers printed directly above the Hebrew and Greek words. Strong's numbers enable even those with no prior knowledge of Greek or Hebrew to easily access a wealth of language reference works keyed to Strong's-Greek/Hebrew dictionaries, analytical lexicons, concordances, word studies, and more. The Hebrew is based on the Masoretic Text and the Greek is from the Textus Receptus. The sources of the texts are documented in

the preface, and are essentially the same (with some minor variations) to the Hebrew and Greek texts used by the KJV translators. Only a small minority of Bible students ever achieve the ability to read the original biblical languages. This resource offers a non-threatening tool for those lacking language training to begin exploring the languages of Scripture. . Offering a concise, literal translation of each Greek and Hebrew word, it's a great jumping off point for in-depth Bible study and text analysis. This Bible displays all the Hebrew, Aramaic, and Greek words of the Bible in the Masoretic Hebrew Text and the Received Greek Text, with literal, accurate English meanings placed directly under each original word in interlinear form, with Strong's Concordance numbers over each original word, enabling the Bible student (whether knowing the original languages or not) to refer to all lexicons and concordances that have also been coded with Strong's

numbers. 2,936 pages, bound in a bonded leather over boards hardback edition. This new edition has been much improved by a new typesetting of the New Testament (Volume IV), with larger print, the left marginal column containing a newly revised Literal Translation of the Bible (2000), and a right marginal column containing the Authorized/King James Version (1769). The three volume Old Testament is an exact reprint of the 1985 Hendrickson Publishers Edition but in larger print. The Old Testament does not yet have the 1769 King James Version. The only complete Interlinear Bible is now fully keyed to Strong's Concordance numbers. The Strong's numbering above each Hebrew and Greek word - along with the Interlinear text and marginal literal English Translation and the 1769 Authorized King James Version - opens a treasure house of Bible study possibilities for those who wish to understand the Scripture better. It's use will allow the novice student to

read the original text without losing valuable time to look up the meaning of the Hebrew & Greek words in the Hebrew & Greek lexicons. There is no substitute for a first hand knowledge of the original text. However since only a small minority of Bible students retain an easy reading comprehension of the original text, the Interlinear Bible is a welcome aid to Bible students, laymen, and pastors who wish to continue working with the original languages.

*Herodotus, Histories, Book V -*

Philip S. Peek 2018-10-04

History begins with Herodotus (485–425 b.c.e.). Born in Halikarnassos, a gateway between the Greek and Persian worlds, Herodotus in his Histories narrates the great historical struggle between the Persian Empire and the Greek-speaking city-states at the dawn of the classical era.

Herodotus does not merely list events or tell tales; his history inquires into the causes of events and casts its net wide to include ethnography and legend as well as political and military history. Book V of the Histories focuses on the Persians and their expansion into Thrakia and Makedonia, as well as their conflict with the Greeks of Ionia. Beginning in the timeless legends of prehistory, Herodotus discusses the customs of the Thracians, offers insight into Sparta's mindset, and narrates the struggle to restore democracy at Athens after the reign of the tyrant Peisistratos. The narrative of Book V sprawls over Asia, Africa, and Europe, naming more than 350

people and places. The reader will find in Herodotus a literate, keenly observant, wide-ranging guide to a time when Persia ruled 40 percent of the world's population and was confronted by an uneasy and fragile alliance of Greek city-states. In his introduction to the text and commentary, author Philip S. Peek outlines a process by which students of ancient Greek can develop translation and reading skills. For students' convenience, Peek pairs the Greek text with the commentary and includes in the book's appendices a case and function chart, an explanation of infinitives, a summary of the subjunctive and optative moods, a list of parsing terms, and a list of the 500 most commonly occurring Greek words. A comprehensive glossary rounds out the volume. As further aids to students, running vocabulary for each text section and a generalized list of the principal parts of verbs can be downloaded from [oupres.com](http://oupres.com).

*Under Construction* - Freek Colombijn 2013-11-29  
Colombijn examines the social changes in Indonesian cities during the process of decolonization. That process had major repercussions for urban society. These social changes are studied from the angle of urban space in general, and the provision of housing in particular. This provides fresh insight into how people experienced decolonization. Published in cooperation with the Netherlands Institute of War Documentation (NIOD). Originally published with imprint KITLV (ISBN 9789067182911).
