Social and Political Thought of Julius Evola - Paul Furlong 2011-04-21

Julius Evola's writing covered a vast range of subjects, from a distinctive and categorical ideological outlook and has been extremely influential on a significant number of extreme right thinkers, activists and organisations. This book is the first full length study in English to present his political thought to a wider audience, beyond that of his followers and sympathisers, and to bring into the open the study of a neglected strand of contemporary Western thought, that of traditionalism. Evola deserves more attention because he is an influential writer. His following comes from an important if largely ignored political movement: activists and commentators whose political positions are, like his, avowedly traditionalist, authoritarian, anti-modern, anti-democratic and anti-liberal. With honourable exceptions, contemporary academic

study tends to treat these groups as a minority within a minority, a sub-species of Fascism, from whom they are held to derive their ideas and their support. This work seeks to bring out more clearly the complexity of Evola's post-war strategy, so as to explain how he can be adopted both by the neo-fascist groups committed to violence, and by groups such as the European New Right whose approach is more aimed at influence from within liberal democracies.

Furlong also recognises the relevance of Evola's ideas to anti-globalisation arguments, including a re-examination of his arguments for detachment and spontaneism (apolitia).

[In It for the Long Run](#) - Vanessa Stroud

2012-09-27

Multiple races of marathon distance or greater in a month...or perhaps in a weekend. Several unsupported runs of 50 and 100 miles through the mountains and forests several times a year. Have you ever considered running through a desert, across a frozen tundra or over multiple

mountain ranges? Why not run for three days straight to see how many miles you can accrue? Welcome to a place where no locale is too inhospitable and no distance impossible. Welcome...to the Darkside. The Darkside Running Club, established in 2002 is a place where runners meet to express their love for distance running and camaraderie by spending countless hours and miles committed to doing what they enjoy most. They share a singular focus towards achieving goals far off in the distance, both literally and figuratively. With their dedication and commitment you may believe the Darksider to be a professional athlete, or perhaps an Olympian. But you would be wrong: they are simply ordinary people doing extraordinary things in the sport they love: running. Highly competitive while never taking themselves too seriously, they strive to shave off minutes or perhaps hours while adding a mile or two...or twenty while pushing their limits further and further. The impossible becomes possible;

dreams become reality. They won't take no for an answer as they persevere to move beyond physical and emotional discomfort to finish what they started. Excuses don't exist. Their passion is contagious. So reader be warned: they're in it for the long run.

Research Anthology on Inclusivity and Equity for the LGBTQ+ Community -

Management Association, Information Resources
2021-09-24

For many decades, the LGBTQ+ community has been plagued by strife and human rights violations. Members of the LGBTQ+ community were often denied a right to marriage,

healthcare, and in some parts of the world, a right to life. While these struggles are steadily improving in recent years, disparities and discrimination still remain from the workplace to the healthcare that this community receives. There is still much that needs to be done globally to achieve inclusivity and equity for the LGBTQ+ community. The Research Anthology on Inclusivity and Equity for the LGBTQ+ Community is a comprehensive compendium that analyzes the struggles and accomplishments of the LGBTQ+ community with a focus on the current climate around the world and the continued impact to these individuals. Multiple settings are discussed within this dynamic anthology such as education, healthcare, online communities, and more. Covering topics such as gender, homophobia, and queer theory, this text is essential for scholars of gender theory, faculty of both K-12 and higher education, professors, pre-service teachers, students, human rights activists, community leaders, policymakers,

researchers, and academicians.

Music and Ultra-modernism in France - Barbara
L. Kelly 2013

Music and Ultra-Modernism in France examines the priorities of three generational groupings: the pre-war Soci t Musicale Ind pendente of Ravel and his circle, Les Six in the 1920s and Jeune France in 1936, and questions some of the stereotypes that characterise that period. It shows how Stravinsky worked closely with Ravel, Satie and Poulenc, inviting audiences and critics to rethink what it meant to be modern, and how Emile Vuillermoz, L on Vallas and Henry Pruni res competed to shape Debussy's legacy. The book argues for the vitality of French music in the period 1913-39 and challenges the received view that the period and its musical culture lacked dynamism, innovation or serious musical debate.

The War on Women in Israel - Elana Maryles
Sztokman 2014-09-16

THIS EYE-OPENING LOOK AT THE RISING OPPRESSION OF ISRAELI WOMEN OFFERS A RALLYING CRY FOR HOW WOMEN EVERYWHERE CAN FIGHT BACK. ACROSS ISRAEL-one of the world's most democratic countries-women are being threatened and abused as ultra-Orthodox Jewish factions seek to suppress them. In this stunning exposé, award-winning author and leading Jewish women's activist Elana Sztokman reveals the struggles of Israeli women against this increasing oppression, from segregation on public buses-in a move Hillary Clinton called "reminiscent of Rosa Parks"-to being silenced in schools and erased from newspapers and ads. This alarming patriarchal backlash isn't limited to Israel either: its repercussions endanger the rights and

freedoms of women from Afghanistan to America. But there's hope as well: courageous feminist activists within the Orthodox world are starting to demand systemic change on these fronts, and, with some support from non-Orthodox advocates, they're creating positive reforms that could help women everywhere. Blending interviews with original investigative research and historical context, Sztokman traces the evolution of this struggle against oppression and proposes solutions for creating a different, more egalitarian vision of religious culture and opportunity in Israeli society and around the world. Fearless and inspiring, *The War on Women in Israel* brings to light a major social and international issue and offers a rousing call to action to stop the repression of women in Israel and worldwide.

Activation of Energy - Pierre Teilhard de Chardin 1972-10-18

The renowned Jesuit thinker explores science, theology, and the course of human evolution. Following in the footsteps of his earlier works, this collection of essays from Pierre Teilhard de Chardin brings greater clarity to the stunning potential of human energy if it is properly channeled, as he describes, "upward and outward." While energy wrongly directed appears as depression, drug addiction, and violence, this legendary scholar—a priest who earned a doctorate in geology and studied the sciences extensively—promises that spiritual

energy channeled correctly will become a true force in the universe, far outdistancing the potential of technological advance. "Like other great visionary poets—Blake, Hopkins, Yeats—Teilhard engages the reader both intellectually and sensually." —The Washington Post Book World

theological, philosophical, scientific, social, and psychological matters, plans for and fragments of works, and many other items of great interest. This fourth double volume of the Notebooks covers the years 1819 through 1826. The range of Coleridge's reading, his endless questioning,

and his recondite sources continue to fascinate the readers. Included here are drafts and full versions of the later poems. Many passages reflect the technological interests that led to Coleridge's writing of *Aids of Reflection*, later to become an important source for the Transcendentalists. Another development in this volume is the startling expansion of Coleridge's interest in "the theory of life" and in chemistry--the laboratory chemistry of the Royal Institution of Great Britain and the theoretical chemistry of German transcendentalists such as Oersted, Steffens, and Oersted. Also contained in this volume is an important section on the meaning of marriage. Kathleen Coburn is Professor Emeritus at Victoria College of the University of Toronto. Merton Christensen was Professor of English at the University of Delaware. Bollingen Series L:4. Originally published in 1990. Die Betreuung Schwerkranker und Sterbender in Bayerischen Jüdischen Gemeinden heute - Michael Petery 2017-08-21

Wie kann eine kleine gesellschaftliche Gruppe mit einer übergroßen Anzahl schwerkranker und sterbender Mitglieder umgehen? Das ist die Herausforderung, vor der viele jüdische Gemeinden heute stehen. Seit den 90er Jahren

haben sich durch die Kontingentflüchtlinge die Mitgliederzahlen jüdischer Gemeinden teilweise mehr als verzehnfacht. Viele Zuwanderer aus der GUS brachten gesundheitliche und psychische Vorbelastungen mit. Die Sterberate in den Gemeinden übertrifft die Geburtenrate um ein Vielfaches. Wie gehen die Gemeinden mit dieser Herausforderung um? In dieser qualitativen Studie konnte in Bayern zum ersten Mal wissenschaftlich untersucht werden, welche Bedürfnisse erkrankte Gemeindemitglieder haben, welche Angebote die Gemeinden zur Verfügung stellen, welche Problemfelder sich ergeben und wie mit diesen Problemen umgegangen wird. Aus diesen Erkenntnissen ergeben sich klinische und pflegerische Konsequenzen, die für unsere alternde Gesellschaft insgesamt von Bedeutung sind. *New York Magazine* - 1991-11-04

Coleridge Notebooks V4 Notes - Kathleen Coburn 2019-09-25

First published in 2002. Volume 4 of the Notes on the Notebooks of Samuel Taylor Coleridge, spanning from 1819 to 1826. The volume is in two parts, text and notes. During his adult life until his death in 1834, Coleridge made entries in more than sixty notebooks. Neither commonplace books nor diaries, but something of both, they contain notes on literary, theological, philosophical, scientific, social and psychological matters, plans for and fragments of works and many other items of great interest. Shortly after World War II, Kathleen Coburn, formerly of Victoria College in Toronto, rediscovered this great collection of unpublished manuscripts. With the support of the Coleridge estate, she embarked on a career of editing and publishing these volumes and was awarded with

many honours for her work, including: a Leverhulme Award (1948), a Guggenheim Fellowship (1953), a Fellowship in the Royal Society of Canada (1958), the Order of Canada (1974) and an honorary doctorate from her own university. Originally projected as a five volume set (each volume consisting of a book of text and a book of notes).

Love First - Don McLaughlin 2017-08-08

This is not just a book to inspire more love; it's a revolutionary call to love better. "A terrible virus has spread across the planet and turned the human race into bloodthirsty monsters. Mankind's only hope for survival is . . ." Originally part of the tagline for the sci-fi thriller, I Am Legend, these lines describe the undercurrent of unrest and turbulence in our world. The virus we face is hate—an epidemic infecting social media, politics, neighborhoods, and homes. Communities of believers, which should be clinics with the cure, are instead suspected of being primary carriers of the virus.

But there is hope. Hate, even in its most nefarious forms, is no match for the matchless love modeled by Jesus. Love is his cure for the sick and dying world. Historians, sociologists, and theologians agree that we are experiencing the most fundamental changes in global society in the last five hundred years. And while the church has a lofty vision and mighty power, we are disastrously unprepared. This book presents an understandable, practical, and doable approach to loving others with such clarity and conviction that the world will truly know the God who loves us first.

Stanley Kubrick - Nathan Abrams 2018-04-19

Stanley Kubrick is generally acknowledged as one of the world's great directors. Yet few critics or scholars have considered how he emerged from a unique and vibrant cultural milieu: the

New York Jewish intelligentsia. Stanley Kubrick reexamines the director's work in context of his ethnic and cultural origins. Focusing on several of Kubrick's key themes—including masculinity, ethical responsibility, and the nature of evil—it demonstrates how his films were in conversation with contemporary New York Jewish intellectuals who grappled with the same concerns. At the same time, it explores Kubrick's fraught relationship with his Jewish identity and his reluctance to be pegged as an ethnic director, manifest in his removal of Jewish references and characters from stories he adapted. As he digs deep into rare Kubrick archives to reveal insights about the director's life and times, film scholar Nathan Abrams also provides a nuanced account of Kubrick's cinematic artistry. Each chapter offers a detailed analysis of one of Kubrick's major films, including *Lolita*, *Dr. Strangelove*, *2001*, *A Clockwork Orange*, *Barry Lyndon*, *The Shining*, *Full Metal Jacket*, and *Eyes Wide Shut*. Stanley

Kubrick thus presents an illuminating look at one of the twentieth century's most renowned and yet misunderstood directors.
