**Mia & Korum** - Anna Zaires 2019-09

All'inizio era il suo nemico... e poi è diventato tutto per lei. Come la maggior parte degli umani, la studentessa della New York University, Mia Stalis, sa poco degli splendidi e misteriosi invasori, che hanno conquistato la Terra. Le voci su di loro abbondano: sulla loro forza e velocità impossibili, sulle loro intenzioni verso il pianeta... sulle loro tendenze vampiresche. Niente di tutto ciò preoccupa la ragazza, però—fino a quando non attira l'attenzione di Korum. Potente e incredibilmente seducente, il leader Krinar farà di tutto per possederla—e nessuna legge umana potrà fermarlo. Impotente davanti all'attrazione che prova verso il suo magnetico rapitore, Mia è immersa nel pericoloso mondo segreto dei K ed è costretta a scegliere tra verità e bugie, la sua gente e il suo amante... la sua libertà e il suo cuore. NOTA: Questa è la trilogia completa Le Cronache dei Krinar, che contiene Relazioni Intime, Ossessioni Intime e Ricordi Intimi.

*An Extraordinary Year of Ordinary Days* - Susan Wittig Albert 2010-09-15  
"In An Extraordinary Year of Ordinary Days, best-selling mystery novelist Susan Wittig Albert invites us to revisit one of the most tumultuous years in recent memory, 2008, through the lens of 365 ordinary days in which her reading, writing, and thinking about issues in the wider world--from wars and economic recession to climate change--caused her to reconsider and reshape daily practices in her personal life. Albert's journal provides an engaging account of how the business of being a successful working writer blends with her rural life in the Texas Hill Country and the Sangre de Cristo Mountains of New Mexico. As her eclectic daily reading ranges across topics from economics, food production, and oil and energy policy to poetry, place, and the writing life, Albert becomes increasingly concerned about the natural world and the threats facing it, especially climate change and resource depletion. Asking herself, 'What does it mean? And what should I do about it', she determines practical steps to take, such as growing more food in her garden, and also helps us to readers make sense of these issues and consider what our own responses might be. A thoughtful and

thought-provoking 'book of days,' amplified with reading lists and quotations from a wide diversity of writers, *An Extraordinary Year of Ordinary Days* is a must-have addition for everyone's collection of writers' journals"--Cover, p. 4.
